Re: First Energy Case #10-176-EL-ATA

RECEIVED NOV 22 2010

Dear Commissioners,

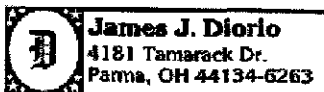

I worked for the Cleveland Electric Illuminating company for 37 years, building the high voltage substations. I used to get a 35% employee discount until First Energy took it away. Now they want to eliminate the all electric home discount. I was loyal to the company and purchased a all electric home because of the discounted rates. I've lived in this house for 37 years, raised a family and presently retired. We were all led to believe that the all-electric discount would be permanent. Large corporations now days change their minds like the clouds coming over my house!! In 1968 when my wife and I were married we lived in a one bedroom apartment in Parma. The month of December in 1968 my bill with my 35% employee discount was 75¢ and they actually read the meter back in those days!

Attached is a copy of my bill in 1968 with my 35% employee discount. Thank you for the respect Illuminating Co. Shame on you First Energy!

Thank you respect fully,

Sincerely,

James J. Diorio
