AFFIDAVIT

Compliance with Commission Rules

I am an officer/agent of the applicant corporation, AT&T Ohio, and am authorized to make this statement on its behalf.
(Name)

I attest that these tariffs comply with all applicable rules for the state of Ohio. I understand that tariff notification filings do not imply Commission approval and that the Commission's rules, as modified and clarified from time to time, supersede any contradictory provisions in our tariff. We will fully comply with the rules of the state of Ohio and understand that noncompliance can result in various penalties, including the suspension of our certificate to operate within the state of Ohio.

I declare under penalty of perjury that the foregoing is true and correct.

1st Revised Sheet 1
Cancels Original Sheet 1

1. DEFINITIONS OF TERMS

Access Area

The total geographical area served from a specific central office. Central offices are grouped into three access areas, for purposes of this tariff, based upon the quantity of network access lines served per square mile.

Audio Response Unit

Mechanized announcement equipment, which uses synthesized speech to quote a telephone number to a customer who has called Directory Assistance Service.

Central Office

A switching unit, in one location of a telecommunications system providing service to the general public, having the necessary equipment and operating arrangements for terminating and interconnecting lines. More than one central office may be located in the same building.

Central Office Area

The specific section of an exchange area served by a particular central office or by a particular group of central offices.

Circuit

The term applied to a channel used for the transmission of electrical energy in the furnishing of telephone service. In the case of battery circuits and generator circuits, each pair of wires or fraction thereof is considered as a separate channel.

Class of Service

The term used in describing exchange service with respect to the character of use to be made of such service. The Company furnishes two classes of service: residence and non-residence. (T)

Common Battery Service

The type of telephone service in connection with which electrical energy for talking and signaling is supplied from a central point.

Connecting Company (Independent Company)

A corporation, association, partnership or individual (other than an Associated Bell Company) owning or operating one or more exchanges and with whom traffic is interchanged. (T)

Issued: December 19, 2007

Effective: December 19, 2007

In accordance with an Order issued by the Public Utilities Commission of Ohio, dated January 6, 2003, Case No. 02-3069-TP-ALT.

By Connie Browning, President, Cleveland, Ohio

TFA No. OH-07-17839

1. DEFINITIONS OF TERMS (cont'd)

Service Area Function - See Part 15, Section 1 of the AT&T Ohio Guidebook. (C)

Shared Tenant Service

The resale or sharing of local exchange service in a multi-tenant single building, or a contiguous complex of buildings under common ownership or management, on non-residence individual and PBX trunks, and Centrex stations.

The Company

The Ohio Bell Telephone Company

Terminal

The designation given the equipment with which a circuit is connected or the equipment on which a circuit terminates.

1. DEFINITIONS OF TERMS (cont'd)

Usual Working Hours

The hours between 8:00 A.M. and 5:00 P.M. on all normal working days, together with, in the case of maintenance and repair forces, all other regularly scheduled work hours on normal working days.

TFA No. OH-08-18005

1. ESTABLISHING AND FURNISHING SERVICE (cont'd)

1.1 Applications For Service (cont'd)

C. Use of Service (cont'd) (T)

3. Resale and Sharing (cont'd)

b. Shared Tenant Service (PBX Resale/Sharing)

- (1) "Shared Tenant Service" is the provision of telecommunications services through a PBX to multi-tenant, non-residential or residential buildings. Shared tenant service will be permitted on a resale or sharing basis.
- (2) Shared Tenant Service may be provided only within a single building, or a contiguous complex of buildings under common ownership or management (such complex may be intersected by public thoroughfares provided that the property segments created would be continuous in the absence of the thoroughfares).
- (3) Participation in Shared Tenant systems shall be limited to occupants of a building or contiguous complex of buildings which compose a resale/sharing system.
- (4) Where separate buildings are involved in the provision of Shared Tenant services, they must have a related business purpose (e.g., industrial park, shopping center, university, etc.).

1. ESTABLISHING AND FURNISHING SERVICE (cont'd)

1.4 Telephone Numbers

The customer has no property right in the telephone number which is assigned by the Company nor any right to continuance of service through any particular central office, and the Company reserves the right to change the telephone number or the central office designation, or both, of a customer whenever it deems it necessary to do so in the conduct of its business.

1.5 Denial or Termination of Service

- A. The Company may deny or terminate any or all local service at one or more or all of the same customer's premises for the following reasons: (T)
1. Abandonment of the service; (T)
 2. Nonpayment of any past due charges in accordance with OAC 4901:1-5-10. (N)
 - (a) Temporary Access To 9-1-1 Service (T)

The Company will continue to follow its existing procedures for disconnection of local exchange service. However, for a period of 14 days following the disconnection for non-payment of past due residential charges, a residential customer will have outgoing access to 9-1-1 service provided on the disconnected access line. If, however, the customer has another active local exchange service line at the same service address, the 14 day outgoing access to 9-1-1 service will not be placed on the disconnected line. Where 14-day outgoing access to 9-1-1 service is provided on a disconnected line, all other incoming and outgoing calls on the disconnected line will be blocked. Once the 14-day period ends, complete disconnection will occur, and access to 9-1-1 service will no longer be available from the disconnected line. (C)
 3. Nonpayment of any sum on any final account, of the same class of service. (T)(C)
 4. Abuse or fraudulent use of service as set forth in 4. following; (T)
 5. Any other violation of the regulations of the Company; or (T)
 6. Upon objection to the continuance of service made by or on behalf of any governmental authority. (T)

Subsequent to the completion of an order to discontinue local service, it will be re-established only upon the basis of a new service application.

1. ESTABLISHING AND FURNISHING SERVICE (cont'd)

1.5 Denial or Termination of Service (cont'd)

- B. In addition to A. preceding, the nonpayment of past due charges may result in the disconnection of toll service: (T)(C)
1. The Company may disconnect the toll service of a customer who fails to pay charges for toll service provided by the Company or an IXC as pursuant to Case No. 05-1102-TP-ORD and in accordance with OAC 4901:1-5-10. (T)
(C)
(N)

(D)
|
(D)
2. The Company shall respond promptly to customer inquiries pertaining charges for IXC toll services, either by handling the inquiry itself, or referring it to the IXC, depending on the nature of the customer's inquiry. /1/

1. ESTABLISHING AND FURNISHING SERVICE (cont'd)

1.5 Denial or Termination of Service (cont'd)

C. When service is restored after temporary denial, the Company will make a pro rata allowance at the schedule rate for the service denied, beginning with the day following the denial. However, when the service is restored on the same day as the denial, no credit will be given.

D. Abuse or fraudulent use includes, but is not limited to:

1. The use of service or facilities of the Company for a call or calls anonymous or otherwise, if in a manner reasonably to be expected to frighten, abuse, torment or harass another;
2. The use of profane or obscene language;
3. The impersonation of another with fraudulent intent;
4. The use of the service in such a manner as to interfere with the service of others or to prevent others from making or receiving calls over their telephone service;
5. The use of the service for any purpose other than as a means of communication;
6. The use of service or facilities of the Company to transmit a message or to locate a person or otherwise to give or obtain information, without the payment of the applicable local message charge or message toll charge; and
7. The obtaining, or attempting to obtain, or assisting another to obtain or attempt to obtain, local or message toll telephone service, by rearranging, tampering with, or making connection with any facilities of the Company, or by any trick, scheme, false representation, or false credit device, or by or through any other fraudulent means or device whatsoever, with intent to avoid the payment, in whole or part, of the regular charge for such service.

E. When some or all of a customer's services have been denied or terminated in accordance with this tariff through the completion of a Company service order, the customer may be held responsible for fees associated with collection efforts, including attorneys' fees. (N)

(N)

(D)

2. PAYMENT FOR SERVICE (cont'd)

2.3 Advance Payments and Deposits (cont'd)

B. Deposits (T)

The Company may, in order to safeguard its interests or those of an IXC for whom the Company is an authorized agent, require an applicant or a customer to make suitable deposit to be held by the Company or IXC. In addition, the Company may require customers who file for bankruptcy to furnish adequate assurance of payment in the form of a deposit or other security in accordance with the U.S. Bankruptcy Code, Section 366. Deposits for residential service shall be in accordance with OAC 4901:1-5 and Case No. 05-1102-TP-ORD. Further, the Company may require toll caps in lieu of, or in combination with, a deposit or advance payment to establish creditworthiness. (C) (N) (N)

The fact that a deposit has been made in no way relieves the applicant or customer from complying with the Company's regulations as to advance payments and the prompt payment of bills. At such time as the contract is terminated, such amount of the deposit as is necessary will be applied to any indebtedness to the Company for telephone service charges. A deposit may be refunded or credited to the customer's account at any time prior to the termination of the contract in accordance with the Company's policies. /1/ | /1/ (C)

2.4 Customer Billing Adjustments

The Company incorporates by reference, and will adhere to, the guidelines for subscriber billing adjustments for local exchange service, as found in OAC 4901:1-5-08.

(C)

The Company will issue applicable billing adjustments when it misses appointments and/or commitments after the subscriber requests a due-date change for out-of-service repairs (A) where the subscriber provides the Company at least 24 hours notice for such changes, and (B) where the subscriber did not prevent the Company from completing the subject repairs on a prior premises visit.

The Company will issue applicable installation charge adjustments when it misses appointments and/or installation intervals after the subscriber requests a due-date change (A) where the subscriber provides the Company at least 24 hours notice, and (B) where the subscriber did not prevent the Company from completing the installation on a prior premises visit.

In all cases in which a customer agrees to an appointment but the customer misses the appointment without providing at least 24 hours notice prior to the time of the appointment, no billing adjustment will be made by the Company.

The Company may obtain a grace period of an additional 48 hours due to extreme, unique and unforeseeable weather related events where otherwise, a customer adjustment would accrue as set forth in OAC 4901:1-5-08(D).

2. PAYMENT FOR SERVICE (cont'd)

2.6 Minimum and Maximum Level Pricing

- A. For certain items offered under the provisions of this tariff the rates and charges are identified as maximum level. The present applicable rates and charges are contained in a pricing list furnished to the Public Utilities Commission of Ohio (P.U.C.O.) by the Company. (T)
- B. The Company will furnish to the P.U.C.O. a new list reflecting changed rates and charges on one day's notice. (T)
- C. The provisions of this paragraph 2.6 apply to the following: (T)
 - 1st, 2nd and 3rd Access Lines
 - Caller ID
 - Call Waiting
 - Call Trace
 - Nonpublished Service

 - Per Line Number Blocking
 - COCOT Access Lines
 - 911 Service

2. PAYMENT FOR SERVICE (cont'd)

2.7 Returned Check Charge***

When a customer's check is not honored by their bank and the check is returned to the Company due to "insufficient funds" in the customer's account or similar reasons, a \$25.00 "Return Check Charge" will apply, unless the customer can establish that the charge should not be assessed.

2.8 Individual Customer Contracts

The Company may offer services to individual customers for terms and for rates and charges that differ from those stated in this tariff. Individual contracts will specify these terms, length of service, conditions and rate levels applicable to those specific customers. These contracts will be filed with the P.U.C.O. as required by 4901:1-6-17 and become effective immediately upon signing.

2.9 Late Payment Charges for Non-Residence Service***

A late payment charge will be applied to non-residential customer bills which remain unpaid after the due date. This charge will be the greater of either \$11.00, or an amount that equals 1.5% of all unpaid charges which are past due; except that the charge is not applicable as specified below. This late payment charge will not be placed on the customer's account until the past due, unpaid balance on that customer's account exceeds \$10.00.

- A. The late payment charge does not apply to: (T)
- Amounts which are in dispute at the time the late payment charge would otherwise be applied.
 - Federal excise tax or any other taxes levied by law directly on the customer.
 - Accounts of the federal, state county or local government.
 - Amounts billed by the Company for other entities for which the charge is not authorized by those entities' appropriate tariffs or contracts, other than Interexchange Carrier Services for which the Company, acting as the principal Billing and Collection Agent, purchases the accounts receivable in advance of subscriber billing.
- B. Credit, deposit and collection procedures outlined elsewhere in this tariff are not waived or foreclosed by the application of a late payment charge. (T)

*** Denotes Tier 1 Charge

2. PAYMENT FOR SERVICE (cont'd)

2.10 Late Payment Charges for Residence Services***

A late payment charge will be applied to residential customer bills which remain unpaid after the due date. This charge will be the greater of either \$5.00, or an amount that equals 1.5% of all unpaid charges which are past due; except that the charge is not applicable as specified below. This late payment charge will not be placed on the customer's account until the past due, unpaid balance on that customer's account exceeds \$25.00, and it is at least nineteen calendar days from the postmark on the bill. (C)

A. The late payment charge does not apply to: (T)

Amounts which are in dispute at the time the late payment charge would otherwise be applied.

Any previous late payment fees included in the amount due. (N)

Service establishment charges for Lifeline. (N)

Federal excise tax or any other taxes levied by law directly on the customer.

Amounts billed by the Company for other entities for which the charge is not authorized by those entities' appropriate tariffs or contracts, other than Interexchange Carrier Services for which the Company, acting as the principal Billing and Collection Agent, purchases the accounts receivable in advance of subscriber billing.

