SECTION 4. - TERMS AND CONDITIONS**4.1 Payment for Service**

The Customer is responsible for the payment of all charges for facilities and services furnished by the Company to the Customer, regardless of whether those services are used by the Customer itself or are resold or shared with other persons.

4.2 Orders for Service

Orders for Service are deemed made by the Customer, and initiation of the respective obligations of the parties as set forth in this tariff takes place, upon the routing of the Customer calls to and from the Company.

4.3 Billing and Collection of Charges

4.3.1 Charges are due and payable within 30 days after the date an invoice is transmitted to the Customer by the Company.

4.3.2 The Company will begin billing the Customer on the Service Commencement Date, and billing accrues through and includes the day that the service, circuit, arrangement or component is discontinued.

4.3.3 If the Company receives any portion of the payment after the date due, or if the Company receives any portion of the payment in funds that are not immediately available, then a late payment penalty shall be due to the Company. SECTION 4. – TERMS AND CONDITIONS (CONT'D)**4.4 Advance Payments**

- 4.4.1 To safeguard its interests, the Company may require a Customer to make an advance payment before services and facilities are furnished. The advance payment will not exceed an amount equal to the nonrecurring charge(s) and the first month's estimated recurring charges for the service or facility. In addition, where special construction is involved, the advance payment may also include an amount equal to the estimated nonrecurring charges for the special construction and recurring charges (if any) for a period to be set between the Company and the Customer. The advance payment will be credited to the Customer's initial bill.
- 4.4.2 A customer whose Service has been discontinued for nonpayment of bills will be required to pay the unpaid balance due for regulated telecommunications services and may be required to pay reconnect charges.

4.5 Discontinuance of Service

- 4.5.1 Upon nonpayment of any amounts owing to the Company, the Company may, by giving ten days prior written notice discontinue or suspend Service without incurring any liability.
- 4.5.2 Upon violation of any other material terms or conditions for furnishing service, the Company may, by giving 30 days prior notice in writing to the Customer, discontinue or suspend Service without incurring any liability if such violation continues during that period.
- 4.5.3 Upon condemnation of any material portion of the facilities used by the Company to provide Service to a Customer, or if a condition immediately dangerous or hazardous to life, physical safety or property exists, or if a casualty renders all or any material portion of such facilities inoperable beyond feasible repair, the Company, by notice to the Customer, may discontinue or suspend Service without incurring any liability.
- 4.5.4 Upon any governmental prohibition or required alteration of the Service to be provided or any violation of an applicable law or regulation, the Company may immediately discontinue Service without incurring any liability.

4.6 Taxes

The Customer is responsible for the payment of Federal excise taxes, gross receipts, access, state and local sales and use taxes and all taxes, fees, surcharges (however designated) and other exactions imposed on the Company or its services by governmental jurisdictions, other than taxes imposed generally on corporations. Any taxes imposed by a local jurisdiction (e.g. county and municipal taxes) will only be recovered from those customers residing in the affected jurisdictions. All such taxes, fees, and charges shall be separately designated on the Company's invoices, and are not included in the tariffed rates. The Customer shall be responsible for paying any such taxes that subsequently become applicable retroactively.

SECTION 4. - TERMS AND CONDITIONS (CONT'D)**4.7 Disputed Bills**

The Customer may dispute a bill only by written notice to the Company. Unless such notice is received within 45 days of the date Customer receives the bill, the bill statement shall be deemed to be correct and payable in full by Customer. When Customer makes a timely written dispute, Company will make such investigation as is required by the particular case and shall report the results of its investigation to Customer. All disputes between the Company and the Customer that cannot be settled through negotiation shall be resolved by arbitration upon written demand of either party. Arbitration shall be referred to the American Arbitration Association (AAA) and conducted pursuant to its Commercial Arbitration Rules. The arbitrator shall have the authority to award compensatory damages solely; such award shall be final and binding and may be entered in any court having jurisdiction thereof. The provisions of the Federal Arbitration Act shall govern such arbitration. This dispute process does not preclude the Customer from filing a complaint with the Commission.

4.8 Notices

All notices or other communications required to be given pursuant to this tariff will be in writing. Notices and other communications of either party, and all bills mailed by the Company, shall be presumed to have been delivered to the other party on the third business day following placement of the notice, communication or bill with the U.S. Mail or a private delivery service, prepaid and properly addressed, or when actually received or refused by the addressee, whichever occurs first. The Company or the Customer shall advise the other party of any changes to the addresses designated for notices, other communications or billing, by following the procedures for giving notice set forth herein.

SECTION 5. - CUSTOMER EQUIPMENT AND CHANNELS**5.1 General**

A Customer may transmit or receive information or signals via the facilities of the Company. The Company's Service is designed primarily for the transmission of voice-grade telephonic signals. A Customer may transmit any form of signal that is compatible with the Company's equipment, but except as otherwise specifically stated in this tariff, the Company does not guarantee that the Service will be suitable for purposes other than voice-grade telephonic communication.

5.2 Tests and Adjustments

Upon suitable notice, the Company may make such tests, adjustments, and inspections as may be necessary to maintain the Company's facilities in satisfactory operating condition.
