Being \$156 over the poverty level, your suggestion after I complained about the month \$1.25 charge allowed AT & T was no help since I don't qualify under the guidelines.

Now it looks like the discount for my all electric home is going to be phased out.

And lastly I made the choice to change out 100% of the incandescent bulbs for CFL. Thanks to wizards of the Ohio PUCO I get an increase for saving energy, an increase for electric I won't use, a cost of 500% for bulbs that will never be delivered, and the related deliver costs of bulbs I'll never receive.

The "P" use to mean public, seems more like a "C" for Corporate, maybe make it "CGUCO" the greed part is so evident.
