Subject: proposed increases

Dear Mr. Snitchler:

Reference: AEP-Ohio Electric Security Plan and Distribution Rate Increase Proceedings; PUCO Case Nos. 11-346-EL-SSO, et al and 11-351-DL-AIR, et al.

Dear Mr. Snitchler:

I recently learned that AEP-Ohio Electric has filed applications with the PUCO to further increase its prices for electricity stating 1/1/12.

I understand that AEP-Ohio Electric is proposing some 27 riders but has not identified what these riders will do to customers' electric bills. If the effects of the riders are not identified, how can consumers provide input regarding the proposals? There is no way we can predict what our electric bills might look like in months to come. Enough said...I think you get the gist of my concern.

I further ask that you help the people identify electricity suppliers who may be able to help us reduce our electric bills and that you would not favor proposals that would keep these opportunities out of our area.

Sincerely submitted,

Mrs. Bonnie J. Arnold
