Case # 10-2865-EL-BGN

Dear Ohio Power Siting Board,

I am Alan price and I live within the boundaries of this project. I have concerns about this project and would like to be an intervener in this case.

I do not believe that my township trustees or county officials have enough time or resources to answer all my concerns. These people keep telling me that the OPSB is the ones with the answers.

Concerned resident,

*Alan Price*

---

Dear Ohio Power Siting Board,

My name is Catherine Price and I am asking that you accept me as an intervener in this case.

I believe that what Element Power is proposing will have a great impact on my health and therefore my life.

I also have had problems with employees of Gary Energetics and Element Power both trespassing on my property.(the Sherriff was called)

Waiting to be heard,

*Catherine Price*

P.S. As of today we still have companies running around our neighborhood gathering information for this project. How can this be if Element Power has turned in their studies and such?
