

BEFORE

THE PUBLIC UTILITIES COMMISSION OF OHIO

In the Matter of a Request for the)
Installation of Active Warning Devices at)
the Indiana & Ohio Railway Co. Grade) Case No. 10-2863-RR-STP
Crossing on Thackery Road (258-739B),)
in Champaign County.)

ENTRY NUNC PRO TUNC

The Commission finds:

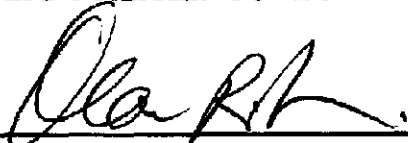

- (1) By entry of December 8, 2010, the Indiana & Ohio Railway Co. (I&O) was directed to install active warning devices at the Thackery Road grade crossing (258-739B) in Champaign County.
- (2) The December 8, 2010 entry inadvertently directed I&O to file a letter indicating that it has submitted site plans and cost estimates by March 5, 2011, and to file a notice by April 7, 2010, that they have initiated with Dayton Power & Light Company (DP&L) the process to ensure that electric service will be available at the involved grade crossing. The entry should be corrected to direct I&O to file the letter regarding the submittal of site plans and cost estimates by March 15, 2011, and to initiate the process with DP&L by April 7, 2011.

It is, therefore,

ORDERED, That the December 8, 2010 entry be corrected nunc pro tunc.
It is, further,

ORDERED, That a copy of this entry be served upon IORY, ORDC,
Champaign County engineer, and all interested persons of record.
