Re: Hardin Wind Farm
Case No. 09-0479-EL-BGN / Case No. 11-3446-EL-BGA

Dear Mrs. Coon:

Theodore E. Wymyslo, M.D.
Ohio Department of Health

Thank you for your input regarding Hardin Wind's proposal of a 300 MW wind farm consisting of up to 200 wind turbines in Hardin County, Ohio.

David Mastline
Ohio Department of Natural Resources

On March 22, 2010, the applicant received a certificate for the siting, construction, operation, maintenance, and decommissioning of their proposed wind-powered electric generation facility. However, the applicant's June 13, 2011 amendment filing, Case No. 11-3446-EL-BGA is currently under staff investigation.

Jim Zehringer
Ohio Department of Agriculture

Reference: **Case #11-3446-EL-BGA**

Dear Ms. Wissman,

I am writing this letter to express my support of the Hardin Wind Energy Project in Hardin County Ohio. I wholeheartedly support renewable energy and believe that this project is imperative to the citizens and the local schools in the Hardin County area.

As a teacher in the Upper Scioto Valley School District, I can proudly say that our school has been a leader in renewable energy for the State of Ohio. We would like to continue with the strides that we have already made toward a cleaner and safer environment, while also providing an economic stimulus to our school.

I encourage the Ohio Power Siting Board to allow the Hardin Wind Energy Project to continue with this important endeavor and approve the amended application as soon as possible. Delays in the project timeline can be devastating to the Hardin County communities and our school district.

Thank you so much for your time and kind consideration to my request. I look forward to a favorable response and the sight of numerous wind turbines in the Hardin County area.

Sincerely,

A handwritten signature in black ink, reading "Kimberly Coon". The signature is fluid and cursive, with the first name "Kimberly" written in a larger, more prominent script than the last name "Coon".
