**DEFINITIONS**

Certain terms used generally throughout this tariff are defined below.

**Advance Payment:** Part or all of a payment required before the start of service.

**Bit:** The smallest unit of information in the binary system of notation.

**Call Forwarding:**

**Call Forwarding Variable:** Allows subscribers to redirect all incoming calls to another telephone number.

**Call Forwarding Busy Line:** Automatically redirects incoming calls to a pre-designated telephone number/service outside the subscriber's telephone system when the line is busy. The subscriber selects the forward-to telephone number at time of service installation and can only be changed by a service order.

**Call Forwarding Don't Answer:** Allows incoming calls to be automatically routed to a preselected station line or attendant in the same system or outside the system, when the called station is not answered after a preset number of rings. Intercom calls can be arranged to be forwarded to a different number different from DID calls. The subscriber selects the forward-to telephone number at time of service installation and can only be changed by a service order.

**Call Transfer:** Allows a station line user to transfer any established call to another station line inside or outside the Subscriber group without the assistance of the attendant.

**Call Waiting:** Permits a line in the talking state to be alerted by a tone when another call is attempting to complete to the line. Audible ringing is returned to the originating line. The Service also provides a hold feature that is activated by a switchhook flash.

**DEFINITIONS**

**Communication Services:** The Company's intrastate toll and local exchange switched telephone services offered for both intraLATA and interLATA use.

**Company:** Cinergy Telecommunication Networks - Ohio, Inc., the issuer of this tariff.

**Subscriber:** The person, firm, or corporation that orders service and is responsible for the payment of charges and compliance with the Company's regulations.

**DID Trunk:** A form of local switched access that provides the ability for an outside party to call an internal extension directly without the intervention of the company operator.

**Direct Outward Dial (or "DOD"):** A service attribute that allows individual station users to access and dial outside numbers directly.

**DSX-1 Panel:** Distribution equipment used to terminate and administer DS1 (1.544 Mbps) circuits.

**Dual Tone Multi-Frequency (or "DTMF"):** The pulse type employed by tone dial station sets.

**Duplex Service:** Service that provides for simultaneous transmission in both directions.

**Fiber Optic Cable:** A thin filament of glass with a protective outer coating through which a light beam carrying communications signals may be transmitted by means of multiple internal reflections to a receiver, which translates the message.

**Hunting:** Routes a call to an idle station line in a prearranged group when the called station line is busy.

**In-Only:** A service attribute that restricts outward dial access and routes incoming calls to a designated answer point.

**Joint User:** A person, firm or corporation that is designated by the Subscriber as a user of services furnished to the Subscriber by the Company and to whom a portion of the charges for the service will be billed under a joint user arrangement as specified herein.

**DEFINITIONS**

**Kbps**: Kilobits per second, denotes thousands of bits per second.

**Last Number Redial**: Enables a station line user to redial the last called number by use of an access code rather than dialing the entire number.

**LATA**: A Local Access and Transport Area established pursuant to the Modification of Final Judgment entered by the United States District Court for the District of Columbia in Civil Action No. 82-0192; or any other geographic area designated as a LATA in the National Exchange Carrier Association, Inc. Tariff F.C.C. No. 4.

**Local Exchange Carrier or ("LEC")**: Denotes any individual, partnership, association, joint-stock company, trust or corporation engaged in providing switched communication within an exchange.

**Mbps**: Megabits, denotes millions of bits per second.

**Multi-Frequency or ("MF")**: An inter-machine pulse-type used for signaling between telephone switches, or between telephone switches and PBX/key systems.

**Recurring Charges**: The monthly charges to the Subscriber for services, facilities and equipment, that continue for the agreed upon duration of the service.

**Service Commencement Date**: The first day following the date on which the Company notifies the Subscriber that the requested service or facility is available for use, unless extended by the Subscriber's refusal to accept service that does not conform to standards set forth in the Service Order or this tariff, in which case the Service Commencement Date is the date of the Subscriber's acceptance. The Company and Subscriber may mutually agree on a substitute Service Commencement Date.

**Service Order**: The written request for Network Services executed by the Subscriber and the Company in the format devised by the Company. The signing of a Service Order by the Subscriber and acceptance by the Company initiates the respective obligations of the parties as set forth therein and pursuant to this tariff, but the duration of the service is calculated from the Service Commencement Date.

**DEFINITIONS**

**Shared:** A facility or equipment system or subsystem that can be used simultaneously by several Subscribers.

**Speed Dialing:** Permits a subscriber to dial from 8 to 32 selected numbers by using fewer digits than normally required. This is accomplished through the assignment of abbreviated codes to frequently called numbers. The speed calling list is subscriber-changeable.

**Subscriber:** The person, firm or corporation that orders service and is responsible for the payment of charges and compliance with the Company's regulations. Same as Subscriber.

**Three-Way Conference Calling:** Allows a subscriber to add a third party to an existing conversation.

**Two Way:** A service attribute that includes outward dial capabilities for outbound calls and can also be used to carry inbound calls to a central point for further processing.

**User or End User:** A Subscriber, Joint User, or any other person authorized by a Subscriber to use service provided under this tariff.

**REGULATIONS**

**2.1 Scope**

The Company undertakes to furnish communications service pursuant to the terms of this tariff in connection with one-way and/or two-way information transmission between points within the State of Ohio. The Company may offer these services over its own or resold facilities

Subscribers and users may use services and facilities provided under this tariff to obtain access to services offered by other service providers. The Company is responsible under this tariff only for the services and facilities provided hereunder, and it assumes no responsibility for any service provided by any other entity that purchases access to the Company network in order to originate or terminate its own services, or to communicate with its own Subscribers.

The Company may act as the Subscriber's agent for ordering access connection facilities provided by other carriers or entities as required in the Commission's rules and orders, when authorized by the Subscriber, to allow connection of a Subscriber's location to the Company network. The Subscriber shall be responsible for all charges due for such service arrangements.

**REGULATIONS**

**2.2 Terms and Conditions**

- (A) Service is provided on the basis of a minimum period of at least one-month, 24-hours per day. For the purpose of computing charges in this tariff, a month is considered to have 30 days.
- (B) Subscribers may be required to enter into written service orders which shall contain or reference a specific description of the service ordered, the rates to be charged, the duration of the services, and the terms and conditions in this tariff. Subscribers will also be required to execute any other documents as may be reasonably requested by the Company.
- (C) At the expiration of the initial term specified in each Service Order, or in any extension thereof, service shall continue on a month-to-month basis at the then current rates unless terminated by either party upon 30 days' written notice. Any termination shall not relieve the Subscriber of its obligation to pay any charges incurred under the service order and this tariff prior to termination. The rights and obligations that by their nature extend beyond the termination of the term of the service order shall survive such termination.
- (D) In any action between the parties to enforce any provision of this tariff, the prevailing party shall be entitled to recover its legal fees and court costs from the non-prevailing party in addition to other relief a court may award.
- (E) This tariff shall be interpreted and governed by the laws of the State of Ohio regardless of its choice of laws provision.
- (F) Ameritech, Cincinnati Bell, Sprint, Verizon, or any other ILEC and their affiliated local telephone companies must not interfere with the right of any person or entity to obtain service directly from the Company. No person or entity shall be required to make any payment, incur any penalty, monetary or otherwise, or purchase any services in order to have the right to obtain service directly from the Company.
- (G) To the extent that services and facilities are available to the Company, the Company shall make them available to the customer.

**REGULATIONS**

**2.3 Notices and Communications**

- (A) The Subscriber shall designate on the Service Order an address to which the Company shall mail or deliver all notices and other communications, except that the Subscriber may also designate a separate address to which the Company's bills for service shall be mailed.
- (B) The Company shall designate on the Service Order an address to which the Subscriber shall mail or deliver all notices and other communications, except that Company may designate a separate address on each bill for service to which the Subscriber shall mail payment on that bill.
- (C) All notices or other communications required to be given pursuant to this tariff will be in writing. Notices and other communications of either party, and all bills mailed by the Company, shall be presumed to have been delivered to the other party on the third business day following placement of the notice, communication or bill with the U.S. Mail or a private delivery service, prepaid and properly addressed, or when actually received or refused by the addressee, whichever occurs first.
- (D) The Company or the Subscriber shall advise the other party of any changes to the addresses designated for notices, other communications or billing, by following the procedures for giving notice set forth herein.

**REGULATIONS**

**2.4 Limitations**

- (A) Service is offered subject to the availability of the necessary facilities and equipment, and subject to the provisions of this tariff.
- (B) The Company does not undertake to transmit messages, but offers the use of its facilities when available, and will not be liable for errors in transmission or for failure to establish connections.

**2.5 Assignments and Transfers**

- (A) The Company directly controls all facilities provided under this tariff and the Subscriber may not transfer or assign the use of service or facilities without the express written consent of the Company. Such transfer or assignment shall only apply where there is no interruption of the use or location of the services or facilities.
- (B) Prior written permission from the Company is required before any assignment or transfer. All regulations and conditions contained in this tariff shall apply to all such permitted assignees or transferees, as well as all conditions of service.

**REGULATIONS**

**2.6 Prohibited Uses**

- (A) The services the Company offers shall not be used for any unlawful purpose or for any use as to which the Subscriber has not obtained all required governmental approvals, authorizations, licenses, consents and permits.
- (B) The Company may require applicants for service who intend to use the Company's offerings for resale and/or for shared use to file a letter with the Company confirming that their use of the Company's offerings complies with relevant laws Ohio Regulatory Authority regulations, policies, orders, and decisions.
- (C) The Company may require a Subscriber to immediately shut down its transmission of signals if said transmission is causing interference to others.

**2.7 Liability of the Company**

- (A) The liability of the Company for damages arising out of the furnishing of its Services, including but not limited to mistakes, omissions, interruptions, delays, or errors, or other defects, representations, or use of these services or arising out of the failure to furnish the service, whether caused by acts or omission, shall be limited to the extension of allowances for interruption as set forth in Section 2.25. The extension of such allowances for interruption shall be the sole remedy of the Subscriber and the sole liability of the Company. The Company will not be liable for any direct, indirect, incidental, special, consequential, exemplary or punitive damages to Subscriber as a result of any Company service, equipment or facilities, or the acts or omissions or negligence of the Company's employees or agents.
- (B) The Company shall not be liable for any delay or failure of performance or equipment due to causes beyond its control, including but not limited to: acts of God, fire, flood, explosion or other catastrophes; any law, order, regulation, direction, action, or request of the United States Government, or of any other government, including state and local governments having or claiming jurisdiction over the Company, or of any department, agency, commission, bureau, corporation, or other instrumentality of any one or more of these federal, state, or local governments, or of any civil or military authority; national emergencies; insurrections; riots; wars; unavailability of rights-of-way or materials; or strikes, lock-outs, work stoppages, or other labor difficulties.

**2.8 Obligations of the Subscriber**

The Subscriber shall be responsible for:

- (A) the payment of all applicable charges pursuant to this tariff;
- (B) damage to or loss of the Company's facilities or equipment caused by the acts or omissions of the Subscriber; or the noncompliance by the Subscriber, with these regulations; or by fire or theft or other casualty on the Subscriber Premises, unless caused by the negligence or willful misconduct of the employees or agents of the Company;
- (C) providing at no charge, as specified from time to time by the Company, any needed personnel, equipment space and power to operate Company facilities and equipment installed on the premises of the Subscriber, and the level of heating and air conditioning necessary to maintain the proper operating environment on such premises;
- (D) obtaining, maintaining, and otherwise having full responsibility for all rights-of-way and conduits necessary for installation of fiber optic cable and associated equipment used to provide Communication Services to the Subscriber from the cable building entrance or property line to the location of the equipment space. Any and all costs associated with obtaining and maintaining the rights-of-way described herein, including the costs of altering the structure to permit installation of the Company-provided facilities, shall be borne entirely by, or may be charged by the Company to, the Subscriber. The Company may require the Subscriber to demonstrate its compliance with this section prior to accepting an order for service;
- (E) providing a safe place to work and complying with all laws and regulations regarding the working conditions on the premises at which Company employees and agents shall be installing or maintaining the Company's facilities and equipment. The Subscriber may be required to install and maintain Company facilities and equipment within a hazardous area if, in the Company's opinion, injury or damage to the Company's employees or property might result from installation or maintenance by the Company. The Subscriber shall be responsible for identifying, monitoring, removing and disposing of any hazardous material (e.g. friable asbestos) prior to any construction or installation work;

**2.8 Obligations of the Subscriber (Cont.)**

- (F) Complying with all laws and regulations applicable to, and obtaining all consents, approvals, licenses and permits as may be required with respect to, the location of Company facilities and equipment in any Subscriber premises or the rights-of-way for which Subscriber is responsible under Section 2.8 (D); and granting or obtaining permission for Company agents or employees to enter the premises of the Subscriber at any time for the purpose of installing, inspecting, maintaining, repairing, or upon termination of service as stated herein, removing the facilities or equipment of the Company;
- (G) Not creating, or allowing to be placed, any liens or other encumbrances on the Company's equipment or facilities; and
- (H) Making Company facilities and equipment available periodically for maintenance purposes at a time agreeable to both the Company and the Subscriber. No allowance will be made for the period during which service is interrupted for such purposes.

**2.9 Claims**

With respect to any service or facility provided by the Company, Subscribers shall indemnify, defend and hold harmless the Company from and against all claims, actions, damages, liabilities, costs and expenses, including reasonable attorneys' fees for:

- (A) Any loss, destruction or damage to the property of the Company or any third party, or death or injury to persons, including, but not limited to, employees or invitees of either party, to the extent caused by or resulting from the negligent or intentional act or omission of the Subscriber, its employees, agents, representatives or invitees; or
- (B) Any claim, loss, damage, expense or liability for infringement of any copyright, patent, trade secret, or any proprietary or intellectual property right of any third party, arising from any act or omission by the Subscriber, including, without limitation, use of the Company's services and facilities in a manner not contemplated by the agreement between the Subscriber and the Company.

**REGULATIONS**

**2.10 Installation**

- (A) Service is installed upon mutual agreement between the Subscriber and the Company. The service agreement does not alter rates specified in this tariff
- (B) Unless the customer requests a later installation time, the Company shall complete the installation of access line service within five business days after receipt of application when all pertinent tariff requirements have been met by the Applicant or Subscriber. In those instances where an Applicant or Subscriber provides at least five business days notice, such installation shall be made on the requested date. If installation cannot be performed within five business days, half of the non-recurring installation charges shall be waived. Furthermore, if initial service is not installed within fifteen business days, the Company shall attempt to provide some form of alternative service.

**2.11 Non-Routine Installation**

At the Subscriber's request, installation and/or maintenance may be performed outside the Company's regular business hours or in hazardous locations. In such cases, charges based on cost of the actual labor, material, or other costs incurred by or charged to the Company will apply. If installation is started during regular business hours but, at the Subscriber's request, extends beyond regular business hours into time periods including, but not limited to, weekends, holidays, and/or night hours, additional charges may apply.

**REGULATIONS**

**2.12 Special Construction**

Subject to the agreement of the Company and to all of the regulations contained in this tariff, special construction of facilities may be undertaken on a reasonable efforts basis at the request of the Subscriber. Special construction is that construction undertaken:

- (A) where facilities are not presently available, and there is no other requirement for the facilities so constructed;
- (B) of a type other than that which the Company would normally utilize in the furnishing of its services;
- (C) over a route other than that which the Company would normally utilize in the furnishing of its services;
- (D) in a quantity greater than that which the Company would normally construct;
- (E) on an expedited basis;
- (F) on a temporary basis until permanent facilities are available;
- (G) involving abnormal costs; or
- (H) in advance of its normal construction.

**2.13 Changes in Service Requested**

If the Subscriber makes or requests material changes in circuit engineering, equipment specifications, service parameters, premises locations, or otherwise materially modifies any provision of the application for service, the Subscriber's installation fee shall be adjusted accordingly.

**2.14 Provision of Equipment and Facilities**

- (A) The Company's facilities and service may be used with or terminated in Subscriber-provided terminal equipment or Subscriber-provided communications systems, such as a PBX, key systems or pay telephone. Such terminal equipment shall be furnished and maintained at the expense of the Subscriber, except as otherwise provided. The Subscriber is responsible for all cost at his or her premises, including personnel, wiring, electrical power, and the like, incurred in the use of the Company's service. The Subscriber is responsible for ensuring that Subscriber-provided equipment connected to Company equipment and facilities is compatible with such equipment and facilities.
- (B) The Company shall use reasonable efforts to maintain only the facilities and equipment that it furnishes to the Subscriber. The Subscriber may not, nor may the Subscriber permit others to, rearrange, disconnect, remove, attempt to repair, or otherwise interfere with any of the facilities or equipment installed by the Company, except upon the written consent of the Company.
- (C) The Company may substitute, change or rearrange any equipment or facility at any time and from time to time, but shall not thereby alter the technical parameters of the service provided the Subscriber.
- (D) Equipment the Company provides or installs at the Subscriber's premises for use in connection with the services the Company offers shall not be used for any purpose other than that for which it was provided by the Company.
- (E) The Subscriber shall be responsible for the payment of service charges as set forth herein for visits by the Company's agents or employees to the Premises of the Subscriber when the service difficulty or trouble report results from the use of equipment or facilities provided by any party other than the Company, including but not limited to the Subscriber.

**REGULATIONS**

**2.14 Provision of Equipment and Facilities, (cont.)**

(F) The Company shall not be responsible for the installation, operation, or maintenance of any Subscriber-provided communications equipment. Where such equipment is connected to the facilities furnished pursuant to this tariff, the responsibility of the Company shall be limited to the furnishing of facilities offered under this tariff and to the maintenance and operation of such facilities. Subject to this responsibility, the Company shall not be responsible for:

- (1) the transmission of signals by Subscriber-provided equipment or for the quality of, or defects in, such transmission; or
- (2) the reception of signals by Subscriber-provided equipment.

**2.15 Ownership of Equipment and Facilities**

Title to all equipment and facilities provided by the Company under this tariff shall remain in the Company's name or in the name of the carrier supplying the services and facilities being resold.

**2.16 Shortage of Equipment or Facilities**

- (A) The Company reserves the right to limit or to allocate the use of existing facilities, or of additional facilities offered by the Company, when necessary because of lack of facilities, or acts of God.
- (B) The furnishing of service under this tariff is subject to the availability on a continuing basis of all the necessary facilities and is limited to the capacity of the Company's facilities as well as facilities the Company may obtain from other carriers to furnish service from time to time as required at the sole discretion of the Company.

**REGULATIONS**

**2.17 Subscriber Equipment and Channels**

A User may transmit or receive information or signals via the facilities of the Company. The Company's services are designed primarily for the transmission of voice-grade telephonic signals, except as otherwise stated in this tariff. A User may transmit any form of signal that is compatible with the Company's equipment, but the Company does not guarantee that its services will be suitable for purposes other than voice-grade telephonic communication except as specifically stated in this tariff.

**2.18 Station Equipment**

- (A) Terminal equipment on the Subscriber's Premises and the electric power consumed by such equipment shall be provided by and maintained at the expense of the Subscriber. The Subscriber is responsible for the provision of wiring or cable to connect its terminal equipment to the Company Point of Connection.
- (B) The Subscriber is responsible for ensuring that Subscriber-provided equipment connected to Company equipment and facilities is compatible with such equipment and facilities. The magnitude and character of the voltages and currents impressed on Company-provided equipment and wiring by the connection, operation, or maintenance of such equipment and wiring shall be such as not to cause damage to the Company-provided equipment and wiring or injury to the Company's employees or to other persons. Any additional protective equipment required to prevent such damage or injury shall be provided by the Company at the Subscriber's expense.

**2.19 Inspections of Subscriber Equipment**

- (A) Upon suitable notification to the Subscriber, and at a reasonable time, the Company may make such tests and inspections as may be necessary to determine that the Subscriber is complying with the requirements set forth in Section 2.19(B) for the installation, operation, and maintenance of Subscriber-provided facilities, equipment, and wiring in the connection of Subscriber-provided facilities and equipment to Company-owned facilities and equipment.
- (B) If the protective requirements for Subscriber-provided equipment are not being complied with, the Company may take reasonable action to protect its facilities, equipment, and personnel. The Company will notify the Subscriber promptly if there is any need for further corrective action. Within ten days of receiving this notice, the Subscriber must take this corrective action and notify the Company of the action taken. If the Subscriber fails to do this, the Company may take additional reasonable action as necessary, including the suspension of service, to protect its facilities, equipment and personnel from harm.

**REGULATIONS**

**2.20 Inspection, Testing, and Adjustments**

Upon reasonable notice, the equipment and facilities provided by the Company shall be made available to the Company for test and adjustments as may be deemed necessary by the Company for maintenance. No interruption allowance will be granted for the time during which such tests and adjustments are made.

**2.21 Notification of Service-Affecting Activities**

The Company will provide the Subscriber reasonable notification of service-affecting activities that may occur in normal operation of its business. Such activities may include, but are not limited to, equipment or facilities additions, removals or rearrangements and routine preventative maintenance. Generally, such activities are not specific to an individual Subscriber but affect many Subscribers' services. No specific advance notification period is applicable to all service activities. The Company will work cooperatively with the Subscriber to determine the reasonable notification requirements. With some emergency or unplanned service-affecting conditions, such as an outage resulting from cable damage, notification to the Subscriber may not be possible.

