MISCELLANEOUS SERVICE AND FACILITIES

A. TONE DIAL

This service, more commonly known as touch-tone service, is included in the Private Access Line rates set forth in Section 1 of this tariff. Customers with rotary dial service will be grandfathered and will receive a credit of \$1.00 toward their monthly Private Access Line rate. However, any subsequent change to service made by such a grandfathered customer will result in the loss of the grandfathering exception and will require that customer to upgrade to touch-tone service.

B. CUSTOM CALLING FEATURES

Custom Calling Features are available to single party customers only. Custom Calling is an optional telephone service arrangement which provides one or more of the following features.

1. Call Forwarding

This feature allows a customer to automatically transfer all incoming calls, during the period of time this feature is activated, to another telephone. This service is available on rotary and digitone telephone sets.

Monthly recurring charge.....\$1.50

2. Call Waiting

This feature enables a telephone user to place a call on hold and answer an incoming call. When a customer is talking on the telephone, a short spurt of tone signals him that a call is waiting. The incoming caller hears a regular ringing signal. Flashing the hookswitch "holds" the first call while the second is answered. The customer can alternate between calls by flashing the hookswitch. This service is available on rotary and digitone telephone sets.

Monthly recurring charge.....\$1.50

3. Cancel Call Waiting

This feature allows a customer, on a per call basis, to cancel the call waiting feature via access code dialing. Call Waiting capabilities are re-established as soon as the call is terminated. This service is available on rotary and digitone telephone sets.

Monthly recurring charge.....\$1.50
