Re: Case # 10-2865-EL-BGN
Black Fork Wind Energy

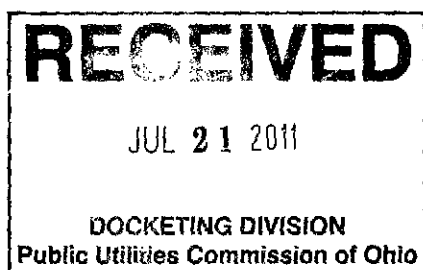

Gentlemen:

First I want you to know I am not against "Green Energy." I am against taking advantage of so many people by putting up these huge wind turbines. Health, water, safety issues etc. are some of my concerns.

Just to let you know, I refused to have two turbines on my farm but will be effected by others near my home.

This being said, I am asking to be an 'intervener' at your meeting on Sept. 19, 2011.

Sincerely,
Mary Studer