**2.22 Interconnection of Facilities**

- (A) Communication Services may be connected to the services or facilities of other communications carriers only when authorized by, and in accordance with, the terms and conditions of the tariffs of the other communications carriers that are applicable to such connections. The Subscriber is responsible for all charges billed by those entities for use in connection with the Company's service.
- (B) Any special interface equipment necessary to achieve compatibility between the facilities and equipment of the Company used for furnishing Communication Services and the channels, facilities, or equipment of other Carriers or the Subscriber shall be provided at the Subscriber's expense.
- (C) Facilities furnished under this tariff may be connected to Subscriber-provided terminal equipment in accordance with the provisions of this tariff. All such terminal equipment shall be registered by the Federal Communications Commission pursuant to Part 68 of Title 47, Code of Federal Regulations; and all User-provided wiring shall be installed and maintained in compliance with those regulations.
- (D) Users may interconnect communications facilities that are used in whole or in part for interstate communications to services provided under this tariff only to the extent that the user is an "End User" as defined in Section 69.2(m), Title 47, Code of Federal Regulations (1992 edition).
- (E) Neither the Company nor any connecting carrier participating in a service shall be liable for any act or omission of any other company or companies furnishing a portion of such service.

**REGULATIONS**

**2.23 Access to Carrier of Choice**

Subject to an existing business arrangement between the Company and an interexchange service provider (IXC), Subscribers and End Users of the Company's local service shall have the right to select the IXC of their choice. The IXC should request confirmations/verifications of choice from its Subscribers no later than the date of submission of its first bill to the Subscriber. The Company will maintain signed letters of agency or confirmations of choice on file for use in dispute resolutions.

**REGULATIONS****2.25 Allowances for Interruptions in Service**

Interruptions in service that are not due to the negligence of, or noncompliance with the provisions of this tariff by, the Subscriber or the operation or malfunction of the facilities, power or equipment provided by the Subscriber, or a result of military action, wars, insurrections, riots, or strikes, or is extended by the Company's inability to gain access to the Subscriber's premises due to the Subscriber missing a repair appointment, will be credited to the Subscriber as set forth below for the part of the service that the interruption affects.

**Credit for Interruptions**

- (A) A credit allowance will be made when an interruption occurs because of a failure of any component furnished by the Company under this tariff. An interruption period begins when the Subscriber reports a service, facility or circuit to be interrupted and releases it for testing and repair. An interruption period ends when the service, facility or circuit is operative. If the Subscriber reports a service, facility or circuit to be inoperative but declines to release it for testing and repair, it is considered to be impaired, but not interrupted.
- (B) For calculating credit allowances, every month is considered to have 30 days. A credit allowance for fixed recurring fees only is applied on a pro rata basis against the rates specified hereunder and is dependent upon the length of the interruption. Only those facilities on the interrupted portion of the circuit will receive a credit.
- (C) A credit allowance will be given for interruptions of 30 minutes or more. Credit allowances shall be calculated as follows:

**Interruptions of 24 Hours or Less**

| <u>Length of Interruption</u>                 | <u>Interruption Period<br/>To Be Credited</u> |
|---|---|
| Less than 30 minutes                          | None  |
| 30 minutes up to but not<br>including 3 hours | 1/10 Day                                      |

**REGULATIONS**

**2.27 Payment for Service**

The Subscriber is responsible for the payment of all charges for facilities and services furnished by the Company to the Subscriber and to all Users authorized by the Subscriber, regardless of whether those services are used by the Subscriber itself or are resold to or shared with other persons. All charges due by Subscriber are payable to the Company or to any agency duly authorized to receive such payments. Terms of payment shall be according to the rules and regulations of the agency and subject to the rules of regulatory agencies, such as the Ohio Regulatory Authority.

Company billing invoices will be considered correct and binding upon the Subscriber if no written notice is received from the Subscriber. Adjustments to Subscriber's bills shall be made to the extent circumstances exist which reasonably indicate that such changes are appropriate. Upon receipt of a billing inquiry, charges involved in the disputed elements of the invoice will be temporarily suspended pending resolution of the dispute. The Subscriber, however, remains responsible for the timely payment of the non-disputed elements of the invoice.

**2.28 Taxes**

The Subscriber is responsible for payment of all state, local and e911 taxes, surcharges, utility fees or other similar fees (i.e. sales tax, municipal utilities tax) for which the end user is directly responsible. All applicable taxes are to be listed as separate line items in Subscriber's billing invoices and are not included in the quoted rates herein.

**2.29 Deposits**

- (A) To safeguard its interests, the Company may require a Subscriber to make a deposit to be held as a guarantee for the payment of charges. A deposit does not relieve the Subscriber of the responsibility for the prompt payment of bills within fourteen days from the date of postmark on the bill. The deposit will not exceed an amount equal to two-twelfths of the estimated total for all regulated local services provided by the Company for the ensuing twelve months, plus thirty percent of the monthly charges for local service.
- (B) When a service or facility is discontinued, the amount of a deposit, if any, will be applied to the Subscriber's account and any credit balance remaining will be refunded. Before the service or facility is discontinued, the Company may, at its option, return the deposit or credit it to the Subscriber's account.

**REGULATIONS**

**2.31 Service Implementation Charges**

Absent a promotional offering, service implementation charges will apply to new service order or to orders to change existing service. The charge will be a minimum of \$15.00 per order and a maximum of \$30.00 per order.

**2.32 Reconnection Charges**

A reconnection fee may be charged when service is re-established for Subscribers who have been disconnected for non-payment, and is payable at the time that the restoration of suspended service and facilities is arranged. The fee would be applied per occurrence, with a minimum fee of \$25.00 and a maximum fee of \$50.00.

**2.33 Returned Check Charges**

A \$25.00 (\$15.00 minimum up to a \$35.00 maximum) fee may be charged for each check returned for insufficient funds.

Any item submitted for direct payment (ACH) for which there are insufficient funds, shall be subject to a \$25.00 (\$15.00 minimum up to a \$35.00 maximum) service charge.

The Company may waive the returned check charge under appropriate circumstances.

**2.34 Late Payment Charges**

If any portion of the payment is received by the Company after the date due, or if any portion of the payment is received by the Company in funds that are not immediately available, then a late payment penalty shall be due to the Company. The late payment penalty shall be the portion of the payment not received by the date due, multiplied by the lesser of the highest percentage allowable by the Ohio Regulatory Authority or a late factor of 1.5% per month. A late payment penalty may be assessed only once on any bill for rendered services. The late payment penalty will be applied without discrimination.

**REGULATIONS**

**2.35 Billing and Collection of Charges**

- (A) Non-recurring charges are due and payable from the Subscriber within 30 days after the invoice date, unless otherwise agreed to in advance. If an application for residential telephone service is accepted, the Company shall offer the option of deferred payment arrangements on telephone installation charges. If the deferred option is chosen, the installation charges shall be spread over a period of three months.
- (B) The Company shall present invoices for Recurring Charges monthly to the Subscriber, in advance of the month in which service is provided, and Recurring Charges shall be due and payable within 30 days after the invoice date. When billing is based on Subscriber usage, charges will be billed monthly for the preceding billing periods.
- (C) When service does not begin on the first day of the month, or end on the last day of the month, the charge for the fraction of the month in which service was furnished will be calculated on a pro rata basis. For this purpose, every month is considered to have 30 days.
- (D) Billing of the Subscriber by the Company will begin on the Service Commencement Date, which is the first day following the date on which the Company notifies the Subscriber that the service or facility is available for use, except that the Service Commencement Date may be postponed by mutual agreement of the parties, or if the service or facility does not conform to standards set forth in this tariff or the Service Order. Billing accrues through and includes the day that the service, circuit, arrangement or component is discontinued.
- (E) If service is disconnected by the Company in accordance with Section 2.43 following and later restored, restoration of service will be subject to all applicable installation charges

**REGULATIONS**

**2.36 Operator Services Rules**

The Company will enforce the following operator service rules.

A provider of intrastate operator assisted communications services must:

- (1) identify itself at the time the end-user accesses its services;
- (2) upon request, quote all rates and charges for its services to the end-user accessing its system;
- (3) arrange to have posted in plain view at each telephone location which automatically accesses the operator service provider's network and where its services are made available to the public or transient end-users:
  - (a) the operator service provider's name and address;
  - (b) bill and service dispute calling information including the operator service provider's dispute resolution phone number;
  - (c) clear and specific instructions informing the end-user how to access a local exchange telephone company operator as an alternative available to the end-user; and
  - (d) notice concerning any and all amounts to be billed by the operator services provider on behalf of any host location or third party that will appear on the operator service provider's bill for services rendered.
- (4) in instances when the provider is unable to complete the call and it requires transfer to another telephone corporation that may affect the rates and charges applicable to the telephone bill, inform the caller of the transfer and its possible effect on the applicable rates and charges, before any charges are incurred; and
- (5) in the case of such transfer, the telephone corporation or provider to which the call is transferred shall identify itself and inform the caller of the transfer's effect on the applicable rates and charges, before any charges are incurred.

**REGULATIONS**

**2.37 Access to Telephone Relay Services**

Where required by the Commission, the Company will participate in telephone relay service for handicapped and/or hearing-impaired end users, and will comply with all regulations and requirements. The Company shall impose any monthly surcharge or any other related charge upon its local exchange telecommunications subscribers as may be required to state law.

**2.38 Universal Emergency Telephone Number Service (911, E911)**

- (A) This tariff does not provide for the inspection or constant monitoring of facilities to discover errors, defects, or malfunctions in the service, nor does the Company undertake such responsibility.
- (B) 911 Information consisting of the names, addresses and telephone numbers of all telephone Subscribers is confidential. The Company will release such information via the Data Management System only after a 911 call has been received, on a call by call basis, only for the purposes of responding to an emergency call in progress.
- (C) The 911 calling party, by dialing 911, waives the privacy afforded by non-listed and non-published service to the extent that the telephone number, name, and address associated with the originating station location are furnished to the Public Safety Answering Point.
- (D) After the establishment of service, it is the Public Safety Agency's responsibility to continue to verify the accuracy of and to advise the Company of any changes as they occur in street names, establishment of new streets, changes in address numbers used on existing streets, closing and abandonment of streets, changes in police, fire, ambulance or other appropriate agencies' jurisdiction over any address, annexations and other changes in municipal and county boundaries, incorporation of new cities or any other similar matter that may affect the routing of 911 calls to the proper Public Safety Answering Point.

