Docketing Case No.:09-1948-EL-POR

Notes:

The PUCO should go back and DISAPPROVE OF THE AUTOMATIC CHARGES FOR CFL BULBS!!!!!!!!!!!!!!!!!!!!!! If the OE and others were really interested in saving energy, they'd give of LED bulbs.

CFLs are environmentally unsafe. I'm another pissed off Ohioan regarding the "regulators" who are supposed to have our interest at stake. I won't use the bulbs and should not have to pay for this f'ing program. PUCO sure has the correct acronym!!

Please docket the attached in the case number above.

Are you people out of your goddamn mind ? Why are you allowing First Energy the right to charge us for something we don't want or don't need . You damn bunch of tree huggers make me sick. I have those bulbs all over my house by my own choice, I don't need you assholes telling me I HAVE to do something and then let them charge me every month for them. I don't know how you people sleep at night knowing you are screwing over the people of Ohio

COMMENT DESCRIPTION:

How can you approve something that cost more than its worth. I use the high eff' bulbs now and they only cost 1.50 each. With first energy plan the cost 9.00 dollars each. The other problem I see is after three years that 1.50 will most likely stay on your bill forever.
