**MEMORANDUM IN SUPPORT OF MOTION TO INTERVENE OF  
ORMET PRIMARY ALUMINUM CORPORATION**

Ormet Primary Aluminum Corporation ("Ormet") should be permitted to intervene in these matters pursuant to Section 4903.221, Ohio Revised Code and the Commission's Rules and Regulations contained in Section 4901-1-11 of the Ohio Administrative Code. The outcome of these proceedings could impact the rates Ormet pays for electricity.

Under Section 4903.221, any person who may be adversely affected by a Commission proceeding may intervene in such proceeding. The Commission's rules state that any person shall be permitted to intervene in a proceeding upon a showing that:

The person has a real and substantial interest in the proceeding, and the person is so situated that the disposition of the proceeding may, as a practical matter, impair or impede his or her ability to protect that interest, unless the person's interest is adequately represented by existing parties.<sup>1</sup>

Ormet has a substantial interest in this proceeding. Ormet owns an aluminum reduction facility in Hannibal, Ohio. The reduction facility is physically located in the AEP zone of PJM, and takes generation, transmission and distribution services from Columbus Southern Power Company and Ohio Power Company (collectively, "AEP Ohio") under an electric service agreement entered into in accordance with the Commission's July 15, 2009 and September 15, 2009 orders in Case No. 09-119-EL-AEC ("Agreement"). This Agreement between Ormet and AEP Ohio provides, *inter alia*, that under certain circumstances Ormet will receive electricity at a rate discounted from AEP Ohio's standard tariff rates. Because the discount that Ormet may receive each year is capped under the Agreement and the Commission's orders, an increase in the AEP Ohio tariff rates may result in an increase in the rate Ormet pays for electricity. Therefore, Ormet's rates could be affected by the outcome of this proceeding.

In deciding whether to permit intervention under Section 4901-1-11(B), the Commission considers:

- (1) The nature and extent of the prospective intervenor's interest.
- (2) The legal position advanced by the prospective intervenor and its probable relation to the merits of the case.
- (3) Whether the intervention by the prospective intervenor will unduly prolong or delay the proceedings.
- (4) Whether the prospective intervenor will significantly contribute to the full development and equitable resolution of the factual issues.
- (5) The extent to which the person's interest is represented by existing parties.<sup>2</sup>

---

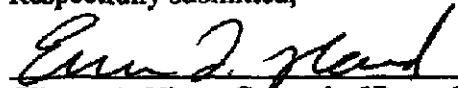

<sup>1</sup> Ohio Admin. Code § 4901-1-11(A)(2) (2011).

<sup>2</sup> Ohio Admin. Code § 4901-1-11(B) (2011).

As described above, Ormet is a customer of AEP Ohio and Ormet's rates may be affected by changes to AEP Ohio's tariff rates, thus Ormet has an interest in ensuring that AEP Ohio's rates remain just and reasonable. Ormet's unique relationship with AEP will also assist in the full development and equitable resolution of the factual issues and indicates that no other party can adequately represent Ormet's interest in these proceedings. Ormet's intervention is timely and will not unduly prolong or delay the proceedings.

WHEREFORE, Ormet respectfully requests that the Commission grant its motion to intervene in this proceeding.