Amounts upon which an Interexchange Carrier has already assessed a Late Payment Charge.

*** Denotes Tier 1 Charge

2. PAYMENT FOR SERVICE (cont'd)

2.10 Late Payment Charges for Residence Services (cont'd)

- B. Each customer account shall be permitted a one-time waiver of a monthly late payment charge upon request by the customer provided the customer has paid the monthly bill to which the late payment charge was to apply. (T)
- C. Credit, deposit and collection procedures outlined elsewhere in this tariff are not waived or foreclosed by the application of a late payment charge. (T)

2.11 Convenience Fee for Payment Made with a Company Representative^{/1/}

A fee may apply for each instance of payment of charges made with a Company Representative, when authorized by the subscriber, for one-time electronic payments by check, credit card, or by any other discretionary method that may be accepted by the Company. The subscriber would be informed by the Company Representative of any applicable charges prior to processing the subscriber's payment and given the opportunity to be transferred to the automated payment system to avoid this charge.

This fee would not apply when automated payment systems are unavailable due to system outages. This fee would also not apply for payments taken directly by subscribers to authorized Company payment locations, payments mailed in, payments made using self service payment options, or automatic funds transfer.

Customers who are physically unable to use other payment alternatives, including the automated system, and who inform the Company Representative of such limitations on each call, would not be subject to the fee. The Company reserves the right to require medical certification.

Charge

Residence \$5.00

2.12 Telecommunication Relay Services (TRS)

Customers may be assessed a monthly charge per line to fund the Telecommunication Relay Services for the State of Ohio in accordance with section 4905.84 of the Revised Code. This charge shall in no event exceed the per end user line (or equivalent) assessment of the Public Utilities Commission of Ohio levied upon the Company.

/1/ Denotes Tier 2 Service.

3. OBLIGATION AND LIABILITY OF THE COMPANY

3.1 Liability of The Company

In view of the fact that the customer has exclusive control of his communications over the facilities furnished him by the Company, and of the other uses for which facilities may be furnished him by the Company, and because of unavoidsableness of errors incident to the services and to the use of such facilities of the Company, the services and facilities furnished by the Company are subject to the terms, conditions and limitations herein specified.

- A. The Company's liability, if any, for its willful misconduct is not limited by this tariff. With respect to any other claim or suit by a customer or by any others for damages associated with the installation, provision, termination, maintenance, repair or restoration of service, and subject to the provisions of 2., following, the Company's liability, if any, shall not exceed an amount equal to the proportionate charge for the service for the period during which the service was affected. This liability for damages shall be in addition to any amounts that may otherwise be due the customer under this tariff as a Credit Allowance for a Service Interruption. (T)

Approval of the above tariff language by the PUCO does not constitute a determination by the Commission that the limitation of liability made a condition of service by the Company should be upheld in a court of law. Approval by the Commission merely recognizes that since it is a court's responsibility to adjudicate damage claims, it is also the court's responsibility to determine the validity of the limitation clause.

5. INITIAL CONTRACT PERIODS AND TERMINATION CHARGES (cont'd)

/1/
/2/

5.1 Initial Contract Periods (cont'd)

B. Application of Initial Contract Periods (cont'd)

2. Nonrecurring Charge Items

The initial contract period for facilities and equipment furnished at a nonrecurring charge only, is the period for which the service is rendered.

3. Special Equipment

The initial contract period for special equipment, and for other equipment or facilities furnished at rates or charges based upon costs incurred, will be governed by the circumstances of each case.

4. Other Services and Equipment

	<u>Initial Contract Period</u>
<u>Lobby Interphone System</u> Common equipment	One year on Company premises (same central Office)

5. INITIAL CONTRACT PERIODS AND TERMINATION CHARGES (cont'd)

5.2 Termination Charges (cont'd)

B. Conditions Under Which Termination Charges Do Not Apply (cont'd)

2. Changes in Main Station Service

Termination charges do not apply to service displaced in the case of changes.

- a. From one class of main station service to another, or (T)
- b. From one grade of main station service of a given type to another grade of the same type for the same customer. (T)

3. Relocation or Discontinuance of Main Station Service

When main station service is relocated on non-continuous property, or discontinued, termination charges do not apply to such relocated or discontinued service provided the class of service involved has been furnished to the customer on his continuous property for a period of one month or more.

4. Termination of Service In Disaster Cases

Termination charges do not apply to service which is terminated due to fire, flood or other like disaster.

5. Discontinuance of Custom Calling Service Features

Termination charges do not apply to custom calling service if discontinued within 15 days after installation by a customer who does not wish to retain such service, as set forth under Custom Calling Service.

6. Changes Involving Exhibition Hall and Centrex Systems

- a. Termination charges do not apply to attendant positions removed within ninety days after the system was initially installed except:
 - (1) Where the entire service is terminated, or (T)
 - (2) The removed attendant position is replaced by another type attendant position (i.e., change from attendant key console to cord switchboard, or vice versa). (T)
- b. Termination charges do not apply to an attendant key console changed to one of greater capacity, however a new initial contract period applies to the replacing console.

5.2 Termination Charges (cont'd)

B. Conditions Under Which Termination Charges Do Not Apply (cont'd)

7. Withdrawal of Experimental Offerings

Termination charges do not apply to service which is terminated due to withdrawal by the Company of an experimental offering of such service.

C. Service Terminated After Expiration of Initial Contract Period

When service is terminated after the expiration of the initial contract period, the charges applicable are those due through the last day of service whether this be a full day or a part of a day. However, in the case of additional directory listings and joint user service, after listings have appeared in the directory, each directory period is considered as a separate initial contract period (i.e., listings are automatically included in each directory issue unless notice to the contrary is received from the listed party or customer) and termination may be arranged for only under the conditions specified in A-1 preceding.

6. INFORMATIONAL NOTICE

6.1 Landline Direct-Dialed Calls

Landline direct-dialed calls made by the customer to certain cellular or paging telephone numbers may incur an additional charge. This charge is assessed by the wireless provider, not by AT&T Ohio.

7. DISASTER PLANS

/1/
/3/

7.1 Disaster Relief Plan^{/2/}

When a business or residence customer's premise is destroyed or partially destroyed by means beyond the control of the customer, i.e., natural disaster or fire, the following emergency plan will go into effect, except as provided pursuant to the Major Disaster Relief Plan below:

- The service connection charge to re-establish the local exchange access line after the disaster will be waived.
- The monthly rate and associated Service Connection Charge will be waived for thirty days for the following services:
 - Call Forwarding
 - Call Forward Busy Line
 - Call Forward Don't Answer
 - Remote Call Forward
 - Message Waiting Indicator

7.2 Major Disaster Relief Plan

To assist in cases of state and/or federally recognized disasters, AT&T Ohio may provide special offerings of its products and services to residence and business customers. Such disasters include, but are not limited to, natural disasters, terrorism, military action or war.

The disaster aid offering(s) will be at the discretion of the Company and the Public Utilities Commission of Ohio will be notified of the terms and conditions of the offering(s).

The offering(s) will be limited in duration.

8. MEET POINT BILLING ARRANGEMENTS

When facilities are provided jointly by the Company and one or more other telephone companies, and a Commission approved multiple bill, multiple tariff (MBMT) arrangement is in place between the Company and the other telephone company or companies, the regulations and prices of such other telephone companies apply for the equipment and facilities furnished by them for use in connection with the service provided by the Company.

When the Company and one or more other telephone companies involved in provisioning services operate under a meet point multiple billing arrangement, and a Commission approved MBMT arrangement is in place between the Company and the other telephone company or companies, the portion of the circuit(s) located in that telephone company's area will be billed by that company. Under this arrangement, AT&T Ohio will bill the customer for their portion of the circuit(s) located in its territory at its tariffed rates, while the other telephone company or companies involved will bill the customer at their tariffed rates for the portion of the circuits located in their company territory.

9. REWARDS AND INCENTIVES

From time to time, AT&T may offer an incentive or reward card when customers purchase or subscribe to AT&T products or services. Customers may use these incentive or reward cards to pay for AT&T services.

(N)

10. CUSTOMER RIGHTS AND RESPONSIBILITIES

(C)

Customers have certain rights and responsibilities under the Ohio Minimum Telephone Service Standards (OAC 4901:1-5). These safeguards can be found in the appendix to OAC 4901:1-5-03, which is entitled, "Telephone Customer Rights and Responsibilities." These rights and responsibilities include complaint handling, ordering or changing service, service repair, payment of bills, and disconnection and reconnection of service.

SECTION 1 - Service Charges

2nd Revised Sheet 2
Cancels 1st Revised Sheet 2

1. SERVICE ESTABLISHMENT AND CHANGE CHARGES (cont'd)

1.1 Definitions of Terms used in this Section (cont'd)

Simple Service

Simple residence and non-residence^{/1/} exchange service includes network exchange access lines and their associated facilities and equipment which met all of the following conditions: (C)

1. The network access lines are served from their normal serving central office.
2. All terminations of the network access lines are confined to a single continuous property.
3. Customer premises equipment connected to such network access lines is limited to non-key telephones with associated miscellaneous or supplemental equipment.

Where more than one exchange service is billed on a single account, the multi-line account is considered simple only when all the network access lines meet the criteria as outlined in 1. through 3 preceding.

1.2 General Regulations

A. Nonrecurring charges (NRC) are applicable for the following work functions required to establish exchange service:

1. Service Ordering Charge - A nonrecurring charge which covers receiving, recording and processing information necessary to execute a customer's request for service.
2. Central Office Connection Charge - A nonrecurring charge for establishing or changing central office connections which may include, but are not limited to, circuit design work and establishing or changing central office connections.
3. Line Connection Charge - A nonrecurring charge for performing any of the operations associated with the connection of the network access line and a network interface.
4. Network Wiring Charge

A one time charge consisting of a time sensitive network wiring charge required to perform customer requested work on the customer's premises, except work required to establish or reestablish network access.

/1/ Applies to the 1st access line in competitive and non-competitive exchanges and to the 2nd – 3rd access lines in non-competitive exchanges. (N)

1. SERVICE ESTABLISHMENT AND CHANGE CHARGES (cont'd)

1.2 General Regulations (cont'd)

- B. Service Establishment and Change Charges apply in addition to all other rates and charges for services provided by the Company.
- C. The charges specified in this section contemplate work being performed by the Company during the usual working hours on normal working days. When, at the specific request of the customer or applicant for service, work is performed at other times, either for the convenience of the customer or applicant for service or for other reasons not under the control of the Company, the expense incurred by the Company in excess of the normal expense of such work, when performed during usual working hours on normal working days, may be billed to the customer or applicant for service, in addition to the charges otherwise applicable.

1.3 Nonrecurring Charges

- A. Application of NRCs to Establish Services

Except where otherwise specified in this paragraph 1.3, the same nonrecurring charges apply to residence and non-residence^{/1/}.

(C)

The Central Office Connection and Line Connection Charges do not apply to the transfer of an existing central office line serving a reseller's end user when there is no interruption of service.

(D)

(D)

/1/ Applies to the 1st access line in competitive and non-competitive exchanges and to the 2nd – 3rd access lines in non-competitive exchanges.

/1/ Nonrecurring charges associated with the Service Ordering Charge will have the pricing flexibility (as permitted by O.A.C. 4901:1-4 and 4901:1-6) of the most restrictive access line in the order. For example, if the order is for the installation of an initial access line, the tier 1 core pricing flexibility rule would apply. If an order is placed for both an initial and additional line, tier 1 rules would again apply. If the order is associated only with the addition of a 2nd and/or a 3rd line, the tier 1 non-core rule applies in non-competitive exchanges while the tier 2 rule applies in competitive exchange. If the order is placed for the addition of a 3rd and a 4th line, the tier 1 non-core rule applies in non-competitive exchanges while the tier 2 rule applies in competitive exchanges. Tier 2 rules apply when the order adds a 4th or higher line to the customer's account. (C)

1. MONTHLY EXCHANGE SERVICES

Telephone Exchange Service is the furnishing of facilities necessary for communicating within specified exchange areas. Service is comprised of three components - network access line, central office termination and usage. There are two classes of service, Non-Residence and Residence. Except where otherwise provided the monthly rates in this paragraph 1 cover the access line and central office termination for the types and classes of exchange service listed.

A list of exchanges and network access areas appears in Section 1 preceding.

A. Network Access Lines

Monthly rates for network access lines are determined by class of service and by access area. The customer's normal serving central office determines the applicable access area rate. The access areas, by exchange, are shown in Section 1 preceding.

Central Office Termination

Furnishes dial tone along with a termination for the network access line to the serving central office for the placing and receiving of calls.

