**RE: Meldahl Transmission Line and Substation Project
Case Nos. 10-2439-EL-BSB and 10-2440-EL-BTX**

Dear Mayor Meyers:

The City of Hamilton and American Municipal Power, Inc. (collectively, "Applicants") have proposed to construct an electric transmission line and substation in Clermont County, Ohio, to be known as the Meldahl Hydroelectric Transmission Line and Substation Project ("Project"). The transmission line and substation applications were consolidated by the Ohio Power Siting Board ("OPSB") and are docketed as Case Nos. 10-2440-EL-BTX and 10-2439-EL-BSB, respectively. OPSB must first grant permission to Hamilton and AMP before construction of the Project can begin. You were mailed a copy of these applications via certified mail on July 7, 2011.

To assist OPSB in making its determination, a public hearing on the Project will be held consisting of two parts: (a) a local public hearing where OPSB shall accept written or oral testimony from any person, commencing on Thursday, October 13, 2011, at 6:00 p.m., at the Franklin Township Community Building, 2003 Main Street, Felicity, Ohio 45120; and (b) an adjudicatory hearing commencing on Tuesday, October 18, 2011, at 10:00 a.m., 11th floor, Hearing Room 11-D, at the offices of the Public Utilities Commission of Ohio, 180 East Broad Street, Columbus, Ohio 43215-3793.

Pursuant to O.A.C. 4906-5-08(C)(3), Applicants sent letters to landowners within the Project area notifying them of the public hearing and adjudicatory hearing. A list of landowners receiving these letters is attached.

Sincerely,

A handwritten signature in cursive script that reads "April R. Bott".

**RE: Hamilton/AMP Meldahl Transmission Line and Substation Projects
OPSB Case Nos. 10-2439-EL-BSB and 10-2440-EL-BTX**

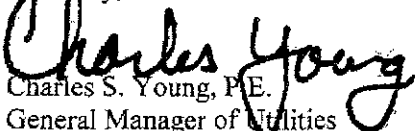

Dear Mr. Dixon:

The City of Hamilton ("Hamilton") and American Municipal Power ("AMP") have filed application with the Ohio Power Siting Board ("OPSB") to construct a transmission line and substation in your area ("Project"). The transmission line and substation applications are docketed with OPSB under consolidated Case Nos. 10-2440-EL-BTX and 10-2439-EL-BSB, respectively. OPSB must first grant permission to Hamilton and AMP before construction of the Project can begin.

To assist OPSB in making its determination, a public hearing on the Project will be held consisting of two parts: (a) a local public hearing where the Board shall accept written or oral testimony from any person, commencing on Thursday, October 13, 2011, at 6:00 p.m., at the Franklin Township Community Building, 2003 Main Street, Felicity, Ohio 45120; and (b) an adjudicatory hearing commencing on Tuesday, October 18, 2011, at 10:00 a.m., 11th floor, Hearing Room 11-D, at the offices of the Public Utilities Commission of Ohio, 180 East Broad Street, Columbus, Ohio 43215-3793.

After the conclusion of the public hearing, OPSB will review the applications, reports from OPSB staff, as well as any comments received from the public and determine whether a certificate should be granted to allow construction of the Project. Copies of the complete applications are available from OPSB's website at <http://www.opsb.ohio.gov>, the Clermont County Public Library, from Hamilton by request at <http://www.Hamilton-City.org>, or from AMP by request at <http://amppartners.org/>.

Sincerely,

Charles S. Young, P.E.
