III. Description of the Proposed Transaction

GTL and the shareholders of Value-Added have entered into a Stock Purchase Agreement dated as of April 19, 2011 (the "Stock Purchase Agreement"). Pursuant to the terms of the Stock Purchase Agreement, GTL will purchase all of the issued and outstanding shares of the common stock of Value-Added from its shareholders, which represents 100% of the equity interests in Value-Added. The expected date of closing is August 1, 2011; however, the closing is subject to obtaining all necessary state and federal approvals of the Proposed Transaction. Upon consummation of the Proposed Transaction, Value-Added will be a wholly owned subsidiary of GTL.

Following the stock purchase and approval of this Commission, the assets of Value-Added will be transferred to GTL. GTL plans to operate the companies separately for a period of time, until such time as integration can be accomplished in a transparent manner with no negative effect on end users.

The Proposed Transaction will provide Value-Added with greater operating flexibility to pursue operating purposes, including, without limitation, (a) expansion of its telecommunications infrastructure; and (b) improvement of customer service, billing, financial reporting and other management information systems. There will be no impact on Value-Added's current customers, since the Proposed Transaction will be transparent to said customers, and services to Value-Added customers will continue pursuant to the terms and conditions of its tariff on file with the Commission. In addition, it is anticipated that certain key members of the management of Value-Added will remain in place after the Proposed Transaction is consummated.

IV. Public Interest Considerations

Applicants submit that the Proposed Transaction described herein will serve the public interest. Approval of the Proposed Transaction is in the public interest because it will advance economic efficiency by enabling GTL to expand its own business and achieve economies of scale. These benefits are expected to strengthen GTL's ability to expand their offerings and services to a broader customer base in Ohio. Applicants expect that the Proposed Transaction will enable GTL to strengthen their competitive position to the benefit of Ohio consumers and the telecommunications marketplace.

Public Utilities Commission of Ohio
Page 6
May 16, 2011

Further, as described above and because of the nature of this particular customer base, the Proposed Transaction will be conducted in a manner that will be transparent to customers of Value-Added. Following consummation of the Proposed Transaction, GTL will continue to provide high-quality communications services to Value-Added customers without interruption and without immediate change in rates, terms or conditions.

Applicants emphasize that the Proposed Transaction will be seamless and transparent to Value-Added's customers, and in no event will it result in the discontinuance, reduction, loss, or impairment of service to customers.

I have also enclosed an extra copy of this letter to be date stamped and returned to me in the enclosed, overnight envelope.

If you have any questions or if I may provide you with additional information, please do not hesitate to contact me. Thank you.

Respectfully submitted,