2. Minute Line Service

Minute Line Service is offered where facilities and conditions permit as designated in Part 9, Section 1, Pricing List of the AT&T Ohio Guidebook. (C)

Minute Line Service is available only to residence customers who subscribe to Schedule C as set forth in Part 9, Section 1 of the AT&T Ohio Guidebook. (C)

Local usage charges are based upon two measured elements, i.e., the duration of each local message and the time of day each local message is originated, subject to the following:

a. Duration

- (1) A charge applies for each minute, or fraction thereof.
- (2) A local message is considered as starting at the time telephone communication is established between the calling station and the called telephone number.
- (3) Chargeable time ends when the calling station "hangs up" thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released by automatic timing equipment in the telephone network.
- (4) Chargeable time does not include time lost because of faults or defects in the service.

b. Time of Day

- (1) Discounts apply to the total charges for local messages as set forth in 2.b. following during certain time periods as outlined below:

Time Periods	
No discount -	8:00 AM to 9:00 PM* - Monday through Friday
50% discount -	9:00 PM to 8:00 AM* - Monday through Friday All day Saturday, Sunday and Holidays

* To, but not including.

3. LIFELINE OHIO

/2/(T)

A. General

1. Lifeline Ohio is a telephone assistance program which provides certain eligible residential customers requesting residence telephone exchange service with the following benefits:
 - Recurring discount equal to the maximum contribution of federally available assistance will be applied to the monthly basic local exchange service charge; at no time should the discounts cause the monthly basic local exchange service rate to be less than zero,
 - Waiver of the Federal Subscriber Line Charge,
 - Waiver of a deposit to establish service,
 - Waiver of the applicable service connection charges for establishing, re-establishing or restoring service,
 - Free toll restriction and automatic blocking for 900 and 976 calls upon request,
 - Waiver of applicable service conversion charges for customers changing to or from Lifeline Ohio. (Lifeline Ohio does not apply to network wiring charges.)
 - The option to purchase the Call Waiting, at the applicable tariff rate. All other optional features are prohibited unless the Company receives a signed statement from the customer self-certifying that the feature is necessary from medical or safety reasons.^{/1/}
 - The option to purchase an additional line at usual, non-discounted rates.
 - Payment arrangements on outstanding balances as noted in 4.B.11.

/1/ On a trial basis and until otherwise ordered by the PUCO, residential Lifeline customers have the option to purchase optional features, in addition to Call Waiting, either individually or in a package, at the applicable tariff rate, without having to certify that the optional feature is necessary for medical or safety reasons during the trial period pursuant to a waiver of Rule 4901:1-4-06(B)(1)(c) O.A.C. granted April 25, 2007 in Case No. 02-3069-TP-ALT.

2. **ELIGIBILITY CERTIFICATION – PROGRAM BASED CRITERIA.** The Company shall, where available, automatically enroll customers into this plan who participate in one of the qualifying programs shown in 4.B.1.a. above. The Company will also enroll customers by using online Company to agency verification, where available, or by self-certification. If a customer self-certifies, the Company will require, as proof of eligibility for Lifeline Ohio, a document signed by the customer, certifying under penalty of perjury, that the customer is receiving benefits from one of the programs identified in 4.B.1.a above, identifying the specific program or programs from which the customer receives benefits, and agreeing to notify the carrier if the customer ceases to participate in such program or programs. Customers who self-certify their eligibility by participating in one of the programs identified in 4.B.1.a above will receive a self-certification form which must be returned to the Company within 60 days of the date on the form to complete their Lifeline Ohio enrollment. A customer who fails to return the form within 60 days after the date on the form will be subject to having any Lifeline Ohio benefits currently received terminated. Before the termination of any Lifeline Ohio benefits, the Company will send a reminder letter directing them to return the form within 30 days. If the self-certification form is not received within that 30 day period, the Lifeline Ohio benefits currently received i.e. any non-recurring service establishment charges will be billed to the customer's account equally over 3 billing periods. Customers who do not complete fully, and return the self-certification form to the Company within 90 days will be required to re-apply to receive Lifeline Ohio benefits.
3. **ELIGIBILITY CERTIFICATION – INCOME BASED CRITERIA.** When a customer enrolls into Lifeline Ohio using the income based criteria identified in 4.B.1.b above, supporting documentation consistent with that defined on the applicants self-certification form must also be supplied. All customers applying for Lifeline Ohio service using the income based criteria must complete the self-certification form and return it to the Company within 60 days of the date on the form along with a photocopy of the required documentation as noted in 4.B.1.b. of this section. Customers who fail to return the form and a photocopy of the required documentation within 60 days after the date on the form will be subject to having any Lifeline Ohio benefits currently received terminated. Before the termination of any Lifeline benefits, the Company will send a reminder letter directing them to return the form within 30 days. If the self-certification form is not received within that 30 day period, the Lifeline Ohio benefits currently received i.e. any non-recurring service establishment charges will be billed to the customer's account equally over 3 billing periods. Customers who do not complete fully, and return the self-certification form and all of the required documentation to the Company within 90 days will be required to re-apply to receive Lifeline Ohio benefits.

4. New customers who establish service coincident with the application for Lifeline Ohio service, and who complete fully, and return all of the required documentation within 60 days will receive a credit for Lifeline Ohio service back to the date their service is installed. Existing customers who complete fully, and return all of the required documentation within 60 days will receive a credit for Lifeline Ohio service starting with the date the Company sends the form to the customer. If a customer disagrees with the Company's findings as they relate to their Lifeline Ohio eligibility, the Commission's informal and formal dispute resolution mechanisms are available.
5. The Company reserves the right to perform a verification audit of a customer receiving Lifeline Ohio benefits. The Company is permitted to use any reasonable method to verify the continued eligibility of the customer.
6. As a part of the eligibility verification audit, a customer currently receiving Lifeline Ohio benefits will be sent a re-certification letter and asked to return it to the Company within 60 days. If they do not respond within 60 days by providing all of the required documentation necessary to recertify via either program or income-based criteria, all Lifeline Ohio benefits will be removed from the customers account. If the Lifeline Ohio benefits are removed, the customer will be required to make a new application in order to receive Lifeline Ohio benefits. If a customer disagrees with the Company's findings as they relate to their Lifeline Ohio eligibility, the Commission's informal and formal dispute resolution mechanisms are available.

8. Lifeline Ohio is only available with Flat Rate Service.
9. Lifeline Ohio is available for a single telephone line listed in the primary customers name and at the customer's principle place of residence.
10. The waiver of the service connection charges under Lifeline Ohio shall be available to eligible customers not more than once in a one-year period at the same address. (Customers must pay, or make arrangements to pay the Company, any outstanding bills for regulated telephone services in the customer's name, and no other member of the household can owe money for such services previously provided at the customer's current address, in order to benefit from such waivers, pursuant to Ohio Administrative Code 4901:1-5-17.)
11. Lifeline Ohio customers with past due bills for regulated local service charges will be offered special payment arrangements with the initial payment not to exceed \$25.00 before service is installed, with the balance for regulated local charges to be paid over six equal monthly payments.

Lifeline Ohio customers with past due bills for toll service charges will be required to have toll restriction until such past due toll service charges have been paid or until the customer establishes service with a subsequent toll provider pursuant to the minimum telephone service standards.

Late payment charges will apply to applicable tariffed services and applicable recurring and nonrecurring charges which remain unpaid after the due date, as indicated in Part 2 Section 2 of this Tariff.
12. Lifeline Ohio customers are permitted to subscribe to long distance service. However, Lifeline Ohio customers are prohibited from purchasing optional features, other than call waiting, offered by the Company, unless the Company receives a signed statement from the customer, self-certifying that the feature is necessary for medical and/or safety reasons.^{/1/}

/1/ On a trial basis and until otherwise ordered by the PUCO, residential Lifeline customers have the option to purchase optional features, in addition to Call Waiting, either individually or in a package, at the applicable tariff rate, without having to certify that the optional feature is necessary for medical or safety reasons during the trial period pursuant to a waiver of Rule 4901:1-4-06(B)(1)(c) O.A.C. granted April 25, 2007 in Case No. 02-3069-TP-ALT.

4. LIFELINE OHIO (cont'd)

C. Rates and Charges

1. The rate for Lifeline Ohio is the Company's applicable network access line rate, central office termination rate^{/1/}, usage and subscriber line charge, less the discount, plus any applicable charges for optional features.

The discount applies toward standard prices. The total Lifeline Ohio discount is an amount calculated to ensure the maximum federal contribution.

Pursuant to 4901:1-4-11(D) O.A.C., any increases to basic local exchange service rates that arise from the determination that a specific exchange is competitive, Lifeline Ohio customer accounts will be credited for the same amount as the increase so as to offset that increase.

1. ADVANCED CUSTOM CALLING SERVICE

A. General

1. Residential Tier 1 and Tier 2, and non-residential Tier 1 Advanced Custom Calling Service as provided for in this Section is a telecommunications service that consists of one or more of the optional service features described in B. following. (C)
2. Advanced Custom Calling Service is available to customers subscribing to residence and non-residence exchange services.
3. The service is offered from central offices where the Company has arranged the equipment for Advanced Custom Calling and is furnished subject to the availability of facilities. However, a feature cannot be successfully activated unless both the called and calling parties are served by, and the call is routed through, an appropriately equipped central office.
4. Service Charges are not applicable when Custom or Advanced Custom Calling features are added to existing service if installed within 60 days of the date on which these features are initially offered from the serving central office.

1st Revised Sheet No. 1.1

1. ADVANCED CUSTOM CALLING SERVICE (cont'd)

B. Feature Description

1. Repeat Dialing

This feature will enable a customer to reach a called party whose number is busy without having to continually redial the telephone number. The busy number will automatically be dialed, for a thirty (30) minute period, until it becomes available. The caller can make and receive calls during the 30-minute period that the busy number is being dialed. The caller will receive a special ring back when both numbers are freed for use. The feature can also be used to recall a called party after the conversation has been terminated.

2. Calling Party Number Blocking

Calling Party Number Blocking provides telephone customers with the capability to prevent the disclosure of the calling telephone number on calls made to an exchange service equipped with Caller ID and other Advanced Custom Calling services where the calling party number may be disclosed. Calling Party Number Blocking is available on a per call basis for residence and non-residence customers. Calling Party Number Blocking is available on a per service basis for residence and non-residence customers. (C)

Per call Calling Party Number Blocking is accomplished by the customer dialing an activation code (*67 for Touch-Tone and 1167 for rotary dial pulse) prior to placing each call for which blocking is desired. Per call blocking is automatically provided without charge to all customers in central offices equipped to offer Caller ID or other Advanced Custom Calling Services where calling party number may be disclosed.

Calling Party Number blocking, (per-call or per-line) automatically prevents the display of the calling telephone number on calls dialed from an exchange service equipped with this option, except for calls made to 911 or to a party that subscribes to an ANI or charge number based service and the call if paid for by the called party.

Issued: August 11, 2004

Effective: September 10, 2004

In accordance with an Order issued by the Public Utilities Commission of Ohio, dated January 6, 2003, Case No. 02-3069-TP-ALT.

By Connie Browning, President, Cleveland, Ohio

1. ADVANCED CUSTOM CALLING SERVICE (cont'd)

B. Feature Description (cont'd)

2. Calling Party Number Blocking (cont'd)

Per Line^{/1/} Calling Party Number Blocking automatically prevents the display of the calling telephone number on all calls dialed from an exchange service equipped with this option. It is not necessary to dial an activation code prior to placing the call. After being informed of their blocking options by the Company, customers may subscribe to Per Line Blocking at the rates set forth in Paragraph 1.C.1. following.

No business, organization or other person may use Calling Party Number Blocking where the primary purpose is to make telephone solicitation calls. The term "telephone solicitation" means the initiation of a telephone message primarily for the purpose of encouraging a person to purchase, rent, or invest in property, goods, or services or to donate to any charity or similar organization or entity without that person's prior express invitation or permission.

Blocked Calling Party Number Identification will be delivered to certain qualifying customers as described in FCC Memorandum Opinion and Order, CC Docket No. 91-281, adopted January 4, 2002. Such customers must certify to the Company compliance with the waiver order's eligibility requirements.

3. Caller ID^{/2/}

Caller ID allows a customer to identify the telephone number from which a call is being made. The telephone number of the person initiating the call is displayed on a customer-provided display device except as noted below. The customer-provided display device must conform with the Technical References. These technical reference documents may be obtained from: (C)

APEX Support Team
1-(734)-523-7348

Caller ID is offered in appropriately equipped central offices.

Some call information may be blocked or otherwise not displayed, including information for some calls originating outside of AT&T's network and calls carried over facilities that do not transmit Caller ID information. (N)

(N)

/1/ Denotes Tier 1 Non-core service in non-competitive exchanges and a Tier 2 service in competitive exchanges.

/2/ Denotes Tier 1 Core service in all exchanges.

1. ADVANCED CUSTOM CALLING SERVICE (cont'd)

B. Feature Description (cont'd)

4. Caller ID With Name

Caller ID with Name works along with Caller ID and provides for the display of an incoming telephone number and listed name associated with that telephone number, on a customer-provided display device attached to the customer's (called party's) line or set. The customer-provided display device used to interface with Caller ID and Caller ID with Name must conform with the Technical Reference Specifications as used by the Company.

