Re: Hardin Wind Farm  
Case No. 09-0479-EL-BGN / Case No. 11-3446-EL-BGA

Dear Mr. Hillard:

Thank you for your input regarding Hardin Wind's proposal of a 300 MW wind farm consisting of up to 200 wind turbines in Hardin County, Ohio.

On March 22, 2010, the applicant received a certificate for the siting, construction, operation, maintenance, and decommissioning of their proposed wind-powered electric generation facility. However, the applicant's June 13, 2011 amendment filing, Case No. 11-3446-EL-BGA, proposing a more efficient wind turbine, is currently under staff investigation.

To view all activity pertaining to these cases, siting applications and/or rules governing the installation and operation of wind energy in Ohio, visit the OPSB website at [www.OPSB.ohio.gov](http://www.OPSB.ohio.gov).

Again, the Board thanks you for your interest.

Very truly yours,

Kim Wissman, Executive Director  
Ohio Power Siting Board
