**Re: MCC Telephony of the Midwest, LLC; Notice Regarding Company Ownership**

MCC Telephony of the Midwest, LLC's ("MCC") ultimate parent company, Mediacom Communications Corporation announced on November 15, 2010 that it had entered into an agreement under which Rocco B. Commisso, the founder, Chairman and Chief Executive Officer of Mediacom would purchase all of the outstanding shares of Mediacom common stock not already owned by Mr. Commisso. Prior to the stock transfer, Mr. Commisso controlled 87% of the common stock voting interests in Mediacom and exercised full effective control of the Mediacom companies. This transaction has now taken place and, effective March 4, 2011, Rocco B. Commisso is the sole owner of Mediacom. MCC provides this update for the Commission's information and requests that it be placed in the appropriate files.

Mediacom provides voice services in Ohio through its certificated subsidiary, MCC Telephony of the Midwest, LLC (herein "MCC").<sup>1</sup> No change in control of MCC has occurred as a result of the transaction. The transaction did not impact the operations of MCC, the certified entity. MCC will remain the certificated entity providing telephone service in Ohio. Moreover, MCC, as it is today, will remain a subsidiary of Mediacom Communications Corporation.