The technical reference documents are available from:

APEX Support Team
1-(734)-523-7348

Unless Calling Party Number Blocking is activated, and except as noted below, the telephone numbers and names associated with all calls originating from appropriately equipped switches will be displayed. Some call information may be blocked or otherwise not displayed, including information for some calls originating outside of AT&T's network and calls carried over facilities that do not transmit Caller ID information. (C)
(C)
|
(C)

Caller ID with Name is offered in appropriately equipped central offices and is available with individual non-residence and residence lines.

5. Call Waiting ID

Allows customers to identify the name and/or number of an incoming caller when they are already speaking on the telephone and receive another phone call. Call Waiting ID service will allow for the display of the name and/or number of the new caller on the customer's CPE. This service allows the customer to decide if he wants to answer the new incoming call.

Call Waiting ID is offered subject to the following limitations:

- a. Customer must also subscribe to Call Waiting and Caller ID with Name.
- b. Service Terms and Conditions for both Custom Calling Services and Advanced Custom Calling Services will apply.
- c. Customers are responsible for furnishing their own compatible CPE, which should include the Caller ID capability necessary to display the calling party's name and/or number.
- d. Available only where central office facilities permit.

1. ADVANCED CUSTOM CALLING SERVICE (cont'd)

B. Feature Description (cont'd)

6. Automatic Callback

Automatically returns the last incoming call whether or not it was answered. To activate Automatic Callback, the customer dials a code. The network will then either attempt a callback, or in offices so equipped, the customer will hear an announcement of the telephone number of the last party that called. If the customer wishes to return the call immediately, voice prompts will instruct the customer to dial a certain digit and the call will automatically be returned. If the number is busy, Automatic Callback will continue to redial the number for up to 30 minutes.

If the caller uses per call or per line blocking, a called party who activates Automatic Callback will not receive the voiceback of the calling party's telephone number information but will be able to return the call. Additionally, where mandated, customers who activate call blocking on a per call or per line basis will be able to block the automatic return of calls that originate in the Youngstown Local Access Transport Area (LATA). The called party will not be charged for blocked calls.

This feature cannot be dialed from all telephone numbers.

Automatic Callback will be provided where facilities permit.

7. Call Trace^{/1/}

(T)

This feature will, upon successful customer activation, automatically trace the telephone number used for the last call received by the customer. The customer must dial a Company-designated code, and activation must occur prior to the time that either another call or the call waiting tone is received by the customer. A recording will indicate if the trace was successful or not. Within five business days after the successful activation of Call Trace, the customer must contact the Company to arrange for the continued retention of the trace record. The traced number will not be provided to the customer by the Company, but it will be provided to law enforcement officials. The practices of law enforcement officials vary, and the Company does not represent that any action will be taken by such officials with regard to the traced number. Call Trace will be available where facilities permit.

^{/1/} Denotes Tier 1 Non-core service in non-competitive exchanges and a Tier 2 service in competitive exchanges. (N)

8. Call Screening

(T)

This feature provides the customer with the ability to prevent repeated calls from an unwanted caller whose number may or may not be known. The customer receiving the call needs only to hang up and immediately dial the Call Screening access code which will deny the caller the ability to ring the customer's telephone. In addition, the customer has the ability to create a list of telephone numbers from which the customer may not wish to receive calls. Calls from these telephone numbers will be sent an appropriate announcement indicating that the call cannot be completed because the customer has activated Call Screening.

1. ADVANCED CUSTOM CALLING SERVICE (cont'd)

D. Pay Per Use

1. Certain Advanced Custom Calling Services (described in B. preceding), are also available on an optional Pay Per Use basis to customers that do not subscribe to the feature on a monthly basis. Such features, as specified in 2.a. and 2.b. following, are available on a Pay Per Use (per attempt) basis. An Automatic Callback activation is considered complete and billable after the feature is activated by dialing the first code, regardless of whether or not the call is returned, except in those cases where the calling number is not available from the network.

These features will be available on a Pay Per Use basis only from equipped central offices to residence and non-residence customers. However, these features are not available on a Pay Per Use basis to Centrex or PBX customers.

At the request of a customer that does not subscribe to the feature on a monthly basis, access to the feature on Pay Per Use basis may be blocked. Such blocking will be provided at no charge to the customer.

2. Rates

The following feature rates apply on a per attempt basis:

2. PRIVACY MANAGER®

A. Description

Privacy Manager – This feature is available to residential customers and intercepts calls that are marked “private”, “out of area”, or “unavailable” on Caller ID units. When unidentified callers dial the subscriber’s number, they will receive an announcement informing them that the party they are calling does not accept calls from unidentified callers. They will receive a prompt to state their name or the company they represent and the service will then attempt to connect the call. Only if the caller states their name will the call be connected. (C)

The subscriber’s Caller ID CPE will display the platform number and the name of the service. When the subscriber picks up the phone, they will receive a recording identifying the caller by name and will have three options: Press 1 to accept the call, Press 2 to deny the call or Press 3 to play the sales call refusal to the caller.

If the subscriber dials 2, the caller will continue to hear the recording as if the party they are calling were not at home. Forwarding on don’t answer will not take place in this scenario as the call has been rejected. If the subscriber dials 3, the calling party will hear a recording stating that the called party does not accept phone solicitations and to please place this person’s name and number on a “do not call” list.

If the subscriber has an answering machine or network Voice Mail which intercepts the call, the Privacy Manager feature will identify that the call has been answered and connect the caller to the answering system. The service will identify the call as being answered by an answering system and immediately connect the caller.

The subscriber can override the Privacy Manager platform through the use of a personal identification number which is changeable through a VRU. The subscriber would establish this PIN in the event they receive frequent calls from friends and family that register as “unknown”, “private” or “unavailable”, i.e., cellular phones, payphones, and some long distance calls. The subscriber would then provide the PIN to those callers who would invoke the PIN upon being intercepted by the platform which would enable the caller to bypass the Privacy Manager platform and the call would be directly connected. The subscriber would hear a distinctive ring and upon answering the call would not hear any of the Privacy Manager messages or prompts.

2. PRIVACY MANAGER® (cont'd)

B. Definitions

This service will be available when facilities permit. Subscribers need to have Caller ID with Name as well as Touch Tone service to subscribe to the Privacy Manager. This service will be provisioned on a line by line basis and customers with more than one line would need to have the service activated on each line if they want the ability to intercept unknown and blocked calls to each line.

3. DISTINCTIVE RING

(T)

A. Description

Distinctive Ring permits a residence customer to designate a distinctive ring on up to 5 telephone numbers from which calls have been forwarded. The customer will designate the distinctive ring telephone numbers on the initial service order. The customer may designate distinctive ring for calls forwarded from a cellular service. Forwarded calls will activate the distinctive ring pattern, while retaining any characteristics present with the original incoming call, such as Caller Name and Number. Customers must call the Business office to change their designated Distinctive Ring number.

B. Terms and Conditions

Distinctive Ring is provided subject to the availability of Central Office capacity and facilities. Distinctive Ring is available to residence exchange services unless specified otherwise. Distinctive Ring is not available to customers with the following types of service: Centrex, PBX, Primary Rate ISDN, Payphone Exchange Access Service, and other non-POTS classes of service (e.g. Inmate or hotel-motel lines). The service will not be available with 900, 976, WATS, 800 lines or data access lines.

2. If the forwarded call is "unknown" and the customer has Privacy Manager, the Privacy Manager will take priority and intercept the call and the call will be completed without a distinctive ring tone.
3. If the customer subscribes to Call Waiting, a distinctive ring tone is heard on the forwarded call.
4. Distinctive Ring is not available with Multi-Ring 2nd dependent number.
5. Distinctive Ring is not compatible with Call Forwarding features.
6. Distinctive Ring may not work with CPE containing pre-set ring tones.

A. General Provisions

1. The alphabetical directory is an alphabetical list of customers, joint users and others for whom directory listings are provided. It is designed solely for the purpose of informing calling persons of the telephone numbers of customers and others listed therein. Accordingly, listings are intended solely for purposes of identification and are limited to information which is essential to such identification.
2. The rates and regulations in this Paragraph 1 for directory listings apply to primary and additional listings in the alphabetical directory.
3. An alphabetical directory may include the listings for one or more exchange areas. More than one alphabetical directory may be included in directory book. In alphabetical directories selected by the Company, the pages are divided into two groups, one group of non-residence listings and one group of listings consisting solely of names of individuals.
 - a. Non-residence primary listings consisting solely of names of individuals will appear in both groups at no charge.
 - b. Non-residence additional listings consisting solely of names of individuals will appear in both groups without charge for the additional appearance.
 - c. Special types of additional listings will appear in both groups without charge for the additional appearance under the following conditions:
 - (1) Alternate listings, provided that they are indented under non-residence primary or regular additional listings that are listings consisting solely of names of individuals; and
 - (2) all other special types of additional listings, provided that they are listings consisting solely of names of individuals and are indented under non-residence primary or regular additional listings.
 - d. Residence primary or additional listings will appear in both groups without charge for the additional appearance, provided that they are indented under non-residence primary or regular additional listings consisting solely of names of individuals.
4. Special prominence or arrangement of names is not permitted nor is the listing of a service, commodity or trade name except when such service, commodity or trade name is a part of the name under which the listed party is doing business.

1. LISTING SERVICES (cont'd)

A. General Provisions (cont'd)

5. The Company will refuse a listing which does not constitute a legally authorized or adopted name, or any listing which, in the opinion of the Company, is likely to mislead or deceive calling persons as to the identity of the listed party, or is intended for advertising purposes or to secure a preferential position in the directory or is more elaborate than is reasonably necessary to identify the listed party. The Company, upon notification to the customer, will withdraw any listing which is found to be in violation of its rules with respect thereto.
6. The length of any listing is limited by the use of abbreviations, where, in the opinion of the Company, the clearness of the listing and the identification of the listed party is not impaired thereby. Where more than one line is required to properly list the party, no additional charge is made.
7. In connection with non-residence service, a designation, i.e., an abbreviated descriptive term characterizing the listed party's business in a general way, may be furnished as part of the listing unless the character of the listed party's business is already apparent from the form of the corporate or time name, in which case the designation is unnecessary and is not furnished.
8. The form of listings must conform to the Company's specifications with respect to its directories.
9. Listings are regularly provided in connection with exchange service of all classes, grades and types, except dormitory individual lines and Centrex dormitory station lines.
10. A Business Customer may list a different telephone number in the Company's Directory Assistance Records than the number listed in the Directory; provided the Business Customer or its representative; 1) has entered into a separate agreement with the Company to list a different telephone number in the Company's Directory Assistance records; 2) complies with the Company's rules for such listings; and 3) has a local telephone number that the Business Customer will continue to answer. The Company reserves the right to reject such requests or remove such numbers from its Directory Assistance Records at the Company's reasonable discretion. The Business Customer or its representative may not list a different telephone number in the Company's Directory Assistance Records, if in the Company's reasonable opinion: the use of such number could potentially mislead or deceive the public; the Business Customer does not have the right to use such number; or, use the number by the Business Customer does not comply with applicable law or regulations. The Business Customer assumes full responsibility concerning the right to use the telephone number and the Company does not undertake to determine the Customer's legal, contractual or other right to use the telephone number. The Business Customer will indemnify, defend, and hold harmless the Company from any claims, lawsuits, costs, damages, judgments, liabilities, losses or expenses, including reasonable attorney fees, that arise from the Business Customer not having the right to use the telephone number, not complying with applicable law and regulations, or misleading or deceiving the public in any manner.

6. A dual name listing is comprised of a surname, two first names, an address and telephone number. This listing may be provided as the primary listing associated with residence service for two persons who share the same surname and reside at the same address or for a person known by two first names. (T)

C. Additional Listings

(D)

1. Residence Additional Listings (T)

- a. Residence additional listings are listings in addition to the primary listing furnished in connection with residence service and may be the names of members of the customer's family or of other persons residing in the customer's household. Such listings may also be in the form of dual name listings as described in B-7 preceding.
- b. Residence additional listings are also permitted in connection with non-residence service which is located in a residence and for permanent guests residing in a transient hotel, motel, or club, and tenants in an apartment house or apartment hotel.

2. Addresses and Telephone Numbers of Additional Listings (T)/2/

Ordinarily, all additional listings are of the same address and telephone number as the primary listings, except in the case of alternate listings and listings for systems or services with in-dialing. When it appears necessary as an aid to the use of the directory and provided satisfactory service can be furnished, a listing will be permitted under the address of a station installed on premises of the customer, but at an address different from that of the main station service.

3. Special Types of Additional Listings (T)

- a. Duplicate Listings

Duplicate listings, i.e., listings of nicknames, abbreviated names, names which are commonly spelled in more than one way, and rearrangements of names are permitted when, in the opinion of the Company, they are not desired to secure a preferential position in the directory or for advertising purposes.

- (2) The alternate number may be that of another customer's service. In such case, the consent of the other customer must be obtained before the alternate listing is furnished.

d. Foreign Listings

Foreign listings, i.e., listings in an alphabetical directory of an exchange other than that in which the listed service is furnished are furnished under the provisions applicable to regular additional listings in the alphabetical directory in which the foreign listing appears.

