

**In the Matter of the Following Joint
Application for Integration of
Mercantile Customer Energy
Efficiency or Peak-Demand Reduction
Programs between The Cleveland Electric Illuminating Company and
Giant Eagle Inc. (Case No. 10-1970-EL-EEC)**

Rule 4901:1-39-05(F), Ohio Administrative Code (O.A.C.), permits a mercantile customer to file, either individually or jointly with an electric utility, an application to commit the customer's existing demand reduction, demand response, and energy efficiency programs for integration with the electric utility's programs. In the above captioned case, the customer and The Cleveland Electric Illuminating Company filed a joint application in accordance with the mercantile application pilot program found in Commission Order 10-834-EL-EEC.

On February 18, 2011, the automatic approval process was suspended for this case, pursuant to Commission entry, to allow Staff time to obtain additional information and conduct further review of the filing.

Based on its further review, Staff recommends approval of the mercantile commitment application and energy efficiency rebate as follows:
