Theodore E. Wymyslo, M.D.
Ohio Department of Health

Dear Mr. and Mrs. Lowery:

Thank you for your input regarding Hardin Wind's proposal of a 300 MW wind farm consisting of up to 200 wind turbines in Hardin County, Ohio.

David Mustine

Ohio Department of Natural Resources

On March 22, 2010, the applicant received a certificate for the siting, construction, operation, maintenance, and decommissioning of their proposed wind-powered electric generation facility. However, the applicant's June 13, 2011 amendment filing, Case No. 11-3446-EL-BGA, proposing a more efficient wind turbine, is currently under staff investigation.

RE: Case # 11-3446-EL-BGA

Ms. Wissman,

I am submitting this letter to you to register my support for the Hardin Wind Energy project in Hardin County. I support renewable energy and this project not only helps the citizens of Hardin County but the citizens of Ohio as well, as we strive for a cleaner and safer environment.

Hardin Wind Energy has been a good community member and has followed through with every commitment they have made to the residents of the county. Hardin County needs the economic stimulus that this project will provide.

I support the Hardin Wind Energy project.

Respectfully,

Madelyn Lowery