D. Private Listing Service

1. Upon receipt of an authorization signed by the customer, in a form satisfactory to the Company, the name of that customer and the telephone number assigned to the service furnished to him will be omitted or deleted from the Company's telephone directories and his telephone number will be omitted or deleted from its information records, subject to the provisions set forth below.
2. The Company will endeavor to prevent the disclosure of the telephone number, but shall not be liable should such number be divulged through inadvertence, or under the following circumstances where the number will be disclosed:
 - a. Where the private listing service customer calls the enhanced universal emergency telephone number (i.e. 911) to the extent that the originating telephone number, address and name associated with the originating number are furnished to the 911 service Public Service Answering Points.
 - b. Where the private listing service customer calls the telephone number of a customer subscribing to Caller ID, without using Calling Party Number Blocking as set forth in Part 7, Section 2 of this tariff, or the AT&T Ohio Guidebook to the extent that the originating telephone number is displayed on a Caller ID display device. - c. Where the private listing service customer is called back by a customer who subscribes to and uses Automatic Callback to return the call to the extent that the originating telephone number is displayed within the call detail section of the Automatic Callback subscriber's billing statement.
 - d. Where the private listing service customer calls another customer, who interprets the phone call as a harassing or threatening call and uses the Call Trace service to have the calling party telephone number and further information referred to the local law enforcement agency. The extent to which pursuit continues would depend upon the law enforcement agency.
 - e. Where the private listing service customer calls a customer who subscribes to and uses the Advanced Custom Calling Service Call Screening, the calling customer can prevent the possible exposure of his/her telephone number by using Calling Party Number Blocking. This feature is available where Call Screening is available in the Ohio Bell serving area.
3. The Company will furnish, upon request, the name of the customer to exchange service where such service is used to provide recorded announcements under the provisions of Part 2, Section 2 of this tariff or the AT&T Ohio Guidebook. (T)
4. The Company shall not be obligated to complete exchange or message toll calls to such customers, by number.

E. Semi-Private Listing Service

- 1. Upon receipt of an authorization signed by the customer, in a form satisfactory to the Company, semi-private listing service will be provided by the Company. With semi-private listing service the customer listing is omitted or deleted from the Company's directories; however, these listings are contained in information records and will be furnished upon request of the calling party.

--	--------

Billing at the rates specified above dates from the day following the posting of directory assistance records. Directory assistance records will be posted as of the delivery date of the directory in which the listing first appears or at any date prior thereto, as the customer requests.

2. Alternate listings
- The regular additional listing rate applies to alternate listings, depending on the classification of the regular listing under which the alternate listing is to appear. However, should an alternate listing follow two or more regular listings of the same customer which are in alphabetical sequence, and one of these regular listings takes the classification of non-residence, the non-residence listing rate is applicable to the alternate listing.
 - Where two or more alternate listings are furnished under one directive note or caption heading, the alternate listing rate shall apply to each listing under the note or caption, but no charge shall be made for the note or caption itself.

2. NEIGHBORHOOD SELECT

/1/

Effective October 15, 2008, no further installation of, or changes to Neighborhood Select will be made. Neighborhood Select service in service on October 15, 2008 will be continued in service only for as long as such service remains at the location at which service is being furnished on the aforementioned date. In the event that these services are discontinued at their present location for any reason, they will not be re-established.

A. Description

Neighborhood Select is a one-way optional calling plan. Neighborhood Select permits customers to expand their calling area by adding one or more exchanges from those available in the plan. The plan's additional exchanges consist of contiguous exchange(s), the exchange of the County Seat, and exchange(s) of school districts which are not included in the customer's local calling area. Neighborhood Select provides for calling on a flat rate basis from the customer's exchange to the exchange(s) selected by the customer.

B. Terms and Conditions

1. Neighborhood Select is a pilot plan that is available to residence customers. Service will commence on the effective date of this tariff. It will be offered for not less than 12 months, at which time it may be extended, modified, or withdrawn by the Company.
2. Neighborhood Select customers may select exchanges on a one-at-a-time basis from those specified in d. following
3. Neighborhood Select cannot be combined with any other optional calling plan. Neighborhood Select will not be furnished with Foreign Central Office or Foreign Exchange Services.

1. DEFINITIONS OF TERMS

Access Area

The total geographical area served from a specific central office. Central offices are grouped into three access areas, for purposes of this tariff, based upon the quantity of network access lines served per square mile.

Audio Response Unit

Mechanized announcement equipment, which uses synthesized speech to quote a telephone number to a customer who has called Directory Assistance Service.

Basic Local Exchange Service (BLES)

Residential-end-user access to and usage of telephone company provided services over a single line or small-business-end-user access to and usage of telephone-company-provided services over the primary access line of service, which in the case of residential and small-business access and usage is not part of a bundle or package of services, that does both of the following:

Enables a customer to originate or receive voice communications within a local service area as that area exists on the effective date of the amendment of this section by S.B. 162 of the 128th general assembly.

Consists of all of the following services:

Local dial tone service;

For residential end users, flat-rate telephone exchange service;

Touch tone dialing service;

Access to and usage of 9-1-1 services, where such services are available;

Access to operator services and directory assistance;

Provision of a telephone directory in any reasonable format for no additional charge and a listing in that directory, with reasonable accommodations made for private listings;

Per call, caller identification blocking services;

Access to telecommunications relay service; and

Access to toll presubscription, interexchange or toll providers or both, and networks of other telephone companies.

PART 2 - General Terms and Conditions
SECTION 1 - Definitions and Abbreviations

Original Sheet 1.1

1. DEFINITIONS OF TERMS (cont'd)

Central Office

/1/

A switching unit, in one location of a telecommunications system providing service to the general public, having the necessary equipment and operating arrangements for terminating and interconnecting lines. More than one central office may be located in the same building.

Central Office Area

The specific section of an exchange area served by a particular central office or by a particular group of central offices.

Circuit

The term applied to a channel used for the transmission of electrical energy in the furnishing of telephone service. In the case of battery circuits and generator circuits, each pair of wires or fraction thereof is considered as a separate channel.

Class of Service

The term used in describing exchange service with respect to the character of use to be made of such service. The Company furnishes two classes of service: residence and non-residence.

Common Battery Service

The type of telephone service in connection with which electrical energy for talking and signaling is supplied from a central point.

Connecting Company (Independent Company)

A corporation, association, partnership or individual (other than an Associated Bell Company) owning or operating one or more exchanges and with whom traffic is interchanged.

1. DEFINITIONS OF TERMS (cont'd)

Service Area Function - See Part 15, Section 1 of the AT&T Ohio Guidebook.

Shared Tenant Service

The resale or sharing of local exchange service in a multi-tenant single building, or a contiguous complex of buildings under common ownership or management, on non-residence individual and PBX trunks, and Centrex stations.

The Company

The Ohio Bell Telephone Company d/b/a/ AT&T Ohio

(C)

Terminal

The designation given the equipment with which a circuit is connected or the equipment on which a circuit terminates.

1. DEFINITIONS OF TERMS (cont'd)

Usual Working Hours

The hours between 8:00 A.M. and 5:00 P.M. on all normal working days, together with, in the case of maintenance and repair forces, all other regularly scheduled work hours on normal working days.

(D)

1. ESTABLISHING AND FURNISHING SERVICE (cont'd)

1.4 Telephone Numbers

The customer has no property right in the telephone number which is assigned by the Company nor any right to continuance of service through any particular central office, and the Company reserves the right to change the telephone number or the central office designation, or both, of a customer whenever it deems it necessary to do so in the conduct of its business.

1.5 Denial or Termination of Service

- A. The Company may deny or terminate any or all local service at one or more or all of the same customer's premises for the following reasons:

1. Abandonment of the service;
2. Nonpayment of any past due charges in accordance with OAC 4901:1-6-12. (C)

(a) Temporary Access To 9-1-1 Service

The Company will continue to follow its existing procedures for disconnection of local exchange service. However, for a period of 14 days following any disconnection for non-payment of a customer's telephone exchange service, a residential customer will have outgoing access to 9-1-1 service provided on the disconnected access line. If, however, the customer has another active local exchange service line at the same service address, the 14 day outgoing access to 9-1-1 service will not be placed on the disconnected line. Where 14-day outgoing access to 9-1-1 service is provided on a disconnected line, all other incoming and outgoing calls on the disconnected line will be blocked. Once the 14-day period ends, complete disconnection will occur, and access to 9-1-1 service will no longer be available from the disconnected line. (C)

3. Nonpayment of any sum on any final account. (C)
4. Abuse or fraudulent use of service as set forth in C. following; (C)
5. Any other violation of the regulations of the Company; or
6. Upon objection to the continuance of service made by or on behalf of any governmental authority.

Subsequent to the completion of an order to discontinue local service, it will be re-established only upon the basis of a new service application.

1. ESTABLISHING AND FURNISHING SERVICE (cont'd)

1.5 Denial or Termination of Service (cont'd)

- B. When service is restored after temporary denial, the Company will make a pro rata allowance at the schedule rate for the service denied, beginning with the day following the denial. However, when the service is restored on the same day as the denial, no credit will be given. (C)
- C. Abuse or fraudulent use includes, but is not limited to: (C)
1. The use of service or facilities of the Company for a call or calls anonymous or otherwise, if in a manner reasonably to be expected to frighten, abuse, torment or harass another;
 2. The use of profane or obscene language;
 3. The impersonation of another with fraudulent intent;
 4. The use of the service in such a manner as to interfere with the service of others or to prevent others from making or receiving calls over their telephone service;
 5. The use of the service for any purpose other than as a means of communication;
 6. The use of service or facilities of the Company to transmit a message or to locate a person or otherwise to give or obtain information, without the payment of the applicable local message charge or message toll charge; and
 7. The obtaining, or attempting to obtain, or assisting another to obtain or attempt to obtain, local or message toll telephone service, by rearranging, tampering with, or making connection with any facilities of the Company, or by any trick, scheme, false representation, or false credit device, or by or through any other fraudulent means or device whatsoever, with intent to avoid the payment, in whole or part, of the regular charge for such service.
- D. When some or all of a customer's services have been denied or terminated in accordance with this tariff through the completion of a Company service order, the customer may be held responsible for fees associated with collection efforts, including attorneys' fees. (C)

2. PAYMENT FOR SERVICE (cont'd)

2.3 Advance Payments and Deposits (cont'd)

B. Deposits

The Company may, in order to safeguard its interests or those of an IXC for whom the Company is an authorized agent, require an applicant or a customer to make suitable deposit to be held by the Company or IXC. In addition, the Company may require customers who file for bankruptcy to furnish adequate assurance of payment in the form of a deposit or other security in accordance with the U.S. Bankruptcy Code, Section 366. Deposits for residential BLES service shall be in accordance with O.A.C 4901:1-6-12(C)(10). Further, the Company may require toll caps in lieu of, or in combination with, a deposit or advance payment to establish creditworthiness. (C) (C)

The fact that a deposit has been made in no way relieves the applicant or customer from complying with the Company's regulations as to advance payments and the prompt payment of bills. At such time as the contract is terminated, such amount of the deposit as is necessary will be applied to any indebtedness to the Company for telephone service charges. A deposit may be refunded or credited to the customer's account at any time prior to the termination of the contract in accordance with the Company's policies.

(D)

2. PAYMENT FOR SERVICE (cont'd)

2.4 Customer Billing Adjustments

The Company will issue applicable billing credits for Basic Local Exchange Service (BLES) outages as prescribed by O.A.C. 4901:1-6-12(C).

(D)

2. PAYMENT FOR SERVICE (cont'd)

2.7 Returned Check Charge

(C)

When a customer's check is not honored by their bank and the check is returned to the Company due to "insufficient funds" in the customer's account or similar reasons, a "Return Check Charge" will apply at the rates set forth in the AT&T Ohio Guidebook, unless the customer can establish that the charge should not be assessed.

(C)

(C)

2.8 Individual Customer Contracts

The Company may offer services to individual customers for terms and for rates and charges that differ from those stated in this tariff. Individual contracts will specify these terms, length of service, conditions and rate levels applicable to those specific customers.

(C)

(D)

(D)

2.9 Late Payment Charges for Non-Residence BLES Service

(C)

A late payment charge will be applied to non-residential customer bills which remain unpaid after the due date. This charge will be the greater of either \$11.00, or an amount that equals 1.5% of all unpaid charges which are past due; except that the charge is not applicable as specified below. This late payment charge will not be placed on the customer's account until the past due, unpaid balance on that customer's account exceeds \$10.00.

A. The late payment charge does not apply to:

- Amounts which are in dispute at the time the late payment charge would otherwise be applied.
- Federal excise tax or any other taxes levied by law directly on the customer.
- Accounts of the federal, state county or local government.
- Amounts billed by the Company for other entities for which the charge is not authorized by those entities' appropriate tariffs or contracts, other than Interexchange Carrier Services for which the Company, acting as the principal Billing and Collection Agent, purchases the accounts receivable in advance of subscriber billing.

B. Credit, deposit and collection procedures outlined elsewhere in this tariff are not waived or foreclosed by the application of a late payment charge.

