PUCO,

We have just heard of the change in the new regulations for commercial truck rated at 10,000 to 26,000 lbs. We are very much against this new change and do not have adequate time to prepare before the enforcement date of Jan. 2011. Our company values safety, but these rules are excessive. And in the state of the economy, these new regulations will be harmful to the running and growth of our business.

Thank You,

Mark A. Bailey
