Memorandum

Date: 12/2/2010

Re: Maryann Kovalak
9737 Brookstone Way

Strongsville, OH 44149

Docketing Case No.:10-176-EL-ATA

Notes:

Please rule in favor of a permanent, all-electric rate differential on generation and distribution charges for nine months of the year for all-electric heating, load management, and water heating customers that stays with the property upon transfer to a new owner, including homes, apartments, and condos. The rate differential should be equivalent to the pre-2007 declining block structure.

The rate differential should be given to EVERY property, even those currently excluded because they were built or converted to all-electric after Jan 1, 2007.

Overcharges made by FirstEnergy between May 2009 and May 2010 should be refunded in full.

FirstEnergy must NOT raise the rates of other ratepayers, but rather absorb the cost of this program which benefited FirstEnergy for the last 30 years. FirstEnergy made verbal and written promises to owners and builders alike to entice them to go all-electric, and they must not be allowed to break these promises and charge others for their breach of contract.

Elimination of the discount resulted in over a 100% increase in the bill. In this economy, what other area increases 100%? Certainly not my wages. Certainly not the resale value on my property if this discount is eliminated. Please make this discount permanent as was originally promised by First Energy. Thank you.

Please docket the attached in the case number above.
