819 Venitian Way

Gahanna, OH 43230

Docketing Case No.: 11-346-EL-SSO

Notes:

This question is about AEP rate proposal by end of 2011. With the continued failure of our economy how does the regulatory commission figure the average ohioan can afford additional burden of utility cost without joining the majority that seem to benefit from entitlements. Not everyone can benefit from free utilities. This is why those who pay are asked to pay more. Please reconsider rate increases when these companies continue to show a profit and pay CEO's over \$10,000.00 a day.

Please docket the attached in the case number above.