**REGULATIONS**

**2.38 Universal Emergency Telephone Number Service (911, E911) (cont.)**

- (E) The Company assumes no liability for any infringement, or invasion of any right to privacy of any person or persons caused, or claimed to be caused, directly or indirectly by the use of 911 service. Under the terms of this tariff, the Public Safety Agency must agree, (except where the events, incidents, or eventualities set forth in this sentence are the result of the Company's gross negligence or willful misconduct), to release, indemnify, defend and hold harmless the Company from any and all losses or claims whatsoever, whether suffered, made, instituted, or asserted by the Public Safety Agency or by any other party or person, for any personal injury to or death of any person or persons, or for any loss, damage, or destruction of any property, whether owned by the Subscriber or others. Under the terms of this tariff, the Public Safety Agency must also agree to release, indemnify, defend and hold harmless the Company for any infringement of invasion of the right to privacy of any person or persons, caused or claimed to have been caused, directly or indirectly, by the installation, operation, failure to operate, maintenance, removal, presence, condition, occasion, or use of 911 service features furnished by the Company in connection therewith, including, but not limited to, the identification of the telephone number, address, or name associated with the telephone used by the party or parties accessing 911 services hereunder, and which arise out of the negligence or other wrongful act of the Public Safety Agency, its user, agencies or municipalities, or the employees or agents of any one of them, or which arise out of the negligence, other than gross negligence or willful misconduct, of the Company, its employees or agents.

**2.39 Directory Listings**

- (A) The Company does not publish a directory of subscriber listings. The Company, however, does arrange for the Subscriber's main billing number to be placed in the directory of directories of the dominant local exchange carrier.
- (B) The rates and regulations specified herein for directory listings apply only to the alphabetical section of the directory. Listings are intended solely for the purpose of identifying subscriber's telephone number and as an aid to the use of telephone service.
- (C) The listings of subscribers, either without charge or at the rate specified within this tariff for other listings are arranged alphabetically and are not intended for special prominence of arrangement. In accepting listings as requested by subscribers or prospective subscribers, the Company will not be a party to controversies between subscribers as result of the publication of such listings in the directories.

**REGULATIONS**

**2.39 Directory Listings (cont.)**

- (D) Listings must conform to the Company's specifications with respect to the directories. The Company reserves the right to reject listings which in, its sole judgment, such listings would violate the integrity of company records and the directories, confuse individuals using the directory, or when the Subscriber cannot provide satisfactory evidence that he or she is authorized to do business as requested.
- (E) The Company reserves the right to limit the length of any listing to one line in the directory by use of abbreviations when, in its sole judgment, the clearness of the listing and the identification of the subscriber is not impaired.
- (F) Generally, the listed address is the location of the subscriber's place of business.
- (G) In the event the Company omits a Subscriber's listing from the white pages of the telephone directory or lists an incorrect phone number, the Company shall issue the Subscriber a credit for the equivalent of not less than three months local service charges. Such credit shall not apply in cases where the Subscriber has provided such listing information after the deadline for directory publication. The Subscriber shall be given the option of taking the credit or pursuing other remedies.
- (H) Generally, a business listing consists of a name or dual name, a designation descriptive of the subscriber's business if not self-explanatory, the address, and business telephone number. The main listing is ordinarily the name of the individual, firm or corporation which contracts for the service or the name under which a business is regularly conducted.

**2.40 Cancellation of Service by the Subscriber**

- (A) Subscriber may cancel service by providing 30 days written notice to the Company.
- (B) If a Subscriber cancels a Service Order or terminates services before the completion of the term for any reason whatsoever other than a service interruption (as defined in Section 2.25, supra), the Subscriber agrees to pay to the Company termination liability charges, as defined below. These charges shall become due and owing as of the effective date of the cancellation or termination and be payable within the period, set forth in Section 2.35.
- (C) The Subscriber's termination liability for cancellation of service shall be equal to:
  - (1) all unpaid Non-Recurring charges reasonably expended by the Company to establish service to the Subscriber; plus
  - (2) any disconnection, early cancellation or termination charges reasonably incurred and paid to third parties by the Company on behalf of the Subscriber; plus
  - (3) all Recurring Charges specified in the applicable Service Order Tariff for the balance of the then current term discounted at the prime rate announced in the Wall Street Journal on the third business day following the date of cancellation; minus
  - (4) a reasonable allowance for costs avoided by the Company as a direct result of the Subscriber's cancellation.

**REGULATIONS**

**2.41 Cancellation of Application for Service**

- (A) Where, prior to cancellation by the Subscriber, the Company incurs any expenses in installing the service or in preparing to install the service that it otherwise would not have incurred, a charge equal to the costs incurred by the Company, less net salvage, shall apply, but in no case shall this charge exceed the sum of the charge for the minimum period of services ordered, including installation charges, and all charges others levy against the Company that would have been chargeable to the Subscriber had service commenced (all discounted to present value at six percent).
- (B) Where the Company incurs any expense in connection with special construction, or where special arrangements of facilities or equipment have begun, before the Company receives a cancellation notice, a charge equal to the costs incurred by the Company, less net salvage, applies. In such cases, the charge will be based on such elements as the cost of the equipment, facilities, and material, the cost of installation, engineering, labor, and supervision, general and administrative expense, other disbursements, depreciation, maintenance, taxes, provision for return on investment, and any other costs associated with the special construction or arrangements.
- (C) The special charges described in 2.41(A) and 2.41(B) will be calculated and applied on a case-by-case basis.

**2.42 Cancellation for Service Interruptions**

Cancellation or termination for service interruption is permitted only if any circuit experiences a single continuous outage of 8 hours or more or cumulative service credits equaling 16 hours in a continuous 12-month period. The right to cancel service under this provision applies only to the single circuit that has been subject to the outage or cumulative service credits.

**2.43 Discontinuance of Service**

The Company expressly retains the right to refuse or discontinue service without incurring any liability for any of the following reasons, provided that, unless otherwise stated, the Subscriber shall be given 7 days written notice to comply with any rule or to remedy any deficiency:

- (A) For the nonpayment of any amounts owing to the Company, the Company may, by giving 7 days prior written notice to the Subscriber, discontinue or suspend service without incurring any liability.
- (B) For the violation and/or noncompliance of any of the other material terms or conditions for furnishing service as established by the applicable tariff rules or Commission's administrative regulations pertaining to said service, the Company, after having first made a reasonable effort to obtain the Subscriber's compliance, may, after giving notice to the Subscriber, discontinue or suspend service without incurring any liability if such violation continues during that period.
- (C) Upon any federal, state, or local governmental prohibition or required alteration of the services to be provided or any violation of an applicable law or regulation, the Company may, by giving notice, discontinue service without incurring any liability. The Company may immediately discontinue service if said governmental entity orders for the immediate termination thereof.
- (F) In the event of fraudulent use of the Company's network as set forth and defined in the Company's tariff, the Company will attempt to notify the Customer prior to disconnecting service.
- (G) Without notice, in the event anyone tampers with any of the Company's equipment or services installed at or provided to Subscriber's premises.
- (H) For the use of telephone service for any property or purpose other than that described in the application.
- (I) Company or its agents for the purpose of inspection and maintenance of equipment owned by the Company or its agents.

**2.43            Discontinuance of Service (Cont.)**

Upon the Company's discontinuance of service to the Subscriber under Section 2.43 (A) or 2.43 (B), the Company, in addition to all other remedies that may be available to the Company at law or in equity or under any other provision of this tariff, may declare all future monthly and other charges that would have been payable by the Subscriber during the remainder of the term for which such services would have otherwise been provided to the Subscriber to be immediately due and payable (discounted to present value at six percent).

Disconnection notices shall clearly state the following:

- (A) A statement that failure to pay the amount required at the Company's office or to one of its authorized agents by the date specified on the notice may result in the disconnection of local or toll or optional services.
- (B) The earliest date when disconnection will occur.
- (C) The reason(s) for disconnection and any actions which the subscriber must take in order to avoid the disconnection, including the total amount required to be paid (which shall not be greater than the past due balance).
- (D) The total amount due to avoid disconnection of local exchange service as defined in paragraph (A) above.
- (E) The total amount due for toll charges and a statement that nonpayment of toll charges may result in the disconnection of toll service.
- (F) The total amount due for nonregulated charges and a statement that nonpayment of such charges cannot result in the disconnection of basic local service or regulated toll service.
- (G) The address and telephone number of the office of the Company that the Subscriber may contact in reference to his/her account.
- (H) A statement that the Commission Staff is available to render assistance with unresolved complaints, and the then-current address and local/toll-free telephone numbers and TDD/TTY number of the Commissions public interest center.

**APPLICATION OF RATES**

**3.1 Introduction**

The regulations set forth in this section govern the application of rates for services contained in other sections of this tariff.

**3.2 Charges Based on Duration of Use**

Where charges for a service are specified based on the duration of use, such as the duration of a telephone call, the following rules apply:

- (A) Calls are measured in durational increments identified for each service. All calls that are fractions of a measurement increment are rounded-up to the next whole unit.
- (B) Timing on completed calls begins when the call is answered by the called party. Answering is determined by hardware answer supervision in all cases where this signaling is provided by the terminating local carrier and any intermediate carrier(s). Timing for operator service person-to-person calls start with completion of the connection to the person called or an acceptable substitute, or to the PBX station called.
- (C) Timing terminates on all calls when the calling party hangs up or the Company's network receives an off-hook signal from the terminating carrier.
- (D) Calls originating in one time period and terminating in another will be billed in their entirety based upon the rates of the originating time period.
- (E) All times refer to local time.

**APPLICATION OF RATES****3.3 Rates Based Upon Distance**

Where charges for a service are specified based upon distance, the following rules:

- (A) Distance between two points is measured as airline distance between the rate centers of the originating and terminating telephone lines. The rate center is a set of geographic coordinates, as referenced in the Local Exchange Routing Guide issued by Bellcore, associated with each NPA-NXX combination (where NPA is the area code and NXX is the first three digits of a seven-digit telephone number). Where there is no telephone number associated with an access line on the Company's network (such as a dedicated 800 or WATS access line), the Company will apply the rate center of the Subscriber's main billing telephone number.
- (B) The airline distance between any two rate centers is determined as follows:
- (1) Obtain the "V" (vertical) and "H" (horizontal) coordinates for each rate center from the Bellcore Local Exchange Routing guide referenced in Section 3.3(A).
  - (2) Compute the difference between the "V" coordinates of the two rate centers; and the difference between the two "H" coordinates.
  - (3) Square each difference obtained in step (2) above.
  - (4) Add the square of the "V" difference and the square of the "H" difference obtained in step (3) above.
  - (5) Divide the sum of the squares by 10. Round to the next higher whole number if any fraction is obtained.
  - (6) Obtain the square root of the whole number result obtained above. Round to the next higher whole number if any fraction is obtained. This is the airline mileage.

