**2.1 Undertaking of the Company**

**2.1.1 Scope**

The Company undertakes to furnish communications service in connection with one-way and/or two-way information transmission between points within the State of Ohio under the terms of this tariff.

Customers may use services and facilities provided under this tariff to obtain access to services offered by other service providers. The Company is responsible under this tariff only for the services and facilities provided herein, and it assumes no responsibility for any service provided by any other entity that purchases access to the Company network in order to originate or terminate its own services, or to communicate with its own Customers.

**2.1.2 Shortage of Equipment or Facilities**

2.1.2.1 The Company reserves the right to limit or allocate the use of existing facilities, or of additional facilities offered by the Company when necessary because of lack of facilities or due to some other cause beyond the Company's control.

2.1.2.2 The furnishing of service under this tariff is subject to the availability on a continuing basis of all the necessary facilities and is limited to the facilities the Company may obtain from other carriers, from time to time, to furnish service as required at the sole discretion of the Company.

**2.1.3 Terms and Conditions**

2.1.3.1 Except as otherwise provided herein, service is provided and billed on the basis of a minimum period of at least one month, and shall continue to be provided until canceled by the Customer.

Unless otherwise specified herein, for the purpose of computing charges in this tariff, a month is considered to have 30 days. All calculations of dates set forth in this tariff shall be based on calendar days, unless otherwise specified herein.

2.1 Undertaking of the Company (contd.)

2.1.3.3 At the expiration of the initial term specified in each Business Customer Service Order, or in any extension thereof, service shall continue on a month to month basis at the then current rates unless terminated by either party upon 30 days written or oral notification. Any termination shall not relieve Customer of its obligation to pay any charges incurred under the Service Order and this tariff prior to termination.

The rights and obligations that by their nature extend beyond the termination of the term of the Service Order shall survive such termination.

Inclusion of early termination liability by the company in this tariff or a contract does not constitute a determination by the Commission that the termination liability imposed by the company is approved or sanctioned by the Commission. Customers shall be free to pursue whatever legal remedies they may have should a dispute arise.

2.1.3.4 This tariff shall be interpreted and governed by the laws of the State of Ohio without regard of the State's choice of laws provision.

2.1.3.5 Another Telephone Company must not interfere with the right of any person or entity to obtain service directly from the Company.

2.1.3.6 The Customer has no property right to the telephone number or any other call number designation associated with services furnished by the Company. The Company reserves the right to change such numbers, or the central office designation associated with such numbers, or both, assigned to the Customer, whenever the Company deems it necessary to do so in the conduct of its business. Nothing in this provision shall be construed to be inconsistent with number portability requirements.

The Company will comply with MTSS and Commission orders regarding acts of God.
- 2.1.4.4 The Company shall not be liable for any damages or losses due to the fault or negligence of the Customer or due to the failure or malfunction of Customer provided equipment or facilities.

#### 3.6 Directory Listings

The Company shall provide a single directory listing, termed the primary listing, in the telephone directory published by the local exchange provider in the Customer's exchange area of the Station number which is designated as the Customer's main billing number. Directory listing of additional Company Station numbers, other than the Customer's main billing number, associated with a Customer's service will be provided for an additional monthly recurring charge per listing.

3.6.1 The Company reserves the right to limit the length of any listing in the directory by the use of abbreviations when, in its judgment, the clearness of the listing or the identification of the Customer is not impaired thereby. When more than one line is required to properly list the Customer, no additional charge is made.

3.6.2 The Company may refuse a listing which is known not to constitute a legally authorized or adopted name, contains obscenities in the name, or any listing which, in the opinion of the Company, is likely to mislead or deceive calling persons as to the identity of the listed party, or is a contrived name used for advertising purposes or to secure a preferential position in the directory or is more elaborate than is reasonably necessary to identify the listed party. The Company, upon notification to the Customer, will withdraw any listing which is found to be in violation of its rules with respect thereto. Customer Initials or nicknames are allowed.

3.6.3 Each listing must be designated Government, Business, or Residence to be placed in the appropriate section of the directory. In order to aid the user of the directory, and to avoid misleading or deceiving the calling party as to the identity of the listed party, only business listings may be placed in the Business Section and only residential listings in the Residential Section. The Company, upon notification to the Customer, will withdraw any listing that is found to be in violation of its rules with respect thereto.

3.6.4 In order for listing to appear in an upcoming directory, the Customer must furnish the listing to the Company in time to meet the directory publishing schedule.

3.6.5 Primary Listing: A primary listing contains the name of the Customer, or the name under which a business is regularly conducted, as well as the address and telephone number of the Customer.

**2.1.1 Scope**

The Company undertakes to furnish communications service in connection with one-way and/or two-way information transmission between points within the State of Ohio under the terms of this tariff.

Customers may use services and facilities provided under this tariff to obtain access to services offered by other service providers. The Company is responsible under this tariff only for the services and facilities provided herein, and it assumes no responsibility for any service provided by any other entity that purchases access to the Company network in order to originate or terminate its own services, or to communicate with its own Customers.

**2.1.2 Shortage of Equipment or Facilities**

2.1.2.1 The Company reserves the right to limit or allocate the use of existing facilities, or of additional facilities offered by the Company when necessary because of lack of facilities or due to some other cause beyond the Company's control.

2.1.2.2 The furnishing of service under this tariff is subject to the availability on a continuing basis of all the necessary facilities and is limited to the facilities the Company may obtain from other carriers, from time to time, to furnish service as required at the sole discretion of the Company.

**2.1.3 Terms and Conditions**

2.1.3.1 Except as otherwise provided herein, service is provided and billed on the basis of a minimum period of at least one month, and shall continue to be provided until canceled by the Customer.

2.1 Undertaking of the Company (contd.)

- 2.1.3.3 At the expiration of the initial term specified in each Business Customer Service Order, or in any extension thereof, service shall continue on a month to month basis at the then current rates unless terminated by either party upon 30 days written or oral notification. Any termination shall not relieve Customer of its obligation to pay any charges incurred under the Service Order and this tariff prior to termination.

The rights and obligations that by their nature extend beyond the termination of the term of the Service Order shall survive such termination.

Inclusion of early termination liability by the company in this tariff or a contract does not constitute a determination by the Commission that the termination liability imposed by the company is approved or sanctioned by the Commission. 2.1.3.4 This tariff shall be interpreted and governed by the laws of the State of Ohio without regard of the State's choice of laws provision.

2.1.3.5 Another Telephone Company must not interfere with the right of any person or entity to obtain service directly from the Company.

2.1.3.6 The Customer has no property right to the telephone number or any other call number designation associated with services furnished by the Company. The Company reserves the right to change such numbers, or the central office designation associated with such numbers, or both, assigned to the Customer, whenever the Company deems it necessary to do so in the conduct of its business. Nothing in this provision shall be construed to be inconsistent with number portability requirements.
