COMMENT DESCRIPTION:

I am very irritated by the PUCO decision to delay expert testimony, in the all-electric discount issue (Case 10-176), until Jan 7, 2011. There appears to be a double standard when it takes the PUCO 5 months to rule on the OCC's proposal and less than one day to rule on the associated First Enery's motion to delay. Any more delays will only support my feelings of the PUCO's double standard.