(7) FORMULA = 
$$\sqrt{\frac{(V1 - V2)^2 + (H1 - H2)^2}{10}}$$

**SERVICE AREAS****4.1 Calling Areas**

Geographically-defined Local Calling Areas are associated with each Exchange Access Service provided pursuant to Section 5. Customers in the exchanges listed below, who subscribe to the Exchange Access Services listed in Section 5, will have flat rate local access to all stations within their own exchange, as well as to the corresponding exchanges listed as Extended Area Service. Local Calling to these areas is included in the price for the basic features listed in Section 5. Exchange Access Services bearing the following designations shall have the following Local Calling Areas:

**EXCHANGE ACCESS SERVICE**

**5.1 General**

Exchange Access Service provides a Subscriber with a telephonic connection to, and a unique telephone number address on the public switched telecommunications network. Each Exchange Access Service enables users to:

- 5.1.1 receive calls from other stations on the public switched telecommunications network;
- 5.1.2 access other services offered by the Company as set forth in this tariff;
- 5.1.3 access certain interstate and international calling services provided by the Company;
- 5.1.4 access (at no additional charge) the Company's operators and business office for service related assistance;
- 5.1.5 access (at no additional charge) emergency services by dialing 0- or 9-1-1; and
- 5.1.6 access services provided by other common carriers that purchase the Company's Switched Access Services as provided under the Company's Federal and State tariffs, or that maintain other types of traffic exchange arrangements with the Company.

Each Exchange Access Service is available on a "Full" service basis, whereby service is delivered to a demarcation/connection block at the subscriber's premises.

The following Exchange Access Services are offered:

- Basic Line Service
- Basic Trunk Service
- DID Trunk Service
- Basic Rate ISDN Service
- Remote Call Forwarding

**EXCHANGE ACCESS SERVICE****5.2 Basic Line Service**

Basic Line Service provides a Subscriber with a single, voice-grade telephonic communications channel that can be used to place or receive one call at a time. Basic Lines are provided for connection of Subscriber-provided single station sets or facsimile machines to the public switched telecommunications network. Each Basic Line may be configured into a hunt group with other Company-provided Basic Lines at rates set outlined in Section 5.7. Additionally, subscribers wishing to purchase single calling features may order them from Section 5.7 Calling Features.

Each Basic Line is provided with the following standard features:

**Touch Tone**

Non-recurring and monthly recurring rates per Basic Line apply as follows:

**EXCHANGE ACCESS SERVICE****5.4 Basic Trunk Service**

Basic Trunk Service provides a Subscriber with a single, loop start, voice-grade telephonic communications channel. There are two kinds of available trunks: combination and inward-only. The combination trunks can be used either to place or receive one call at a time, and the inward-only trunks can be used to receive one call at a time. PBX Trunks are provided for connection of Subscriber-provided private branch exchanges (PBX) to the public switched telecommunications network. Additionally, Subscribers wishing to purchase single calling features may order them from Section 5.7 Calling Features.

Each Basic Trunk is provided with the following standard features:

**Touch Tone**

Non-recurring and monthly recurring rates per PBX Trunk apply as follows:

**EXCHANGE ACCESS SERVICE****5.6 DID Trunk Service****5.6.1 Service Description**

DID service is an optional feature that can be purchased in conjunction with Company-provided Digital Trunks. DID service transmits the dialed digits for all incoming calls allowing the Subscriber's PBX to route incoming calls directly to individual stations corresponding to each individual DID number. Charges for DID capability and DID number blocks apply in addition to charges specified for Digital Trunks in Section 5.4.

One DID trunk termination charge applies for each DID-equipped Basic Trunk or DID-equipped channel on a Digital Trunk. The Subscriber is required to purchase at least one DID number block for each DID-equipped trunk or trunk group, or DID-equipped channel or channel group.

Termination charges are applicable for services that have a contract length greater than one month. The termination charges shall be equal to the number of months remaining in the contract multiplied by the monthly rate provided under the contract.

**EXCHANGE ACCESS SERVICE****5.7 Features****5.7.1 Calling Features Rates – Ameritech Exchanges**

**900/976 Blocking** - This feature enables customers to restrict the 976 and 900 calls from being placed over the line.

**Call Forwarding Busy Line** -- Automatically redirects incoming calls to a pre-designated telephone number/service outside the subscriber's telephone system when the line is busy. The Subscriber selects the forward-to telephone number at time of service installation and can only be changed by a service order.

**Call Forwarding Don't Answer** – Allows incoming calls to be automatically routed to a pre-selected station line or attendant in the same system or outside the system, when the called station is not answered after a preset number of rings. Intercom calls can be arranged to be forwarded to a different number different from DID calls. The Subscriber selects the forward-to telephone number at time of service installation and can only be changed by a service order.

**Call Forwarding Variable** – Allows Subscriber to redirect all incoming calls to another telephone number.

**Call Return** - This feature allows customers to automatically return the last incoming call received.

**Call Waiting** - Call Waiting provides a tone to alert a customer with a call in progress that a second party is calling them, and allows the customer to answer the incoming call while holding the original connection.

**Caller ID Basic** – displays the telephone number of the calling party on a special display telephone or display unit on subscriber provided equipment.

**Caller ID Deluxe** - This feature enables the customer to view the calling party directory name and directory number on incoming telephone calls on a display unit. The ACR, or Anonymous Call Rejection, on this feature, allows customers to automatically reject incoming calls when the call originates from a telephone number which has invoked a blocking feature that prevents the delivery of their number to the called party.

**Caller ID Block** – This feature allows the customer to prevent the transmission of their directory number on a permanent basis. This is applicable on all outgoing calls from the customer's premise.

**Caller ID Block – per call** – This feature allows the customer to prevent the transmission of their directory number by dialing a preassigned code.

**Hunting** – Routes a call to an idle station line in a prearranged group when the called station line is busy.

**Repeat Dialing** - This feature, when activated, automatically redials the last number the customer attempted to call. If the called line is not busy, the call will be placed. If the called line is busy, a confirmation announcement is heard and the customer hangs up and a queuing process begins. For the next 30 minutes both the calling and the called lines are checked periodically for availability to complete the call. If during this queuing process the called line becomes idle, the customer is notified, via a distinctive ring, that the network is ready to place the call. When the customer picks up the telephone the call will automatically be placed.

**EXCHANGE ACCESS SERVICE****5.7 Features****5.7.3 Calling Features - Cincinnati Bell Exchanges**

**900/976 Blocking** - This feature enables customers to restrict the 976 and 900 calls from being placed over the line.

**Call Forwarding Busy Line** -- Automatically redirects incoming calls to a pre-designated telephone number/service outside the subscriber's telephone system when the line is busy. The Subscriber selects the forward-to telephone number at time of service installation and can only be changed by a service order.

**Call Forwarding Don't Answer** - Allows incoming calls to be automatically routed to a pre-selected station line or attendant in the same system or outside the system, when the called station is not answered after a preset number of rings. Intercom calls can be arranged to be forwarded to a different number different from DID calls. The Subscriber selects the forward-to telephone number at time of service installation and can only be changed by a service order.

**Call Forwarding Variable** - Allows Subscriber to redirect all incoming calls to another telephone number.

**Call Return** - This feature allows customers to automatically return the last incoming call received.

**Call Tracing** - This feature enables the customer to initiate an automatic trace of the last call received. Upon activation by the customer, the network automatically sends a message to the Company's Security Department indicating the calling number, the time the trace was activated, and in some locations, the time the offending call was received. The customer using this feature would be required to contact the Annoyance Call Bureau for further action. The customer is not provided the traced number.

**Call Waiting** - Call Waiting provides a tone to alert a customer with a call in progress that a second party is calling them, and allows the customer to answer the incoming call while holding the original connection.

**Caller ID Basic** - displays the telephone number of the calling party on a special display telephone or display unit on subscriber provided equipment.

**Caller ID Deluxe** - This feature enables the customer to view the calling party directory name and directory number on incoming telephone calls on a display unit. The ACR, or Anonymous Call Rejection, on this feature, allows customers to automatically reject incoming calls when the call originates from a telephone number which has invoked a blocking feature that prevents the delivery of their number to the called party.

**Caller ID Block** - This feature allows the customer to prevent the transmission of their directory number on a permanent basis. This is applicable on all outgoing calls from the customer's premise.

**Caller ID Block - per call** - This feature allows the customer to prevent the transmission of their directory number by dialing a preassigned code.

**Hunting** - Routes a call to an idle station line in a prearranged group when the called station line is busy.

A distinctive ringing pattern will be provided for each of the additional telephone numbers to facilitate identification of incoming calls. A distinctive Call Waiting tone for each additional telephone number will be provided, where facilities permit, to customers subscribing to Call Waiting service.

**Selective Class of Call Screening** - This feature enables a customer to secure central office blocking of originating 1+, 101XXXX 1+, 976 and 900 service calls. Additionally, specific screening information from the originating line is sent to the operator on Company handled intraLATA calls to prevent operator-assisted calls from being billed to the subscriber's line. Information digits are also passed to long distance providers, other than the Company, to identify the line as requiring special operator handling. All local calls and calls to Company numbers such as repair service, Directory Assistance Service and public emergency service numbers such as 911 and 1+ 800 calls will be permitted from the establishment.

**Speed Calling** - Allows a Subscriber to dial from 8 to 30 selected numbers by using fewer digits than normally required. This is accomplished through the assignment of abbreviated codes to frequently called numbers. The speed calling list is Subscriber -changeable.

**Three-Way Calling** - Allows the customer to add a third party to an established call without operator assistance.

**Three-Way Calling with Transfer** - Allows a Subscriber to add a third party to an existing conversation.

If during this queuing process the called line becomes idle, the customer is notified, via a distinctive ring, that the network is ready to place the call. When the customer picks up the telephone the call will automatically be placed.

**Ringmaster 1** - Customers subscribing to this feature will be able to receive calls dialed to two separate telephone numbers without having a second line. A distinctive ringing pattern will be provided for each of the additional telephone numbers to facilitate identification of incoming calls. A distinctive Call Waiting tone for each additional telephone number will be provided, where facilities permit, to customers subscribing to Call Waiting service.

**Ringmaster 2** - Customers subscribing to this feature will be able to receive calls dialed to two or three separate telephone numbers without having a second or third line. A distinctive ringing pattern will be provided for each of the additional telephone numbers to facilitate identification of incoming calls. A distinctive Call Waiting tone for each additional telephone number will be provided, where facilities permit, to customers subscribing to Call Waiting service.

**Speed Calling** - Allows a Subscriber to dial from 8 to 30 selected numbers by using fewer digits than normally required. This is accomplished through the assignment of abbreviated codes to frequently called numbers. The speed calling list is Subscriber -changeable.

**Three-Way Calling** - Allows the customer to add a third party to an established call without operator assistance.

**Three-Way Calling with Transfer** - Allows a Subscriber to add a third party to an existing conversation.

**EXCHANGE ACCESS SERVICE**

**5.8 ISDN/BRI**

**5.8.1 Description of Service**

ISDN BRI service provides simultaneous transmission of voice, data, and packet services on the same exchange access line. The basic channel structure for BRI is (2) 64 Kbps B channels and (1) 16 Kbps D channel. The B channels may be used to connect the subscriber's CPE to the Public Switched Network (e.g. outward, inward and two-way trunks, and WATS/800 Service access lines).

