Re: *In the Matter of the Commission's Consideration of Telephone Safety
Valve Requests and Other Number Resource Related Filings*
Case No. 10-884-TP-UNC

Dear Ms. McCauley:

Enclosed are the original and fifteen (15) copies of the *Motion for Review of Decision of Neustar-Pooling Administrator* for filing in the above-referenced matter on behalf of Windstream Western Reserve, Inc. Please time stamp the extra copies of the *Motion for Review* and return them to our courier.

Thank you for your assistance.

Very truly yours,

BAILEY CAVALIERI LLC

BEFORE
THE PUBLIC UTILITIES COMMISSION OF OHIO

In the Matter of the Commission's Consideration)	
of Telephone Safety Valve Requests and Other)	Case No. 10-884-TP-UNC
Number Resource Related Filings)	

WINDSTREAM WESTERN RESERVE, INC.'S MOTION FOR REVIEW
OF DECISION OF NEUSTAR – POOLING ADMINISTRATOR

Pursuant to 47 CFR § 52.15(g)(3)(iv), Windstream Western Reserve, Inc. (“Windstream”) hereby moves the Public Utilities Commission of Ohio (“Commission”) to review a decision of the Pooling Administrator (“PA” or “NeuStar”) denying Windstream’s request for numbering resources in one Ohio rate center. For the reasons set forth below, Windstream respectfully requests that the Commission overturn the PA’s decision and direct it to assign the requested one thousand number block to Windstream.

Windstream recently submitted a request to NeuStar for a one thousand number block in accordance with current guidelines, including the months-to-exhaust (“MTE”) certification procedures established in the Central Office Code Assignment Guidelines. This one thousand number block is necessary to accommodate a specific request from Windstream’s customer, Pilot Catastrophe Services, Inc., to facilitate its growth and expansion needs. Windstream cannot meet this request from its current inventory based on Pilot Catastrophe Services, Inc.'s specific need for 400 consecutive DID numbers to operate in its new office building in Hudson, Ohio.

Windstream’s request for the additional numbers from NeuStar was denied because Windstream does not meet the utilization threshold necessary in order to obtain numbering

resources. The Federal Communication Commission ("FCC") requires a MTE of 6 months or less and Windstream is now at a 285.292 MTE.

The FCC's rules set forth the instant procedure for state commission review of a denial of a numbering resource request. 47 CFR § 52.15(g)(3)(iv). The FCC's rules allow a state commission to, "... overturn the NANPA's decision to withhold numbering resources from the carrier based on its determination that the carrier has demonstrated a verifiable need for numbering resources and has exhausted all other available remedies." 47 CFR § 52.15(g)(4). The FCC Report and Order adopting this rule elaborates as follows:

We therefore clarify that states may also grant relief if a carrier demonstrates that it has received a customer request for numbering resources in a given rate center that it cannot meet with its current inventory. Carriers may demonstrate such a need by providing the state with documentation of the customer request and current proof of utilization in the rate center. States may not accommodate requests for specific numbers (i.e., vanity numbers), but may grant requests for customers seeking contiguous blocks of numbers.

Third Report and Order and Second Order on Reconsideration, Numbering Resource Optimization, FCC 01-362, CC Docket Nos. 96-98 and 99-200, ¶ 64 (December 28, 2001).

This Commission has the authority to overturn the PA's decision when a carrier demonstrates that it cannot meet a customer request for a contiguous block of numbers from its current inventory. Windstream does not have the inventory for Pilot Catastrophe Service, Inc.'s request for several hundred consecutive numbers in the Hudson rate center, which satisfies this standard. This is demonstrated by the attached copies of the thousand-block application, the MTE certification, NeuStar's denial, and Pilot Catastrophe Service, Inc.'s letter request, which are incorporated herein.

For the reasons set forth herein, Windstream respectfully requests that the Commission overturn NeuStar's denial and direct NeuStar to allocate to Windstream the requested additional one thousand number block to satisfy the needs of its customer.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "William A. Adams", written over a horizontal line.

Instructions for filling out each Section of the Part 1A form:

Section 1.1 Contact information requires that Service Providers supply under "Block Applicant" the company name, company headquarters address, a contact within the company, an address where the contact person may be reached, in addition to the correct phone, fax, and e-mail address. The Pooling Administrator section also requires the Service Provider to fill in the Pooling Administrator's name, address, phone, fax and e-mail.

