Standard Choice Offer Commodity Service

1. Description

Standard Choice Offer ("SCO") commodity service is provided by competitive retail natural gas ("CRNG") suppliers participating in Dominion East Ohio's ("East Ohio") Energy Choice program pursuant to the June 18, 2008 Opinion and Order issued by the Public Utilities Commission of Ohio ("PUCO") in Case No. 07-1224-GA-EXM. SCO commodity service is rendered in conjunction with East Ohio's Energy Choice Transportation Service – Residential ("ECTS-R"), Energy Choice Transportation Service – Nonresidential ("ECTS-NR"), and Large Volume Energy Choice Transportation Service ("LVECTS") rate schedules.

2. Price

The price for SCO commodity service equals the New York Mercantile Exchange ("NYMEX") settlement price for the prompt month natural gas contract on the final day of trading for each month plus a Retail Price Adjustment of \$1.20 per Mcf as approved by the February 11, 2010 Entry issued by the PUCO in Case No. 07-1224-GA-EXM. The amount billed for SCO commodity service will also include the applicable Ohio sales and use tax for those Customers not exempted from the payment of that tax.

3. Applicability

Provided they are eligible to receive service under the ECTS-R, ECTS-NR, and LVECTS rate schedules, SCO commodity service will be provided to the following Customers ("Choice-eligible Customers"):

- a) Customers assigned to a CRNG supplier in accordance with the February 9, 2010 auction conducted to establish SCO pricing and to determine suppliers for those Choice-eligible Customers receiving Standard Service Offer ("SSO") or SCO commodity service as of the March 2010 billing period.
- b) New Customers assigned to a CRNG supplier after having received SSO service for up to two consecutive billing periods. New Customers include Customers (i) establishing service with East Ohio for the first time, (ii) relocating within East Ohio's service territory and whose Energy Choice or government aggregation agreement is not portable, and (iii) restoring service more than ten days after being disconnected for non-payment.
- c) Customers assigned to a CRNG supplier after having received SSO service for up to two consecutive billing periods following termination of their opt-out governmental aggregation program.

- d) Customers assigned to a CRNG supplier after having received SSO service for up to two consecutive billing periods following termination of their Energy Choice or opt-in governmental aggregation program only if such Customers elect to be assigned to SCO commodity service; otherwise, such Customers shall be assigned to a CRNG supplier that has agreed to accept Customers at the supplier's posted monthly variable rate ("MVR").

4. Other Terms and Conditions

- 4.1 SCO commodity service will be billed by East Ohio in conjunction with charges for service under the ECTS-R, ECTS-NR, or LVECTS rate schedules.
- 4.2 Customers may cease receiving SCO commodity service at any time at no additional charge from East Ohio or the SCO supplier by enrolling with a CRNG supplier in accordance with standard Energy Choice enrollment provisions or participating in an opt-out governmental aggregation program.
- 4.3 Customers assigned to SCO commodity service may not select their SCO supplier. SCO commodity service shall be provided by the Customer's assigned CRNG supplier through the March 2011 billing period unless the Customer enrolls with a CRNG supplier, participates in an opt-out governmental aggregation program, or becomes ineligible to receive SCO commodity service prior to the March 2011 billing period.

Monthly Variable Rate Commodity Service

1. Description

Monthly Variable Rate ("MVR") commodity service is provided by competitive retail natural gas ("CRNG") suppliers participating in Dominion East Ohio's ("East Ohio") Energy Choice program pursuant to the June 18, 2008 Opinion and Order issued by the Public Utilities Commission of Ohio ("PUCO") in Case No. 07-1224-GA-EXM. The MVR price shall be denominated as the rate per Mcf of Customer usage.

3. Applicability

Provided they are eligible to receive service under the ECTS-R, ECTS-NR, and LVECTS rate schedules, MVR commodity service will be provided to Customers assigned to a CRNG supplier after having received SSO service for up to two consecutive billing periods following termination of their Energy Choice or opt-in governmental aggregation program, unless such Customers elect to receive SCO commodity service.