(D)

2. PAYMENT FOR SERVICE (cont'd)

2.10 Late Payment Charges for Residence BLES Services

(C)

A late payment charge will be applied to residential customer bills which remain unpaid after the due date. This charge will be the greater of either \$5.00, or an amount that equals 1.5% of all unpaid charges which are past due; except that the charge is not applicable as specified below. This late payment charge will not be placed on the customer's account until the past due, unpaid balance on that customer's account exceeds \$25.00, and it is at least nineteen calendar days from the postmark on the bill.

A. The late payment charge does not apply to:

- Amounts which are in dispute at the time the late payment charge would otherwise be applied.
- Any previous late payment fees included in the amount due.
- Service establishment charges for Lifeline.
- Federal excise tax or any other taxes levied by law directly on the customer.
- Amounts billed by the Company for other entities for which the charge is not authorized by those entities' appropriate tariffs or contracts, other than Interexchange Carrier Services for which the Company, acting as the principal Billing and Collection Agent, purchases the accounts receivable in advance of subscriber billing.
- Amounts upon which an Interexchange Carrier has already assessed a Late Payment Charge.

(D)

2. PAYMENT FOR SERVICE (cont'd)

2.10 Late Payment Charges for Residence BLES Services (cont'd)

(C)

- B. Each customer account shall be permitted a one-time waiver of a monthly late payment charge upon request by the customer provided the customer has paid the monthly bill to which the late payment charge was to apply.
- C. Credit, deposit and collection procedures outlined elsewhere in this tariff are not waived or foreclosed by the application of a late payment charge.

2.11 Convenience Fee for Payment Made with a Company Representative

(C)

A fee, as set forth in the AT&T Ohio Guidebook may apply for each instance of payment of charges made with a Company Representative, when authorized by the subscriber, for one-time electronic payments by check, credit card, or by any other discretionary method that may be accepted by the Company. The subscriber would be informed by the Company Representative of any applicable charges prior to processing the subscriber's payment and given the opportunity to be transferred to the automated payment system to avoid this charge.

(C)

This fee would not apply when automated payment systems are unavailable due to system outages. This fee would also not apply for payments taken directly by subscribers to authorized Company payment locations, payments mailed in, payments made using self service payment options, or automatic funds transfer.

Customers who are physically unable to use other payment alternatives, including the automated system, and who inform the Company Representative of such limitations on each call, would not be subject to the fee. The Company reserves the right to require medical certification.

(D)

2.12 Telecommunication Relay Services (TRS)

Customers may be assessed a monthly charge per line to fund the Telecommunication Relay Services for the State of Ohio in accordance with section 4905.84 of the Revised Code. This charge shall in no event exceed the per end user line (or equivalent) assessment of the Public Utilities Commission of Ohio levied upon the Company.

(D)

3. OBLIGATION AND LIABILITY OF THE COMPANY

3.1 Liability of The Company

In view of the fact that the customer has exclusive control of his communications over the facilities furnished him by the Company, and of the other uses for which facilities may be furnished him by the Company, and because of unavoidableness of errors incident to the services and to the use of such facilities of the Company, the services and facilities furnished by the Company are subject to the terms, conditions and limitations herein specified.

- A. The Company's liability, if any, for its willful misconduct is not limited by this tariff. With respect to any other claim or suit by a customer or by any others for damages associated with the installation, provision, termination, maintenance, repair or restoration of service, and subject to the provisions of 2., following, the Company's liability, if any, shall not exceed an amount equal to the proportionate charge for the service for the period during which the service was affected. This liability for damages shall be in addition to any amounts that may otherwise be due the customer under this tariff as a Credit Allowance for a Service Interruption.

5. INITIAL CONTRACT PERIODS AND TERMINATION CHARGES (cont'd)

5.2 Termination Charges (cont'd)

B. Conditions Under Which Termination Charges Do Not Apply (cont'd)

3. Withdrawal of Experimental Offerings

(C)

Termination charges do not apply to service which is terminated due to withdrawal by the Company of an experimental offering of such service.

C. Service Terminated After Expiration of Initial Contract Period

When service is terminated after the expiration of the initial contract period, the charges applicable are those due through the last day of service whether this be a full day or a part of a day. However, in the case of additional directory listings and joint user service, after listings have appeared in the directory, each directory period is considered as a separate initial contract period (i.e., listings are automatically included in each directory issue unless notice to the contrary is received from the listed party or customer) and termination may be arranged for only under the conditions specified in A-1 preceding.

6. INFORMATIONAL NOTICE

6.1 Landline Direct-Dialed Calls

Landline direct-dialed calls made by the customer to certain cellular or paging telephone numbers may incur an additional charge. This charge is assessed by the wireless provider, not by AT&T Ohio.

(D)
(D)

7. DISASTER PLANS

7.1 Disaster Relief Plan

(C)

When a business or residence customer's premise is destroyed or partially destroyed by means beyond the control of the customer, i.e., natural disaster or fire, the following emergency plan will go into effect, except as provided pursuant to the Major Disaster Relief Plan below:

- The Service Connection Charge to re-establish the local exchange access line after the disaster will be waived. (C)
- The monthly rate and associated Service Connection Charge will be waived for thirty days for the following services:
 - Call Forwarding
 - Call Forward Busy Line
 - Call Forward Don't Answer
 - Remote Call Forward
 - Message Waiting Indicator

7.2 Major Disaster Relief Plan

To assist in cases of state and/or federally recognized disasters, AT&T Ohio may provide special offerings of its products and services to residence and business customers. Such disasters include, but are not limited to, natural disasters, terrorism, military action or war.

(D)
(D)

The offering(s) will be limited in duration.

(D)
(D)
(D)

8. MEET POINT BILLING ARRANGEMENTS

/1/

When facilities are provided jointly by the Company and one or more other telephone companies, and a Commission approved multiple bill, multiple tariff (MBMT) arrangement is in place between the Company and the other telephone company or companies, the regulations and prices of such other telephone companies apply for the equipment and facilities furnished by them for use in connection with the service provided by the Company.

When the Company and one or more other telephone companies involved in provisioning services operate under a meet point multiple billing arrangement, and a Commission approved MBMT arrangement is in place between the Company and the other telephone company or companies, the portion of the circuit(s) located in that telephone company's area will be billed by that company. Under this arrangement, AT&T Ohio will bill the customer for their portion of the circuit(s) located in its territory at its tariffed rates, while the other telephone company or companies involved will bill the customer at their tariffed rates for the portion of the circuits located in their company territory.

9. REWARDS AND INCENTIVES

From time to time, AT&T may offer an incentive or reward card when customers purchase or subscribe to AT&T products or services. Customers may use these incentive or reward cards to pay for AT&T services.

1. SERVICE ESTABLISHMENT AND CHANGE CHARGES

(C)

1.1 Definitions of Terms used in this Section (cont'd)

Simple Service

Simple residence and non-residence exchange service includes network exchange access lines and their associated facilities and equipment which met all of the following conditions: (C)

1. The network access lines are served from their normal serving central office.
2. All terminations of the network access lines are confined to a single continuous property.
3. Customer premises equipment connected to such network access lines is limited to non-key telephones with associated miscellaneous or supplemental equipment.

Where more than one exchange service is billed on a single account, the multi-line account is considered simple only when all the network access lines meet the criteria as outlined in 1. through 3 preceding.

1.2 General Regulations

A. Nonrecurring charges (NRC) are applicable for the following work functions required to establish exchange service:

1. Service Ordering Charge - A nonrecurring charge which covers receiving, recording and processing information necessary to execute a customer's request for service.
2. Central Office Connection Charge - A nonrecurring charge for establishing or changing central office connections which may include, but are not limited to, circuit design work and establishing or changing central office connections.
3. Line Connection Charge - A nonrecurring charge for performing any of the operations associated with the connection of the network access line and a network interface.
4. Network Wiring Charge

A one time charge consisting of a time sensitive network wiring charge required to perform customer requested work on the customer's premises, except work required to establish or reestablish network access.

(D)
(D)

1. SERVICE ESTABLISHMENT AND CHANGE CHARGES (cont'd)

1.2 General Regulations (cont'd)

- B. Service Establishment and Change Charges apply in addition to all other rates and charges for services provided by the Company.
- C. The charges specified in this section contemplate work being performed by the Company during the usual working hours on normal working days. When, at the specific request of the customer or applicant for service, work is performed at other times, either for the convenience of the customer or applicant for service or for other reasons not under the control of the Company, the expense incurred by the Company in excess of the normal expense of such work, when performed during usual working hours on normal working days, may be billed to the customer or applicant for service, in addition to the charges otherwise applicable.

1.3 Nonrecurring Charges

- A. Application of NRCs to Establish Services

Except where otherwise specified in this paragraph 1.3, the same nonrecurring charges apply to residence and non-residence. (C)

The Central Office Connection and Line Connection Charges do not apply to the transfer of an existing central office line serving a reseller's end user when there is no interruption of service.

1. MONTHLY EXCHANGE SERVICES

Telephone Exchange Service is the furnishing of facilities necessary for communicating within specified exchange areas. Service is comprised of three components - network access line, central office termination and usage. There are two classes of service, Non-Residence and Residence. Except where otherwise provided the monthly rates in this paragraph 1 cover the access line and central office termination for the types and classes of exchange service listed.

A list of exchanges and network access areas appears in Section 1 preceding.

A. Network Access Lines

Monthly rates for network access lines are determined by class of service and by access area. The customer's normal serving central office determines the applicable access area rate. The access areas, by exchange, are shown in Section 1 preceding.

Central Office Termination

Furnishes dial tone along with a termination for the network access line to the serving central office for the placing and receiving of calls.

Basic Local Exchange Service (BLES)

Residential-end-user access to and usage of telephone-company-provided services over a single line or small-business-end-user access to and usage of telephone-company-provided services over the primary access line of service, which in the case of residential and small-business access and usage is not part of a bundle or package of services, that does both of the following:

Enables a customer to originate or receive voice communications within a local service area as that area exists on the effective date of the amendment of this section by S.B. 162 of the 128th general assembly;

Consists of all of the following services:

Local dial tone service;

For residential end users, flat-rate telephone exchange service;

Touch tone dialing service;

Access to and usage of 9-1-1 services, where such services are available;

Access to operator services and directory assistance;

Provision of a telephone directory in any reasonable format for no additional charge and a listing in that directory, with reasonable accommodations made for private listings;

Per call, caller identification blocking services;

Access to telecommunications relay service; and

Access to toll presubscription, interexchange or toll providers or both, and networks of other telephone companies.

3. LIFELINE ASSISTANCE

A. General

1. Lifeline service shall be a flat rate, monthly, primary access line service with touchtone service or any other packages/bundles of service, if available to customers, less the lifeline discount and shall provide all of the following:
 - a. Recurring discount equal to the maximum contribution of federally available assistance will be applied to the customer's monthly service charge;
 - b. Waiver of the Federal Universal Service Fee;
 - c. Waiver of a deposit to establish service;
 - d. Waiver of the applicable service connection charges for establishing service, not more than once per customer at a single address in a twelve month period;
 - e. Free toll restriction and automatic blocking for 900 and 976 calls.

B. Regulations

1. Lifeline Assistance is available to residential customers who are currently participating in one of the following federal or state low-income assistance programs that limit assistance based on household income:
 - Medical Assistance under Chapter 5111 of the Ohio Revised Code (Medicaid) or any state program that might supplant Medicaid;
 - Supplemental Nutritional Assistance Program (SNAP/food Stamps);
 - Supplemental Security Income (SSI) under Title XVI of the Social Security Act;
 - Supplemental Security Insurance – blind and disabled (SSD);
 - Federal public housing assistance, or Section 8;
 - Home Energy Assistance Programs (HEAP, LIHEAP, E-HEAP);
 - National School Lunch Program's Free Lunch Program (NSL);
 - Temporary Assistance for Needy Families (TANF/Ohio Works); or
 - General Assistance (including disability assistance (DA)).

3. LIFELINE ASSISTANCE (cont'd)

B. Regulations (cont'd)

2. Lifeline Assistance is available to residential customers whose total household income is at or below one-hundred fifty percent (150%) of the federal poverty level.
3. The Telephone Company shall require, as proof of eligibility for Lifeline Assistance, a document signed by the customer, certifying under penalty of perjury that the customer is receiving benefits from one of the programs identified in Section B.1 above; identify the specific program or programs from which the customer receives benefits and agree to notify the carrier if the customer ceases to participate in such program or programs. If a customer is applying for Lifeline Assistance based on income, see Section B. 5 for examples of income documentation.
4. The Telephone Company must verify Lifeline service eligibility for customers who qualify through household income-based requirements consistent with the FCC requirements in 47 C.F.R. 54.
5. Consistent with federal law, examples of acceptable income documentation includes the following:
 - State or federal income tax return;
 - Current income statement or W-2 from an employer;
 - Three consecutive months worth of current pay stubs;
 - Social Security statement of benefits;
 - Retirement/Pension statement of benefits;
 - Unemployment/Workmen's Compensation statement of benefits;
 - Any other legal document that would show income (such as a divorce decree or other child support document).
6. Customers qualifying for Lifeline Assistance with past due bills for regulated local service charges shall be offered special payment arrangements with the initial payment not to exceed \$25.00 before service is installed, with the balance for regulated local charges to be paid over six equal monthly payments. Lifeline service customers with past due bills for toll service charges shall have toll restricted service until such past due toll service charges have been paid or until the customer establishes service with a subsequent toll provider.
7. All other aspects of the state-specific Lifeline service shall be consistent with the federal requirements.
8. The Telephone Company shall provide written notification to the customer applying for Lifeline service that it is deemed ineligible for Lifeline service and shall provide an additional 30 days to prove eligibility.

