Case # 10-2865-EL-BGN

Dear Ohio Power Siting Board,

My issues with this case are as follows:

- Page 24, item 22, wells
- Page 25, item 26, noise
- Page 27, site selections, community acceptance
- Page 29, aesthetics, turbins seen
- Page 33, roads and bridges, road conditions
- Page 34, operational noise, how much noise
- Page 35, shadow flicker, how much
- Page 37, local and long range interference, 3rd party
- Page 47, public notice, not my library

I also would like to address the fact that I had a buyer for my property, but after they checked into information about living in a wind farm, they backed out.

Sincerely,
Thomas Karbula