Each B Channel Packet Terminal will provide logical channels up to the technical capability of the serving central office. Each logical channel can carry an independent call with throughput of up to 64 Kbps. B Channel circuit switched services offer up to 64 Kbps intra-office transmission of voice or data. This option permits the subscriber to utilize either circuit voice or data transmission paths on a per call basis. Transmission on the B channel will be circuit switched at 64 Kbps within the switch and/or equipped facilities between ISDN compatible central offices. ISDN interconnection to non-ISDN equipped central offices will be potentially subjected to analog transmission or sub-rated to 56 Kbps. This option includes one directory number (DN).

ISDN BRI service rates under any Term Payment Plan are exempt from CTP initiated charges for the payment period selected. Rates in effect at the time service is installed, and/or of the service order application date, will be applicable until the contract expires. At the expiration date of the subscriber's payment period option, the subscriber may select a new payment period at current rates or revert to current rates on a month to month basis. ISDN features are priced at a per channel rate unless otherwise specified.

**EXCHANGE ACCESS SERVICE**

**5.8 ISDN/BRI**

**5.8.2 Service Components**

The required components of ISDN BRI service will be as follows:

**Digital Service Loop**

- BRI B Channels
- Integrated Service Access Feature Capability
- Network Access and Usage charges where applicable

The subscriber may choose any number of channels up to (2) per Basic Rate Interface, to be active with corresponding number of services. The subscriber may also choose to have more services selected than channels available for specific applications. The total number of communication paths may not exceed the number of channels subscribed.

**5.8.3 Regulations**

1. Customer Premises Equipment (CPE) that is compatible with the ISDN BRI service interface is the responsibility of the user for provisioning.
2. CTP will be responsible for publishing and maintaining ISDN Interface Specifications.
3. CTP shall not be responsible if changes in any of the equipment, operations, or procedures of CTP utilized in the provision of ISDN BRI service render any facilities provided by the subscriber obsolete or require modification or alteration of such equipment or system, or otherwise affect its use or performance.
4. Digital transmission rates at speeds less than those indicated may be accomplished as a function of the particular CPE furnished by the user.
5. Suspension of service is not allowed.
6. Busy line verification and Emergency Interrupt service is not available for ISDN BRI services.
7. IBS will be available where central office and outside plant facilities permit.
8. Each ISDN Basic Rate DSL Access Arrangement will be counted as one line in determining the application of the Service Charges and the End User Charges.

Features are available to increase the capability of IBS. Availability of features are limited to where facilities permit and may be limited by central office type and switch load. Available features are as follows:

1. Call Forwarding Busy Line - This feature automatically routes calls to a preselected number when the called line is busy.
2. Call Forwarding - Don't Answer - This feature automatically routes calls to a preselected number when the called line does not answer in a preset ringing cycle.
3. Shared Primary DN - This is a primary DN that appears on one or more terminals.
4. Secondary-Only DN - This is a secondary DN that appears on one or more terminals, but is not the primary DN on any of those terminals.
5. Shared Secondary-Only DN - First appearance - the first appearance of a secondary DN that appears on more than one terminal but is not the primary DN on any of those terminals.
6. Shared Non-ISDN DN - This feature allows call coverage for an analog set.

**EXCHANGE ACCESS SERVICE**

**5.11 Remote Call Forwarding**

**5.11.1 Description of Service**

Remote Call Forwarding allows calls made to a telephone number to be automatically forwarded to a different telephone number, which may be a local, toll number, or 800 number. There is no telephone equipment at the Remote Call Forwarding location, instead, the forwarding occurs in the Central Office.

Transmission of service and receipt of calls will not be guaranteed for calls forwarded to data or fax service. The end user must subscribe to a sufficient number of Remote Call Forwarding features and facilities to adequately handle calls without interference or impairment to any Company offered service. The Remote Call Forwarding number has one access path, which allows only one call at a time to be forwarded. Additional access paths are necessary to allow for the transmission of two or more simultaneous calls to the terminating location, with each path allowing one call. The line is not released when a call is forwarded.

The calling party is responsible for any charges between the originating location and the Remote Call Forwarding telephone number. The Remote Call Forwarding customer is responsible for the charges between the Remote Call Forwarding telephone number and the terminating station.

Subscribers to Remote Call Forwarding will receive one free directory listing. Additional listings may be provided pursuant to Section 6.1.

The following non-recurring and monthly recurring charges are for Remote Call Forwarding only and are in addition to applicable charges for service and equipment for which they were used. Service charges are also applicable to this service.

**EXCHANGE ACCESS OPTIONAL FEATURES****6.3 Vanity Number Service**

Vanity Number Service is an optional feature by which a new Subscriber may request a specific or unique telephone number and fax number for use with the Company provided Exchange Access Services. This service provides for the assignment of a Subscriber requested telephone number other than the next available number from the assignment control list.

Vanity Number Service is furnished subject to the availability of facilities and the requirements of Exchange Access Service as defined by the Company. The Company reserves all rights to the Vanity Numbers assigned to Subscribers and may, therefore, change them if required.

Monthly recurring charges apply per Vanity Number.

**MISCELLANEOUS SERVICES****9.1 Operator Services**

An outsourced provider will provide operator Handled Calling Services to a Subscriber and Users of Company-provided Exchange Access Services.

**9.2 Service Implementation**

Absent a promotional offering, service implementation charges will apply to new service orders or to orders to change existing service.

The Line Connection Charge is applicable for establishing new lines, trunks, or ISDN services.

The Initial Line Connection Charge is applicable if the customer is only ordering one line, or for the first line in an order that has more than one line. The Additional Line Connection Charge is applicable for each additional line after the first line in a single order.

The Line Change Charge is applicable for when a customer requests a phone number change, service restored after suspension for non-pay, and directional changes. The initial charge is applicable if the customer is only requesting changes on one line, or for the first line in an order that has more than one line. The additional charges is for each additional line after the first line in a single order.

The Subsequent Order Charge is applicable for adding or rearranging features, and for rearranging or adding wiring or jacks. This is in addition to any applicable work charges. This charge is not applicable if the customer is already receiving an initial or additional Line Connection Charge for the order.

**SPECIAL ARRANGEMENTS**

**10.1 Special Construction**

Where the Company furnishes a facility or service for which a rate or charge is not specified in the Company's tariffs, charges will be based on the costs incurred by the Company and may include:

- (A) non-recurring type charges;
- (B) recurring type charges;
- (C) termination liabilities; or
- (D) combinations thereof.

**10.2 Termination Liability**

To the extent that there is no other requirement for use by the Company, a termination liability may apply for facilities specially constructed at the request of the Subscriber.

- (A) The termination liability period is the estimated service life of the facilities provided.
- (B) The amount of the maximum termination liability is equal to the estimated amounts for:
  - (1) Cost installed of the facilities provided including estimated costs for rearrangements of existing facilities and/or construction of new facilities as appropriate, less net salvage. Cost installed includes the cost of:
    - (a) equipment and materials provided or used,
    - (b) engineering, labor and supervision,
    - (c) transportation, and
    - (d) rights-of-way;
    - (e) license preparation, processing, and related fees;
    - (f) tariff preparation, processing, and related fees;
    - (g) cost of removal and restoration, where appropriate; and
    - (h) any other identifiable costs related to the specially constructed or rearranged facilities.

**SPECIAL ARRANGEMENTS**

**10.2 Termination Liability (Cont.)**

- (C) The applicable termination liability method for calculating the unpaid balance of a term obligation. The amount of such charge is obtained by multiplying the sum of the amounts determined as set forth in Section 10.2 (B)(1) above, by a factor related to the unexpired period of liability and the discount rate for return and contingencies. The amount determined in Section 10.2 (B)(1) above, shall be adjusted to reflect the redetermined estimate net salvage, including any reuse of the facilities provided. This product is adjusted to reflect applicable taxes.

**10.3 Individual Case Basis (ICB) Arrangements**

Arrangements will be developed on a case-by-case basis in response to a bona fide request from a Subscriber or prospective Subscriber to develop a competitive bid for a service offered under this tariff. Rates quoted in response to such competitive requests may be different than those specified for such services in this tariff. ICB rates will be offered to the Subscriber in writing and on a non-discriminatory basis.

**10.4 Temporary Promotional Programs**

The Company may establish temporary promotional programs wherein it may waive or reduce non-recurring or recurring charges, to introduce present or potential Subscribers to a service not previously received by the Subscribers.

## TARIFF FORMAT

**Page Numbering** - Page numbers appear in the upper right hand corner of the page. Pages are numbered sequentially. From time to time new pages may be added to the tariff. When a new page is added between existing pages a decimal is added to the preceding page number. For example, a new page added between Pages 3 and 4 would be numbered 3.1.

**Sheet Revision Numbers** - Revision numbers also appear in the upper right corner of each sheet. These numbers are used to determine the most current sheet version on file with Public Utilities Commission of Ohio. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14

**Explanation of Symbols** - When changes are made in any tariff sheet, a revised sheet will be issued canceling the tariff sheet affected. Changes will be identified on the revised page(s) through the use of the following symbols:

- (C) - To signify changed regulation.
- (D) - To signify discontinued rate or regulation.
- (I) - To signify increased rates.
- (M) - To signify material relocated from one page to another without change.
- (N) - To signify new rate, regulation, or text.
- (R) - To signify reduced rate.
- (T) - To signify a change in text, but no change in rate or regulation.

**Check Sheets** - When a tariff filing is made with the Public Utilities Commission of Ohio, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new sheets are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (\*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e., the format, etc. remain the same, just revised revision levels on some sheets.)

## **SECTION 2 - RULES AND REGULATIONS**

### **2.1 Undertaking of the Company**

The Company services and facilities are furnished for communications originating at specified points within the state of Ohio under the terms of this Tariff.

The Company installs, operates and maintains the communication services provided hereunder in accordance with the terms and conditions set forth under this tariff. The Company may act as the subscriber's agent for ordering access connection facilities provided by other carriers or entities, when authorized by the subscriber, to allow connection of a subscriber's location to the Company's point of presence.

The Company's services are provided on a monthly basis, unless ordered on a longer term basis, and are available twenty-four hours per day.

### **2.2 Service Limitations and Conditions**

- 2.2.1** Pre-subscribed service is offered in Ohio only. Travel service is available from all areas.
- 2.2.2** Service is offered subject to the availability of the necessary facilities, equipment, or both facilities and equipment, and subject to the provisions of this tariff.
- 2.2.3** The Company does not undertake to transmit messages, but offers the use of its facilities when available, and will not be liable for errors in transmission or for failure to establish connections.

