**COLUMBUS SOUTHERN POWER COMPANY'S APPLICATION FOR  
APPROVAL OF A CHANGE IN BILL FORMAT**

Pursuant to §4901:1-10-22 (C), Ohio Admin. Code, Columbus Southern Power Company (CSP) files this application for Commission approval of a change in the bill format for customers who choose to participate in the new real-time pricing service proposed by CSP. CSP's Application for approval of the new Schedule RS-RTP is being filed contemporaneously with this request.

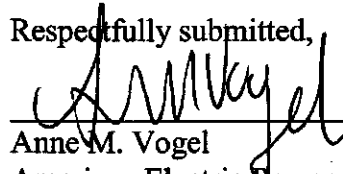

CSP must update the language on its bill for customers choosing this new service. The proposed bill format for customers participating in the gridSMART® program's real-time pricing service would now include an explanation of the customer's "SMART" choice rate, compared to the standard service offer rate, and a calculation of their savings. A copy of CSP's proposed bill format with the proposed text included is made a part of this application as Attachment No. 1.

This is to certify that the images appearing are an  
accurate and complete reproduction of a case file  
document delivered in the regular course of business  
Technician Am Date Processed 3/18/11

CSP has already discussed with and provided the Commission staff with a copy of the requested format change to ensure their input was received before filing with the Commission. The Company is moving forward with this filing under the guidance of Commission Staff.

For these reasons, the CSP requests that the Commission approve its new bill format, to be effective concurrent with the effective date of Schedule RS-RTP.

Respectfully submitted,

Anne M. Vogel  
American Electric Power Service Corporation