3. LIFELINE ASSISTANCE (cont'd)

B. Regulations (cont'd)

9. The Telephone Company shall provide written customer notification if a customer's Lifeline Assistance service benefits are to be terminated due to failure to submit acceptable documentation for continued eligibility for that assistance. The Lifeline Assistance customer shall have an additional sixty (60) days to submit acceptable documentation of continued eligibility or dispute the findings regarding termination of benefits.
10. The Telephone Company shall establish procedures to verify an individual's continuing Lifeline Assistance eligibility for both program and income based criteria consistent with the FCC's requirement in 47 C.F.R. 54.409 – 54.410.
11. Eligibility Certification. To the extent that appropriate state agencies are able to accommodate automatic enrollment, the Company shall automatically enroll customers into its Lifeline Assistance program. In addition, the Company must verify customer eligibility consistent with the federal communications commission's (FCC) requirements in 47 C.F.R. 54, when enrolling customers into its Lifeline Assistance program who qualify through household income-based requirements. Eligibility for Lifeline Assistance can also be based through a customer's verifiable participation in any federal or state low income assistance program that limits assistance based on household income. The Telephone Company shall require, as proof of eligibility for Lifeline Assistance, a document signed by the customer, certifying under penalty of perjury that the customer is receiving benefits from one of the programs identified in Section B. 1. above; identify the specific program from which the customer receives benefits and agree to notify the carrier if the customer ceases to participate in such program or programs. Further, the Company shall provide written notification to its customer should it determine a customer is not eligible to participate in its Lifeline Assistance program and provide the customer an additional thirty days to prove eligibility.
12. Verification. The Company shall establish procedures to verify an individual's continuing eligibility for both program and income-based criteria consistent with the FCC's requirements in 47 C.F.R. 54.409 - 54.410. The Company shall maintain records to document compliance with these requirements and shall attest, as part of the periodic Eligible Telecommunications Carrier (ETC) certification process by the Ohio Commission that they comply with the FCC's requirements. The Company shall provide written customer notification if a customer's Lifeline Assistance service benefits are to be terminated due to failure to submit acceptable documentation for continued eligibility for that assistance and shall provide the customer an additional sixty days to submit acceptable documentation of continued eligibility or dispute the carrier's findings regarding termination of the Lifeline Assistance service. If a customer does not respond within the sixty days, all Lifeline Assistance benefits will be removed. If the Lifeline Assistance benefits are removed, the customer will be required to make a new application for Lifeline Assistance.
13. The Company reserves the right to perform a verification audit of a customer receiving Lifeline Assistance benefits. The Company is permitted to use any reasonable method to verify the continued eligibility. The Company shall provide written customer notification if an existing customer's Lifeline Assistance service benefits are to be terminated due to failure to submit acceptable documentation for continued eligibility for Lifeline Assistance and shall provide the customer an additional sixty days to submit acceptable documentation of continued eligibility or dispute the carrier's findings regarding termination of the Lifeline Assistance service.

(D)

A. Calling Party Number Blocking

(C)

Calling Party Number Blocking provides telephone customers with the capability to prevent the disclosure of the calling telephone number on calls made to an exchange service equipped with Caller ID and other Advanced Custom Calling services where the calling party number may be disclosed. Calling Party Number Blocking is available on a per call basis for residence and non-residence customers. Calling Party Number Blocking is available on a per service basis for residence and non-residence customers.

Per call Calling Party Number Blocking is accomplished by the customer dialing an activation code (*67 for Touch-Tone and 1167 for rotary dial pulse) prior to placing each call for which blocking is desired. Per call blocking is automatically provided without charge to all customers in central offices equipped to offer Caller ID or other Advanced Custom Calling Services where calling party number may be disclosed.

Calling Party Number blocking, (per-call or per-line) automatically prevents the display of the calling telephone number on calls dialed from an exchange service equipped with this option, except for calls made to 911 or to a party that subscribes to an ANI or charge number based service and the call if paid for by the called party.

1. ADVANCED CUSTOM CALLING SERVICE (cont'd)

A. Feature Description (cont'd) (D)

A. Calling Party Number Blocking (cont'd) (C)

Per Line Calling Party Number Blocking automatically prevents the display of the calling telephone number on all calls dialed from an exchange service equipped with this option. It is not necessary to dial an activation code prior to placing the call. After being informed of their blocking options by the Company, customers may subscribe to Per Line Blocking at the rates set forth in the AT&T Ohio Guidebook. (C)

No business, organization or other person may use Calling Party Number Blocking where the primary purpose is to make telephone solicitation calls. The term "telephone solicitation" means the initiation of a telephone message primarily for the purpose of encouraging a person to purchase, rent, or invest in property, goods, or services or to donate to any charity or similar organization or entity without that person's prior express invitation or permission.

Blocked Calling Party Number Identification will be delivered to certain qualifying customers as described in FCC Memorandum Opinion and Order, CC Docket No. 91-281, adopted January 4, 2002. Such customers must certify to the Company compliance with the waiver order's eligibility requirements.

4. OUTBOUND EMERGENCY NOTIFICATION DATA SERVICE (OENDS)

(N)

A. Description

Outbound Emergency Notification Service (OENDS) is an optional service that provides a county or municipality with telephone subscriber data from the Enhanced 9-1-1 Service database for the purpose of implementing or updating an outbound public emergency notification messaging system pursuant to Ohio Revised Code Section 4931.49 division (F)(5). An outbound public emergency notification system provides service users with a telephone warning of a public emergency situation through a computerized warning system.

Subscriber information is to be used for the sole purpose of contacting citizens during a Public Emergency.

B. Definitions

911 Database

A system of manual procedures and computer programs used to create, store, and update the data required to provide the Selective Routing (SR) and ALI features.

Private and Semi Private Listing Service

Listing Services which excludes the customer's telephone number from the Company's directories, however with Semi-Private Service, the customer's telephone number is included in Directory Assistance records.

Public Emergency

For purposes of this Guidebook, a public emergency shall be defined as the presence of actual or imminent conditions which present either:

- 1) an immediate danger to the health and safety of people, or
- 2) a likelihood of severe irreparable damage to property.

(N)

4. OUTBOUND EMERGENCY NOTIFICATION DATA SERVICE (OENDS) (cont'd)

(N)

C. Terms and Conditions

1. Customers of this service must be "911 customers" as referenced in the P.U.C.O. Tariff No. 20, Part 8, Section 3, Sheet No. 1 or their authorized agents or the State of Ohio.
2. Telephone subscriber data for all customers served by the requesting Customer, regardless of carrier or class of service, will be included in the data file. Information regarding the names, addresses and telephone numbers of Private and Semi-Private Listing Service customers will be provided for the purpose of facilitating response to public emergency calls.
3. The Company will provide OENDS data only for the jurisdictional area where the Customer is authorized to provide public emergency services.
4. Telephone subscriber data provided to a Customer for the purpose of implementing or updating an outbound public emergency notification system is confidential and proprietary. Subscriber data may be used only to identify the telephone location or service user, or both, and may not be used or disclosed by the Customer, or its agents or employees, for any other purpose. All other uses are prohibited. Customer agrees to abide by all applicable restrictions on the use of the subscriber data.
5. The OENDS information may not be reproduced in any manner, unless specifically authorized in writing by the Company. Upon request, the Customer will promptly return to the Company all OENDS information in a tangible form or certify to the Company that such information has been destroyed.
6. The Company will provide a copy of the OENDS data to the Customer. The Company may not be held liable under Ohio law for providing such information.
7. A full extract of the OENDS data may be requested, at a maximum, once per month and will be delivered within 21 working days of receipt of a written request.

(N)

4. OUTBOUND EMERGENCY NOTIFICATION DATA SERVICE (OENDS) (cont'd)

(N)

C. Terms and Conditions (cont'd)

8. The OENDS Customer may request incremental updates of OENDS data. The Customer may select incremental updates to be provided on a weekly or monthly basis.
9. OENDS will reflect data that exists in the Company's 911 Database as of the day the extract is produced.
10. The OENDS Customer is responsible for maintaining the confidentiality of the data contained within the extract.
11. The Customer and participating governmental units and agencies each agree to release, indemnify, defend, and hold harmless the Company from any and all loss, claims, demands, suits or other action, or any liability whatsoever, other than the Company's sole negligence, arising out of the Customer's use of the Outbound Emergency Notification Data Service whether suffered, made, instituted or asserted by the Customer or by any other party or person, for any personal injury to or death of any person or persons, or for any loss, damage or destruction of any property, whether owned by the Customer or others.
12. OENDS is provided solely for the benefit of the Customer. The provision of OENDS by the Company shall not be interpreted, construed, or regarded as being for the benefit of or creating any Company obligation, either expressed or implied, toward any third person or legal entity other than the Customer.
13. The Customer also agrees to use the OENDS information consistent with the law, applicable regulations, and the AT&T Ohio Guidebook or P.U.C.O. Tariff No. 20. The Company shall not be liable for any violation of the law, applicable regulations, or the AT&T Ohio Guidebook or P.U.C.O. Tariff No. 20 by the Customer.
14. A full extract of OENDS data will be mailed to the Customer on CD. Incremental updates may be provided on CD or via Electronic Transfer
15. Each entity that performs an outbound emergency notification message shall do so in coordination with other municipalities within the county.

(C)

A. General Provisions

1. The alphabetical directory is an alphabetical list of customers, joint users and others for whom directory listings are provided. It is designed solely for the purpose of informing calling persons of the telephone numbers of customers and others listed therein. Accordingly, listings are intended solely for purposes of identification and are limited to information which is essential to such identification.
2. The information in this Paragraph 1 for directory listings applies to primary and BLES listings in the alphabetical directory. (C)
3. An alphabetical directory may include the listings for one or more exchange areas. More than one alphabetical directory may be included in directory book. In alphabetical directories selected by the Company, the pages are divided into two groups, one group of non-residence listings and one group of listings consisting solely of names of individuals.
 - a. Non-residence primary listings consisting solely of names of individuals will appear in both groups at no charge.
 - b. Non-residence additional listings consisting solely of names of individuals will appear in both groups without charge for the additional appearance.
 - c. Special types of additional listings will appear in both groups without charge for the additional appearance under the following conditions:
 - (1) Alternate listings, provided that they are indented under non-residence primary or regular additional listings that are listings consisting solely of names of individuals; and
 - (2) all other special types of additional listings, provided that they are listings consisting solely of names of individuals and are indented under non-residence primary or regular additional listings.
 - d. Residence primary or additional listings will appear in both groups without charge for the additional appearance, provided that they are indented under non-residence primary or regular additional listings consisting solely of names of individuals.
4. Special prominence or arrangement of names is not permitted nor is the listing of a service, commodity or trade name except when such service, commodity or trade name is a part of the name under which the listed party is doing business.

(D)

1. BLES LISTING SERVICES (cont'd)

(C)

A. General Provisions (cont'd)

5. The Company will refuse a listing which does not constitute a legally authorized or adopted name, or any listing which, in the opinion of the Company, is likely to mislead or deceive calling persons as to the identity of the listed party, or is intended for advertising purposes or to secure a preferential position in the directory or is more elaborate than is reasonably necessary to identify the listed party. The Company, upon notification to the customer, will withdraw any listing which is found to be in violation of its rules with respect thereto.
6. The length of any listing is limited by the use of abbreviations, where, in the opinion of the Company, the clearness of the listing and the identification of the listed party is not impaired thereby. Where more than one line is required to properly list the party, no additional charge is made.
7. In connection with non-residence service, a designation, i.e., an abbreviated descriptive term characterizing the listed party's business in a general way, may be furnished as part of the listing unless the character of the listed party's business is already apparent from the form of the corporate or time name, in which case the designation is unnecessary and is not furnished.
8. The form of listings must conform to the Company's specifications with respect to its directories.
9. Listings are regularly provided in connection with exchange service of all classes, grades and types, except dormitory individual lines and Centrex dormitory station lines.
10. A Business Customer may list a different telephone number in the Company's Directory Assistance Records than the number listed in the Directory; provided the Business Customer or its representative; 1) has entered into a separate agreement with the Company to list a different telephone number in the Company's Directory Assistance records; 2) complies with the Company's rules for such listings; and 3) has a local telephone number that the Business Customer will continue to answer. The Company reserves the right to reject such requests or remove such numbers from its Directory Assistance Records at the Company's reasonable discretion. The Business Customer or its representative may not list a different telephone number in the Company's Directory Assistance Records, if in the Company's reasonable opinion: the use of such number could potentially mislead or deceive the public; the Business Customer does not have the right to use such number; or, use the number by the Business Customer does not comply with applicable law or regulations. The Business Customer assumes full responsibility concerning the right to use the telephone number and the Company does not undertake to determine the Customer's legal, contractual or other right to use the telephone number. The Business Customer will indemnify, defend, and hold harmless the Company from any claims, lawsuits, costs, damages, judgments, liabilities, losses or expenses, including reasonable attorney fees, that arise from the Business Customer not having the right to use the telephone number, not complying with applicable law and regulations, or misleading or deceiving the public in any manner.