**SECTION 2 - RULES AND REGULATIONS, CONT.**

**2.5 Liabilities of Company, cont.**

- 2.5.4** The Company is not liable for any act, omission or negligence of any local exchange carrier or other provider whose facilities are used concurrently in furnishing any portion of the services received by Customer, or for the unavailability of or any delays in the furnishing of any services or facilities that are provided by any local exchange carrier. Should the Company employ the service of any other common carrier in furnishing the service provided to Customer, the Company's liability shall be limited according to the provisions stated above.
- 2.5.5** The Company shall not be liable for and shall be fully indemnified and held harmless by the Customer against any claim or loss, liability, expense, or damage (including indirect, special or consequential damage), and reasonable attorney's fees, due to claims for defamation, libel, slander, invasion, infringement of copy-right or patent, unauthorized use of any trademark, tradename, or service mark, unfair competition, interference with or misappropriation or violation of any contract, proprietary or creative right, or any other injury to any person, property or entity arising out of the material, data, information, or other content revealed to, transmitted, or used by the Company under this tariff; or for any act or omission of the Customer; or for any personal injury or death of any person caused directly or indirectly by the installation, maintenance, location, condition, operation, failure, presence, use or removal of equipment or wiring provided by the Company, if not directly caused by negligence of the Company.
- 2.5.6** The Company shall not be liable for any defacement of or damages to the premises of a Customer or Subscriber resulting from the furnishing of service which is not the direct result of the Company's negligence.
- 2.5.7** The Company shall not be liable for any claim, loss, or refund as a result of loss or theft of debit cards or personal account codes issued for use with the Company's services.

**SECTION 2 - RULES AND REGULATIONS, CONT.**

**2.5 Liabilities of Company, cont.**

**2.5.8** The Company shall not be liable for any claim, loss or refund on any unused portion of the usage balance remaining in a debit account provided to a Customer before or after the expiration date assigned to each debit account.

**2.5.9** The Company makes no warranty, whether express, implied or statutory, including without limitation warranties of description, quality, merchantability, completeness or fitness for a particular purpose, or as to any other matter, all of which warranties by the Company are hereby excluded and disclaimed.

**2.6 Deposits and Advance Payments**

The Company does not require deposits or advance payments.

**2.7 Taxes, Surcharges, and Utility Fees**

**2.7.1** The Customer is responsible for payment of all state, local and e911 taxes, surcharges, utility fees or other similar fees (i.e. sales tax, municipal utilities tax) for which the end user is directly responsible.

**2.7.2** The Customer's installation, tax-like charges, charges, surcharges, and any other fees, including but not limited to the Universal Service Fund, Lifeline Assistance Charges, Presubscribed Interexchange Carrier Charges (both PIC and PICC), Pay Telephone Compensation Charges and any other local, state, or federally charged or imposed or authorized fees, charges and surcharges (collectively referred to as "Charges") are not built into the Company's rates, and therefore will be included on Customer's invoice.

**SECTION 2 - RULES AND REGULATIONS, CONT.**

**2.8 Payment for Service**

In addition to the terms for payment of service as set out below, the terms of payment shall be according to the rules and regulations of the billing agent and subject to the rules of the applicable regulatory agencies, including the P.U.C.O.

- 
- 2.8.1** The Customer is responsible for payment of all charges for services and equipment furnished to the Customer or to an Authorized User of the Customer for transmission of calls via the Company. This includes payment for calls or services originated at the Customer's number(s); placed using a debit card as a form of payment regardless of the purchaser of the card or the originating location of the call; accepted at the Customer's number(s); billed to the Customer's number(s) via Third Number Billing if the Customer is found to be responsible for such call or service; the use of a calling card; the use of a Company assigned special billing number; or incurred at the specific request of the Customer. The Customer agrees to pay to the Company any cost(s) incurred as a result of any delegation of authority resulting in the use of his, her or its communications equipment and/or network services which result in the placement of calls via the Company. The Customer agrees to pay the Company or its authorized agent any and all costs incurred as a result of the use of facilities and services originated or charges accepted at the Customer's service point, including calls in which the Customer did individually authorize and calls which the Customer did not individually authorize.
- 2.8.2** Charges for installations, service connections, moves, and rearrangements, where applicable, are payable upon demand by the Company or its authorized agent. If an application for residential telephone service is accepted, the company shall offer the option of deferred payment arrangements on telephone installation charges. If the deferred option is chosen, the installation charges shall be spread over a period of three months.
- 2.8.3** Payments for service provided in association with Company-issued debit accounts must be received by the Company or its authorized agent prior to the activation of the Customer's debit account. The Customer shall be responsible for all calls placed via the debit account as the result of the Customer's intentional or negligent disclosure of their personal account code.

- 
- 2.8.4** The Customer shall remit payment of all charges to the Company or any agency authorized by the Company to receive such payment.
- 2.8.5** All applicable taxes will be billed to the Customer unless the Customer can demonstrate to the Company's satisfaction that the Customer is collecting the applicable taxes from its customers.
- 2.8.6** All bills are due and payable by the Customer upon receipt. A late payment will be applied to charges not paid by fourteen (14) days from the postmark on the bill. Interest at the lesser of (1) the rate of one and one-half (1.5%) per month, or (2) the highest rate allowed by law per month shall accrue upon any unpaid amount (excluding prior penalty amounts) commencing fourteen (14) days after the date of the postmark on the bill. The late payment charge will not be applied to previous late payment charges that have been assessed but not yet paid for, but will apply to the accumulated services for which a customer is in arrears. Late payment charges will be applied without discrimination.
- 2.8.7** Failure to receive a bill will not exempt a Customer from prompt payment of any sums due the Company.
- 2.8.8** If a Customer has accumulated undisputed delinquent charges, the company reserves the right not to honor that Customer's request for a change in service, including a request for RESPORG (800 Responsible Organization) change, until such undisputed charges are paid in full.

**SECTION 2 - RULES AND REGULATIONS, CONT.**

**2.8 Payment for Service, cont.**

- 2.8.9** If the Company receives a check from a Customer in payment for service rendered or for any other reason of indebtedness and which is returned from the bank due to insufficient or uncollected funds, closed account, apparent tampering, missing signature or endorsement, or for any other reason, the Company shall apply a \$25.00 (\$15.00 minimum up to a \$35.00 maximum) service charge. Any item submitted for direct payment (ACH) for which there are insufficient funds, shall be subject to a \$25.00 (\$15.00 minimum up to a \$35.00 maximum) service charge.
- 2.8.10** Any person or entity that uses, appropriates or secures the use of service from the Company, whether directly or indirectly, in any unlawful manner or inconsistent with the stated uses, intents, and purposes of this tariff or any restrictions, conditions, or limitations stated herein, shall be liable for an amount equal to the accrued and unpaid charges that would have been applicable to the use of the Company's service actually made by Customer.
- 2.8.11** In the event the Company incurs fees or expenses, including attorney's fees, accounting fees, collecting fees, or any other charges owned to the Company in regard to the Customer's service, the Company may charge the Customer all such fees and expenses reasonably incurred, including a late fee on the unpaid charges. Customer is also responsible for the recovery cost of Company provided equipment and any expenses required for repair or replacement of damaged equipment.
- 2.8.12** When local exchange telephone companies, credit card companies or others perform billing functions on behalf of the Company, the payment conditions and regulations of such companies apply, including any applicable interest and/or late payment charges. In case of any disputed charges that cannot be resolved by the billing company, the billed party may contact the Company directly. If there is still a disagreement about the disputed amount after investigation and review by the Company or other service provider, the billed party has the option to pursue the matter with the appropriate Commission and/or the FCC.

## **SECTION 2 - RULES AND REGULATIONS, CONT.**

### **2.9 Interconnection with other Carriers**

- 2.9.1** The Company reserves the right to interconnect its services with those of any other common carrier, local exchange carrier, or alternate access provider of its election, and to utilize such services for the provision of services offered herein. Such service or facilities, if used, are provided under the terms, rates and conditions of the other carrier.
- 2.9.2** The Customer is responsible for all charges billed by other carriers for use in connection with the Company's service.
- 2.9.3** Any special interface equipment or facilities necessary to achieve compatibility between carriers is the responsibility of the Customer.

### **2.10 Terminal Equipment**

- 2.10.1** The Company's facilities and service may be used with or terminated in Customer-provided equipment, such as a PBX, key system or single line telephone. Such terminal equipment shall be furnished and maintained at the expense of the Customer, except as otherwise provided. The Customer is responsible for all costs at his, her or its premises, including personnel, wiring, electrical power, and the like, incurred in the use of the Company's service. When such terminal equipment is used, the equipment shall comply with the generally accepted minimum protective criteria standards of the telecommunications industry as endorsed by the Federal Communications Commission.
- 2.9.2** The Customer is responsible for arranging ingress to its premises at times mutually agreeable to it and the Company when required for the Company's personnel to install, repair, maintain, program, inspect, or remove equipment associated with the provision of the Company's service(s).

**SECTION 2 - RULES AND REGULATIONS, CONT.**

**2.10 Terminal Equipment, cont.**

**2.10.3** The Customer must pay the Company for replacement or repair of damage to the equipment or facilities of the Company caused by negligence or willful act of the Customer, its Authorized Users, or others, or by improper use of equipment provided by the Customer, its Authorized Users, or others.

**2.10.4** The Customer must pay for the loss through theft, fire, flood, cable cuts or other catastrophes to any of the Company's equipment installed at the Customer's premises.

**2.11 Installation**

Service is installed upon mutual agreement between the Customer and the Company. The service agreement does not alter rates specified in this tariff.

**2.12 Cancellation by Customer**

Service may be cancelled by the Company promptly upon receipt of a cancellation request from the Customer. This request does not need to be in any particular form. Upon cancellation a final bill will be prepared. Customers will be informed to use access codes from other carriers in order to avoid additional charges by the Company until a primary inter-exchange carrier order is processed by the local exchange company.

**SECTION 2 - RULES AND REGULATIONS, CONT.**

**2.13 Refusal or Discontinuance of Service by the Company**

The Company expressly retains the right to refuse or discontinue service without incurring any liability for any of the following reasons, provided that, unless otherwise stated, the Customer shall be given written notice postmarked at least 7 days prior to the date of disconnection in order to comply with any rule or remedy any deficiency:

- 2.13.1** For nonpayment of any sum due the Company, provided that suspension or termination of service shall not be made without written notice postmarked at least seven days prior to the date of disconnection. Notice shall be deemed to be effective upon mailing of written notice, postage prepaid, to the Customer's last known address.
- 2.13.2** For non-compliance with or violation of any State, municipal, or Federal law, ordinance or regulation pertaining to telephone service.
- 2.13.3** For neglect or refusal to provide reasonable access to the Company or its agents for the purpose of inspection and maintenance of equipment owned by the Company or its agents.
- 2.13.4** For noncompliance with or violation of Commission regulation or Company rules or regulation on file with the Commission, provided ten (10) days' written notice is given before termination.
- 2.13.5** Without notice, for Customer's or Authorized User's use of equipment in such a manner as to adversely affect the Company's equipment or service to others.

