Re: Hardin Wind Farm
Case No. 09-0479-EL-BGN / Case No. 11-3446-EL-BGA

Dear Mr. and Mrs. Candler:

Thank you for your input regarding Hardin Wind's proposal of a 300 MW wind farm consisting of up to 200 wind turbines in Hardin County, Ohio.

On March 22, 2010, the applicant received a certificate for the siting, construction, operation, maintenance, and decommissioning of their proposed wind-powered electric generation facility. However, the applicant's June 13, 2011 amendment filing, Case No. 11-3446-EL-BGA, proposing a more efficient wind turbine, is currently under staff investigation.

To view all activity pertaining to these cases, siting applications and/or rules governing the installation and operation of wind energy in Ohio, visit the OPSB website at www.OPSB.ohio.gov.

Again, the Board thanks you for your interest.

Very truly yours,

Kim Wissman, Executive Director
Ohio Power Siting Board