B. Primary BLES Listings

(C)

1. One listing without charge, termed the primary listing, is provided for each call number in connection with exchange service. In cases where two or more non-residence services are arranged in a group of rotary numbers, all of such numbers so arranged are identified by but one call number.

(D)

1. BLES LISTING SERVICES (cont'd) (C)

B. Primary BLES Listings (cont'd) (C)

2. A call number is the telephone number designation with which a customer's service is identified.
3. One primary listing is provided for each joint user.
4. Public telephones and dormitory service are not listed in the directory.
5. The primary listing is ordinarily the name of the customer or joint user, or the name under which a business is regularly conducted. Where the service is contracted for by one party for the use of a second party, the primary listing may be the name of the second party.

(D)

1. BLES LISTING SERVICES (cont'd) (C)

B. Primary BLES Listings (cont'd) (C)

6. A dual name listing is comprised of a surname, two first names, an address and telephone number. This listing may be provided as the primary listing associated with residence service for two persons who share the same surname and reside at the same address or for a person known by two first names.

C. Other Listings (C)

Additional, private, and semi-private listings are provided under the rates, terms, and conditions detailed in the AT&T Ohio Guidebook. (N)

EXHIBIT C

AT&T Ohio hereby revises its AT&T Ohio P.U.C.O. Tariff No. 20 so as to comply with the Ohio Commission's January 19, 2011 Entry in Case No. 10-1010-TP-ORD implementing Substitute Senate Bill 162, requiring that certain services no longer be included in tariffs filed with the Commission. As such, this filing removes the specified services from AT&T Ohio's P.U.C.O. Tariff No. 20.

The attached spreadsheet, provided as Attachment 1, details the specific alterations made to each Part and Section of AT&T Ohio's existing P.U.C.O. Tariff No. 20 as follows:

- Those Parts and Sections where the *Action Taken* is noted to be:
 - "Tariff Edits Filed"are being modified, and comprise Exhibits A and B.
- Those Parts and Sections where the *Action Taken* is noted to be:
 - "No Changes Made to Tariff"continue to be included in AT&T Ohio's P.U.C.O. Tariff No. 20 without modification, and are not included in Exhibits A or B.
- Those Parts and Sections where the *Action Taken* is noted to be:
 - "Already vacant"
 - "Already vacant. Rename the section Vacant."
 - "Remove remaining sheets entirely from T and rename the section "Vacant."are being removed from AT&T Ohio's P.U.C.O. Tariff No. 20 entirely, and are not included in Exhibits A or B.

¿QUÉ ES EL SERVICIO DE TARIFA FIJA LOCAL, EL SERVICIO QUE SE SIGUE RIGIENDO POR LAS TARIFAS REGISTRADAS ANTE LA COMISIÓN DE SERVICIOS PÚBLICOS DE OHIO Y NO POR EL CONTRATO DE SERVICIO RESIDENCIAL?

El servicio de tarifa fija local es un servicio que ofrece llamadas locales ilimitadas por una tarifa fija mensual. El servicio de tarifa fija local, se venda con o sin otras funciones individuales como el identificador de llamadas o la llamada en espera, se rige por tarifas. Sin embargo, el servicio local que está incluido en un paquete de servicios locales, como Complete Choice® Basic, o un paquete de servicios, como All Distance®, se rige por las condiciones del contrato de servicio residencial.

¿EL CONTRATO DE SERVICIO RESIDENCIAL TAMBIÉN RIGE LOS SERVICIOS DE LARGA DISTANCIA?

Sí, el contrato de servicio residencial también rige todos los servicios de AT&T intraestatales, interestatales o internacionales de larga distancia a los que se haya suscrito.

¿DÓNDE PUEDO CONSEGUIR DESCRIPCIONES Y TARIFAS PARA LOS SERVICIOS A LOS QUE ME SUSCRIBÍ?

Los precios y la descripción de todos los servicios locales y de larga distancia que se rigen por el Contrato de servicio residencial se pueden leer en las guías de consulta o de servicio por Internet en att.com/servicepublications (en inglés). Puede consultar en su factura el nombre de sus servicios y de su proveedor de servicio de AT&T antes de conectarse a Internet a fin de determinar qué publicaciones le corresponde leer.

¿EN QUÉ SE DIFERENCIAN LOS TÉRMINOS Y CONDICIONES DEL CONTRATO DE SERVICIO RESIDENCIAL ADJUNTO DE LOS TÉRMINOS Y CONDICIONES DE LAS TARIFAS?

El contrato de servicio residencial adjunto incluye una cláusula de arbitraje (véase artículo 9) y de limitación de responsabilidad (véase artículo 8). De acuerdo con lo dispuesto en el artículo 9, tanto el cliente como AT&T aceptan recurrir a un árbitro para resolver los conflictos en vez de ir a un tribunal y renuncian a entablar demandas colectivas y juicios por jurado. Asimismo, AT&T acepta pagar todos los cargos del arbitraje si el reclamo no supera los \$75,000. De acuerdo con lo dispuesto en el artículo 8, la responsabilidad de la empresa se limita al monto de los cargos que AT&T le pague o deba al cliente por concepto de los servicios durante cualquier período de demora, desperfecto o falla de los servicios, salvo que la negligencia grave o mala conducta intencional de AT&T le haya causado daños y perjuicios al cliente, en cuyo caso la responsabilidad se limitará a los daños directos. De acuerdo con lo dispuesto en el artículo 6, el Contrato de servicio residencial incluye una cláusula de indemnización. El presente Contrato de servicio residencial también dispone que se pueden publicar los aumentos de precio en Internet en el caso de los cargos adicionales, llamadas por transacciones y cargos por llamadas internacionales a teléfonos móviles (véase el artículo 4.c).

¿QUÉ DEBO HACER?

Lea el Contrato de servicio residencial detenidamente. Si está de acuerdo con los términos y condiciones del Contrato de servicio residencial, guárdelo para su constancia. No se requiere que haga nada más y sus servicios locales no regulados por una tarifa oficial, así como sus servicios de larga distancia, si corresponde, se prestarán de acuerdo con los términos y condiciones del Contrato de servicio residencial a partir del 19 de mayo de 2011. Si por algún motivo no acepta los términos del Contrato de servicio residencial, debe comunicarse con AT&T sin cargo al 1.800.288.2020 para cancelar el servicio local no regulado por una tarifa oficial o el servicio de larga distancia. El hecho de que el cliente no cancele el servicio constituye la aceptación de los términos del Contrato de servicio residencial.

A New Service Agreement For Your AT&T Services Is Enclosed

See enclosed letter
Ver la carta adjunta

Attachment 2 - Page 2 of 2

Dear AT&T Customer:

Thank you for choosing AT&T¹ for your communications needs. We value your business and hope you are pleased with your services.

A RESIDENTIAL SERVICE AGREEMENT (RSA) FOR YOUR AT&T SERVICES IS ENCLOSED.

Beginning on May 19, 2011, the prices, service descriptions, and the terms and conditions for services, other than local flat rate service, that you are provided by AT&T Ohio will no longer be on file at the Public Utilities Commission of Ohio (PUCO).

YOUR SERVICES AND PRICES ARE NOT CHANGING.

This modification does not automatically result in a change in the prices, terms, or conditions of those services to which you currently subscribe. AT&T Ohio will provide customer notice at least 30 days in advance of rate increases, material changes in terms and conditions and discontinuance of existing services.

Since your services will no longer be on file with the Commission, this means that the agreement reached between the customer and the company will control new services or changes in service. For any new services or changes in service, it will be important that you carefully review and confirm the price, terms and conditions.

If you have any questions about this matter, please call AT&T Ohio at the toll free number, 1.800.288.2020, or visit us at www.att.com. You may also visit the consumer information page on the PUCO's website at puco.ohio.gov for further information.²

Sincerely,
AT&T Ohio

Estimado(a) cliente de AT&T:

Gracias por elegir a AT&T¹ para sus necesidades de comunicación. Agradecemos su preferencia y esperamos que esté conforme con nuestros servicios.

SE ADJUNTA UN CONTRATO DE SERVICIO RESIDENCIAL DE AT&T.

A partir del 19 de mayo de 2011, los precios, descripciones de servicios y sus términos y condiciones, excepto el servicio de tarifa fija local, ofrecido por AT&T Ohio ya no estarán registrados en la Comisión de empresas de servicio público de Ohio (PUCO, por su sigla en inglés).

LOS SERVICIOS Y PRECIOS NO CAMBIARÁN.

Esta modificación no conllevará automáticamente un cambio en los precios, términos o condiciones de los servicios a los cuales está actualmente suscrito. AT&T Ohio le avisará a sus clientes con al menos 30 días de antelación con respecto a los aumentos de tarifas, cambios relevantes en los términos y condiciones, y la interrupción de los servicios actuales.

Dado que sus servicios ya no estarán registrados en la Comisión, el acuerdo entre el cliente y la compañía regirá nuevos servicios o cambios en el servicio. Para todo servicio nuevo o cambios en el servicio, será importante que revise y confirme el precio, así como los términos y condiciones.

Si tiene preguntas sobre este tema, comuníquese con AT&T Ohio al número sin cargo al 1.800.288.2020, o visite www.att.com. También puede visitar la página de información al consumidor en el sitio web de la Comisión en puco.ohio.gov (en inglés) para obtener más información.²

Atentamente,
AT&T Ohio

WHAT IS LOCAL FLAT RATE SERVICE – THE SERVICE THAT IS STILL GOVERNED BY TARIFFS FILED WITH THE PUCO AND NOT BY THE RSA?

Local flat rate service is a service that provides unlimited local calling for a flat per-month rate. Local flat rate service, whether it is sold with or without other individual features such as Caller ID and/or Call Waiting, is still governed by tariffs. However, local service that is included in a package of local services, such as Complete Choice® Basic, or a bundle of services, such as All Distance®, is governed by the enclosed RSA.

DOES THE RSA ALSO GOVERN LONG DISTANCE SERVICES?

Yes, the RSA also governs any AT&T intrastate, interstate, and/or international long distance services you subscribe to.

WHERE CAN I FIND DESCRIPTIONS AND RATES FOR THE SERVICES I SUBSCRIBE TO?

Prices and service descriptions for all local and long distance services governed by the RSA are located online in Guidebooks or Service Guides at att.com/servicepublications. You can check your bill for the name of your AT&T service provider(s) and services before going online to determine which publications apply to you.

HOW DO THE TERMS AND CONDITIONS IN THE ENCLOSED RSA DIFFER FROM THE TERMS AND CONDITIONS IN THE TARIFFS?

The enclosed RSA contains an arbitration provision (see section 9) and a limitation of liability provision (see section 8). Under section 9, both you and AT&T agree to bring disputes to an arbitrator instead of a court and waive class actions and jury trial, and AT&T agrees to pay all arbitration fees if the claim does not exceed \$75,000. Under section 8, AT&T's liability is limited to the amount of charges paid or owed by you for AT&T services during any period of delay, malfunction, or failure of services, except that if AT&T's gross negligence or willful misconduct causes you damage, liability is limited to direct damages. Under section 6, the RSA contains an indemnification provision. This RSA also allows for notice of price increases by web posting for Discretionary Fees, transaction-based calls, and international mobile termination charges (see section 4.c.).

WHAT DO I NEED TO DO?

Please read the enclosed RSA carefully. If you are satisfied with the terms and conditions of the RSA, just retain it for your records. No further action is required, and your detariffed local services, as well as your long distance services, if any, will be provided under the terms and conditions of the RSA effective May 19, 2011. If for any reason you do not accept the terms of the RSA, you must contact AT&T toll free at 1.800.288.2020 to cancel your detariffed local and/or long distance service, if any. Failure to cancel service constitutes acceptance of the terms of the RSA.

Attachment 3

Dear AT&T Customer:

Beginning on May 19, 2011, the prices, service descriptions, and the terms and conditions for business services, other than a primary line serving a small business with 3 or fewer access lines, provided by AT&T Ohio will no longer be on file at the Public Utilities Commission of Ohio (PUCO).

This modification does not automatically result in a change in the prices, terms, or conditions of those services to which you currently subscribe. AT&T Ohio must still provide a customer notice at least thirty days in advance of rate increases, material changes in terms and conditions and discontinuance of existing services.

Since these services will no longer be on file with the PUCO, this means that the agreement reached between the customer and the company will control new services or changes in service. For any new services or changes in service, it will be important that you carefully review and confirm the price, terms and conditions.

If you have any questions about this matter, please call AT&T Ohio at the toll-free number listed on your bill or visit us at www.att.com.

Sincerely,

AT&T Ohio
