SECTION 1-APPLICATION OF TARIFF**1.1 APPLICATION OF TARIFF**

This tariff filed by the Company describes the Regulated Local Service Tier 1 Terms, Conditions, Payments and Rates and Charges required in conformance with Competitive Retail Telephone Rules (Case No. 06-1345- TP-ORD). Services will be provided in compliance with Minimum Telephone Services Standards. The Company provides certain Tier 2, regulated services which are not required in the Company's tariff on file with the Public Utilities Commission of Ohio (Rule 4901: 1-06-05(g)).

The Customer may view the Detariffed/Nonregulated Services not included in this tariff on the Company's website at:

www.agoc.com

All telephone companies are subject to the Commission's rules for Minimum Telephone Service Standards (MTSS) found in Chapter 4901:1-5 of the Ohio Administrative Code. Customers have certain rights and responsibilities under the MTSS. These safeguards can be found in the appendix to rule 4901:1-5-03, which is entitled "Telephone Customer Rights and Responsibilities." These rights and responsibilities include compliant handling, ordering or changing service, service repair, payment of bills, and disconnection and reconnection of service."

The applicable requirements of the Ohio Administrative Code and the Ohio Revised Code apply to the operations of the Company. The Company will comply with the Commission's policies and requirements for persons with communications disabilities and privacy and number disclosure requirements covered in subject cases. Any changes in terms or conditions of this tariff and/or operations of the Company will generate an obligation of the Company to provide notice of such changes in accordance with the Commission's Rules.

TARIFF FORMAT

A. Page Numbering - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the tariff. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between pages 14 and 15 would be 14.1.

B. Page Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the Commission. For example, the 4th revised Page 14 cancels the 3rd revised Page 14. Because of various suspension periods, deferrals, etc., the most current page number on file with the Commission is not always the tariff page in effect. Consult the Check Sheet for the page currently in effect.

SECTION 1- APPLICATION OF TARIFF

C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

- 2.
- 2.1.
- 2.1.1.
- 2.1.1.A.
- 2.1.1.A.1.
- 2.1.1.A.1.(a).
- 2.1.1.A.1.(a)I
- 2.1.1.A.1.(a)I.(i).
- 2.1.1.A.1.(a)I.(i).(1).

D. Check Sheets - When a tariff filing is made with the Commission, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the pages contained in the tariff, with a cross reference to the current revision number. When new pages are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this page if these are the only changes made to it (i.e., the format, etc. remain the same, just revised revision levels on some pages.) The tariff user should refer to the latest Check Sheet to find out if a particular page is the most current on file with the Commission.

TRF Docket No. 90-9327

Implementation of Case No. 10-1010-TP-ORD

Dear Armstrong Customer:

Beginning on May 10, 2011, the prices, service descriptions, and the terms and conditions for most telecommunications services that you are provided by Armstrong will no longer be regulated and on file at the Public Utilities Commission of Ohio (PUCO).

This modification does not result in a change in the prices, terms, or conditions of those services to which you currently subscribe. Armstrong must still provide notice at least fifteen days in advance of rate increases, changes in terms and conditions and discontinuance of existing services.

Since these services will no longer be on file with the Commission, this means that the Armstrong Terms and Conditions of Service and Use will control new services or changes in service. For any new services or changes in service, it will be important that you carefully review and confirm the price, terms and conditions.

If you have any questions about this matter, please call Armstrong at (877)-277-5711, or visit us at www.armstrongonewire.com. You may also visit the consumer information page on the PUCO's website at puc.ohio.gov for further information.

Sincerely,
Armstrong
