COMMUNICATIONS DIVISION

Re: CC Docket No. 96-45  
(In the Matter of the Federal State  
Joint Board on Universal Service)

Dear Mr. Caton:

In its May 8, 1997 Universal Service Order, the FCC adopted the recommendation of the Federal-State Joint Board on Universal Service concerning forward-looking economic cost models for services supported by the high cost fund. Specifically, the FCC provided for the use of forward-looking cost studies conducted by State commissions that choose to submit such cost studies to determine universal service support. The Order requested that States electing to conduct their own studies notify the FCC of that intent by August 15, 1997. By this letter, the Public Utilities Commission of Ohio notifies the FCC of its intent to file such a cost study by February 6, 1998.

Please return a time-stamped copy in the enclosed self-addressed envelope. Thank you for your assistance in this.

Very Truly Yours,

Craig A. Glazer  
Chairman
