RE: Columbia Gas of Ohio, Inc.
Construction Notice:
Lime City TCO POD Heater – Wood County
PUCO Case No. 11-4249-GA-BNR

Dear Ms. Jenkins:

In accordance with Ohio Administrative Code (OAC) §4906-11-02, Columbia Gas of Ohio, Inc. (Columbia) hereby transmits one (1) original and eleven (11) copies of the enclosed proposed project known as the Lime City TCO POD Heater – Wood County.

The project is located at the northeast corner of the intersection of Lime City Road and Reitz Road in Perrysburg Township, Wood County, Ohio.

Please be advised of the following:

1. **Project Name:** Lime City TCO POD Heater – Wood County.
2. **Project Description:** This is a betterment project initiated by Columbia to install a gas heater at the existing Point of Delivery Station between Columbia Gas Transmission, Inc. (TCO), and Columbia. The pressure reduction requirements between the TCO and Columbia pipelines is resulting in the formation and buildup of frost on the downstream side of the existing Columbia regulator facilities at this location. The installation of this heater will eliminate problems associated with frost formation and buildup.

This project is being submitted as a Construction Notice (BNR) because it is viewed as meeting the requirements in OAC 4906-1 'General Provisions for Filings and Proceedings before the Ohio Power Siting Board' as indicated by the following:

- A) 4906-1-01 (Q); Definition of a Gas Transmission Line
- B) 4906-1-01 Appendix B; item (1)(a) of the 'Application Requirement Matrix for Gas Transmission Lines'.

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
Technician te Date Processed 7/11/2011

3. **Project Need:** This project is a betterment project initiated by Columbia to eliminate frost formation and buildup downstream of regulation facilities.
4. **Schedule:** Construction is planned to start around September 1, 2011 with an anticipated end date of November 15, 2011.
5. **Estimated Capital Cost:** The estimated capital cost of the Lime City TCO POD Heater Installation – Wood County project is \$675,000.
6. **Operating Characteristics:** The proposed Lime City TCO POD Heater – Wood County project includes the installation of the following facilities:

Facility	Size	Quantity	System	MAOP
Heater	2.3MMbtu	1	TCO	495psig
Heater By Pass Valve Setting	12-inch	1 Setting	TCO	495psig
Coated Steel High Pressure Pipe	16-inch	10'	TCO	495psig
Coated Steel High Pressure Pipe	12-inch	100'	TCO	145psig

All facilities will be installed on the existing TCO property.

7. **Map and Directions:** A Vicinity Map of the project location is included with this Construction Notice. In order to locate the proposed site from 180 East Broad Street navigate to I-75 north to exit 193, State Route 20 eastbound. Travel east on State Route 20 for approximately 2 miles to Lime City Road. Turn south on Lime City Road and travel approximately 3 miles to the intersection of Lime City Road and Reitz Road. The project is in the northeast corner of the intersection.
8. **Property List of Additional Easements:** No new pipeline easements or additional land acquisition is planned in order to construct the proposed heater.

We have provided a copy of the Construction Notice by certified mail, with return receipt requested, to each official of the political subdivisions immediately affected by the proposed project as listed in the attached Exhibit 1. Copies of the transmittal letters addressed to the local government representatives of Wood County and Perrysburg Township are enclosed for your file.

Should staff of the Ohio Power Siting Board desire further information or discussion of this submittal, please contact Doug Tomsic at (419) 539-6064

Sincerely,

Brooke E. Leslie