**SECTION 2 - RULES AND REGULATIONS, CONT.**

**2.14 Customer's Liability in the Event of Refusal or Discontinuance of Service**

In the event the Company disconnects a Customer's service for any of the reasons stated in Section 2.13, the Customer shall be liable for all unpaid charges due and owing to the Company associated with the service.

**2.15 Reinstitution of Service**

The Company will reconnect service upon Customer's request as soon as the reason for the Customer's termination is removed. If the Customer seeks reinstitution of Service following refusal or discontinuance of service by the Company, the Customer shall pay to the Company prior to the time service is re-instituted, all accrued and unpaid charges and a new connection fee.

**2.16 Inspection, Testing and Adjustment**

**2.16.1** Upon reasonable notice, the services provided by the Company shall be made available to the Company for inspection, tests, and adjustments as may be deemed necessary by the Company for maintenance.

**2.16.2** No interruption allowance will be granted for the time during which such inspection, tests, and adjustments are made when the interruption is less than twenty-four (24) consecutive hours.

**2.17 Tests, Pilots, Promotional Campaigns and Contests**

The Company may, from time to time, engage in special promotions of limited duration of its service offerings designed to attract new customers or to increase existing customer awareness of a particular tariff offering. Waiver of any charges other than a non-recurring charge shall be limited to 90 calendar days on a per customer basis during a 12-month period. Request for promotional offerings will be presented to the Commission for its review in accordance with Case No. 95-845-TP-COI.

**SECTION 2 - RULES AND REGULATIONS, CONT.**

**2.18 Reservation of "800" Numbers**

**2.18.1** The Company will make every effort to reserve "800" vanity numbers for Customers, but makes no guarantee or warranty that the requested number(s) will be available.

**2.18.2** If a Customer accumulates undisputed delinquent charges, the Company reserves the right not to honor that Customer's request for a change in service, including a request for Responsible Organization (Resp. Org.) change, until such undisputed charges are paid in full.

**2.19 Bill Format**

The Company's monthly bill to each customer shall be rendered at regular intervals and provide the following: the subscriber's name, address (or billing address, if different), telephone number, or account number; the telephone number of the company's business office to be contacted concerning the bill; the beginning and ending dates of the billing period; the current month's billing; any unpaid amounts from previous bills; any late payment charge; any nonrecurring, fractional, or nonbasic service charges; any charges for nonregulated services or products and a statement that nonpayment of such charges may result in the disconnection or restriction of such services and such delinquencies may be subject to collections actions; any applicable taxes; any credits and charges applied to the account during the current billing period; the total amount due and payable; a statement as to how and where the bill may be paid; an explanation of codes and abbreviations used; and a statement that for unresolved inquiries, the subscriber may wish to call the public utilities commission of Ohio.

**2.20 Responsibilities of Aggregators**

**2.20.1** The Company will ensure that stickers are affixed to the telephone equipment used to access service. Rate information will be made available to Authorized Users by means of a toll free 800 number that will be affixed to the telephone equipment.

**2.20.2** Aggregators must ensure that each of its telephones pre-subscribed to the Company allows the Authorized User to use "800", "950" and "10XXX" access code numbers to obtain access to the provider of operator services desired by the Authorized User.

**SECTION 2 - RULES AND REGULATIONS, CONT.**

**2.20 Responsibilities of Aggregators, cont.**

- 2.20.3** The Company shall withhold payment (on a location-by-location basis) of any compensation, including commissions, to Aggregators if the Company reasonably believes that the Aggregator (i) is blocking access by means of "950", "800" or "10XXX" numbers to intrastate common carriers in violation of any state or federal law or regulation; or (ii) is blocking access to equal access codes in violation of rules the Federal Communication Commission and/or the Commission may prescribe.
- 2.20.4** Neither the Company nor its Aggregators shall deviate from the rates as set forth in this tariff, or from the regulations applicable to the Company's Operator Services as set forth herein.
- 2.20.5** Access to the local exchange carrier's operators will not be blocked or otherwise intercepted. Specifically, all "0-" calls (when a caller dials zero without any following digits or actions) will be directed to the local exchange carrier operators. In equal access areas, "0+" intraLata calls will not be intercepted or blocked. In non-equal access areas, "0-" calls will not be blocked or intercepted; however, "0+" calls may be intercepted.
- 2.20.6** Any Aggregator found to be in violation of subsections 2.20.2, 2.20.3, 2.20.4 or 2.20.5 above, shall be subject to immediate termination of service after 20 days written notice to the Aggregator by the Company.

**2.21 Other Rules**

The Company may temporarily suspend service without notice to the Customer when an emergency may threaten the health or safety of a person or the Company's distribution system; in the event of a subscriber's use of telecommunications equipment in such a manner as to adversely affect the Company's equipment, its service to others, or the safety of the Company's employees or subscribers; or in the event of tampering with any facilities or equipment furnished and owned by the Company. The Company will restore service as soon as service can be provided without undue risk.

### **SECTION 3 - DESCRIPTION OF SERVICE**

#### **3.1 General**

The Company offers direct dialed (1+) and 800 services over switched and dedicated facilities, operator services, travel card and debit card services to its Customers under the terms of this tariff. Rates for these services vary by product.

#### **3.2 Timing of Calls**

- 3.2.1** For direct dialed and operator station calls, chargeable time begins when the connection is established between the calling station and the desired telephone, attendant board, or private branch exchange console. Answer detection is based on standard industry answer detection methods, including hardware and software answer detection. For person-to-person calls chargeable time begins when the designated party comes on the line, or when the caller agrees to speak with a substitute party.
- 3.2.2** Chargeable time ends when the connection is terminated.
- 3.2.3** The initial and additional timing periods for billing purposes are specified on a per-product basis below in this tariff.
- 3.2.4** There is no billing applied for incomplete calls.

**SECTION 3 - DESCRIPTION OF SERVICE, CONT.****3.4 Calculation of Distance**

For services which are distance sensitive, usage charges are based on the airline distance between the serving wire center locations associated with the originating and terminating points of the call.

The distance between the originating and terminating points is calculated by using the "V" and "H" coordinates of the serving wire centers as defined by BellCore (Bell Communications Research), in the following manner:

- Step 1: Obtain the "V" and "H" coordinates for the serving wire center of the Customer's switch and the destination point.
- Step 2: Obtain the difference between the "V" coordinates of each of the serving wire centers. Obtain the difference between the "H" coordinates.
- Step 3: Square the differences obtained in Step 2.
- Step 4: Add the squares of the "V" difference and "H" difference obtained in Step 3.
- Step 5: Divide the sum of the square obtained in Step 4 by ten (10). Round to the next higher whole number if any fraction results from the division.
- Step 6: Obtain the square root of the whole number obtained in Step 5. Round to the next higher whole number if any fraction is obtained. This is the distance between the originating and terminating serving wire centers of the call.

Formula:

$$\sqrt{\frac{(V_1 - V_2)^2 + (H_1 - H_2)^2}{10}}$$

**SECTION 3 - DESCRIPTION OF SERVICE, CONT.****3.5 Messages Placed by Hearing and/or Speech Impaired Persons**

For purposes of this Tariff, the definition of impaired refers to those persons with communication impediments, including those hearing impaired, deaf, deaf/blind, or speech impaired persons who have an impairment that prevents them from communicating over the telephone without the aid of a telecommunications device for the deaf ("TDD").

Residential impaired customers or impaired members of a customer's household, upon written application and upon certification of their impaired status, which is evidenced by either a certificate from a physician, health care official, or state agency, or a diploma from an accredited educational institution for the impaired, are eligible to receive a discount off their message toll service rates and, if they utilize telebraille devices, they are eligible to receive free access to local and intrastate long distance directory assistance. Additionally, TDD lines maintained by non-profit organizations and governmental agencies, upon written application and verification that such lines are maintained for the benefit of the impaired, are eligible to receive a discount off message toll service rates.

Upon receipt of the appropriate application, certification, or verification, intrastate toll message rates for TDD users shall be evening rates for daytime calls and night rates for evening and night calls.

Message toll service calls placed through the Telephone Relay Service ("TRS") are eligible to receive a discount off the message toll service rates. For intrastate toll calls received from the relay service, each local exchange and interexchange telecommunications company billing relay call will be discounted by 50 percent of the applicable rate for a voice non-relay call except that where either the calling or called party indicates that either party is both hearing and visually impaired, the call will be discounted 60 percent off the applicable rate for voice non-relay calls. The above discounts apply only to time-sensitive elements of a charge for the call and shall not apply to per call charges such as a credit card surcharge.

**SECTION 3 - DESCRIPTION OF SERVICE, CONT.**

**3.6 Emergency Services Calling Plan**

Message toll telephone calls to the Ohio State Highway Patrol and to governmental emergency service agencies, as set forth in 3.6.1, having primary or principal responsibility with respect to the provision of emergency services to persons and property in the areas from which the call was made, as set forth in Section 3.6.2, are offered at no charge to customers.

3.6.1 Ohio State Highway Patrol, governmental fire fighting, police and emergency squad service (as designated by the appropriate governmental agency) qualify as governmental emergency service agencies provided they answer emergency service calls on a personally attend (live) 24 hour basis, 365 days a year, including holidays.

3.6.2 An emergency is an occurrence or set of circumstances in which conditions pose immediate threat to human life and/or property and necessitate that prompt action be taken. An emergency call is an originated call of short duration to a governmental emergency service agency in order to seek assistance for the emergency.

**3.7 Operator Services**

Operator Services as provided by the Company includes live operator and/or automated operator functions, for the purpose of assisting in the processing of telephone services such as: long distance via collect calls, calling card calls, person to person calls, and third party billed calls. In addition to the per minute usage rates, applicable per call service charges and operator assisted charges are billed for the completed phone call.

The Company operator will identify to the Authorized User the identity of the Company at least once during every call before any charges are incurred and will provide information regarding the Company's rates for said call upon request by the caller. The Company will not accept calling cards for billing purposes if the Company is unable to validate the card.

**3.13 Debit Card Service**

**3.13.1 Debit Card Service I**

Debit Card Service I is a debit card service available to Customers for placing calls while away from home or office. Debit card accounts maintain a balance that is depleted on a real-time basis as calls are placed. Calls are originated by dialing the 800 access number printed on the card followed by an account identification number and personal identification number. Calls may originate from standard business or pay telephone access lines. The minimum call duration for billing purposes is one (1) unit. One (1) unit equals one (1) intrastate minute. Additional usage is measured and rounded to the next full unit increments for billing purposes. All calls must be charged against a Company debit card that has sufficient Available Usage Balance.

A Customer's call will be interrupted with an announcement when the balance is about to be depleted. Such announcement will occur one (1) unit before the balance will be depleted, based on the terminating location of the call. The Customer will be requested to recharge the Company debit card number in order to continue the call. The Company will terminate calls in progress if the balance on the Company debit card is insufficient to continue the call and the Customer fails to recharge the card number.

Payment for the Company debit card and any available usage in a customer's debit account is non-refundable.
