RE: Application for Rehearing
Case #10-93-TR-CVF

463

Dear Sir or Madam:

463

Please accept this as our Application for Rehearing of Case # 10-93-TR-CVF based on the following reasons outlined within.

I was contacted by a representative from your office on three (3) different occasions to schedule this case for a hearing. Twice your office contacted Trimat needing to reschedule the hearing date.

The third time that your office contacted me to re-schedule the hearing; I explained I was making several trips to Cleveland in order to take my wife for doctor appointments and treatment. I also explained that sometimes the physician's office would call to reschedule an appointment, testing or treatment on short notice and we would have to return to Cleveland Clinic. Therefore, I would not be able to make the hearing time. During that conversation, the representative stated that they understood and that would be fine.

Prior to the last scheduled hearing; we found out that we again had to return to Cleveland Clinic. At that time I contacted your office when I got the notice. I had left a voicemail message on three (3) different occasions before receiving a return telephone call from Henry Phillips-Gary. Due to the fact that I did not receive a response from the messages left on the voicemails; I understood this to be alright and could reschedule at a later date.

Therefore, based on the above circumstances; I am requesting a rehearing for Trimat's case; or perhaps we could settle this with a conference call, as I still must travel between Cleveland Clinic and home with my wife.

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business
Technician Ann Date Processed 5/6/11

Thank you in advance for your consideration of these circumstances and I will await your response regarding the application for rehearing of our case.

Regards,

A handwritten signature in black ink, appearing to be 'MT', with a long horizontal line extending to the right.