Section 1.2 Service Providers who need a thousands-block assignment or for an Location Routing Number (LRN) are required to fill in this section. If needed for an LRN, a CO Code Application needs to also be submitted to the PA. The Service Provider should supply the Numbering Plan Area (NPA); the Local Access Transport Area (LATA), which is a three-digit number that can be found in the TelcordiaTM LERGTM Routing Guide. The Operating Company Number (OCN) assigned to the service provider and the OCN its parent company. An OCN is a four-character alphanumeric assigned by TelcordiaTM Routing Administration (TRA). In addition, the number of thousands-blocks requested should be supplied. The Switch Identification as well as the city or wire center name, rate center, rate center sub zone, homing

tandem and CLLI™ tandem of the facilities based provider ^{xi}. Explanations of these terms may be found in the footnotes.

Section 1.3 The date the Service Provider completes the application should be entered in this section, as well as the Effective Date of the requested thousands-block.

Section 1.4 Service Providers should indicate their type, e.g., local exchange carrier, competitive local exchange carrier, interexchange carrier, CMRS. They also indicate the primary type of business in which the numbering resource is to be used. Service Providers also may indicate their preference for a particular thousands-block, e.g., 321-9XXX, or indicate any thousands-blocks that may be undesirable, e.g., 321-6XXX.

Section 1.5 Service Providers indicate the type of request. Initial requests are for first applications for thousands-blocks in a rate center, growth for additional thousands-blocks in a rate center in which the applicant already has numbering resources, and provide the required evidence as ordered by the FCC.

Section 1.6 Service Providers must indicate the updated/current information in regards to contaminated TNs on the block they are returning to the pool. Blocks with over 10% contamination (101 TNs or more) shall not be returned to the pool unless they meet criteria outlined in section 9.1.2 of these Guidelines. If the block being returned is over 10% contaminated the PA shall seek a new block holder. If question c and/or d have a response of No, the request for return shall be denied. The thousands-block applicant certifies veracity of this form by signing their name, and providing their title and date.

Foot Notes :

ⁱ Identify the type of change(s) in Section 1.5.

ⁱⁱ The Pool Administrator is available to assist in completing these forms.

ⁱⁱⁱ A CO Code application will also need to be submitted to the PA.

^{iv} Operating Company Number (OCN) assignments must uniquely identify the applicant. Relative to CO Code assignments, NECA-assigned Company Codes may be used as OCNs. Companies with no prior CO Code or Company Code assignments should contact NECA (800 524-1020) to be assigned a Company Code(s). Since multiple OCNs and/or Company Codes may be associated with a given company, companies with prior assignments should direct questions regarding appropriate OCN usage to (TRA) (732-699-6700).

^v This is an eleven-character descriptor of the switch provided by the owning entity for the purpose of routing calls. This is the 11 character CLLI™ code of the switch /POI.

^{vi} Rate Center name must be a tariffed Rate Center.

^{vii} Acknowledgment and indication of disposition of this application will be provided to applicant within seven calendar days from the date of receipt of this application. An incomplete form may result in delays in processing this request.

^{viii} Please ensure that the NPA-NXX of the LRN to be associated with this block(s) is/will be active in the network prior to the effective date of the block(s).

^{ix} Select if you are the current Block Holder.

^x Select if you are not the current Block Holder

^{xi} Telcordia, LERG Routing Guide, and CLLI are trademarks of Telcordia Technologies, Inc.

Explanation: _____

¹A copy of this worksheet is required to be submitted to the Pooling Administrator when requesting additional numbering resources in a rate center. For auditing purposes, the applicant must retain a copy of this document.

²Quantity of numbers activated in the past 90 days is based on blocks and/or codes received from the administrator and shall be reported in increments of 1,000 or 10,000 TNs (e. g.: 2 blocks received=2,000 and 1 code received =10,000).

³Net change in TNs no longer available for assignment in each previous month, starting with the most distant month as Month #1, and Month #6 as the current month.

⁴Forecast of TNs needed in each following month, starting with the most recent month as Month #1.

⁵To be assigned an additional thousands-block (NXX-X) for growth, "Months to Exhaust" must be less than or equal to 6 months. (FCC 00-104, section 52.15 (g) (3) (iii)).

⁶Newly acquired numbers may be excluded from the Utilization calculation (FCC 00104, section 52.15 (g)(3)(ii))

Windstream Communications

Hudson, Ohio

Subject: Request to open a New Local Exchange

Dear Sir:

Our company just acquired an office building located at 280 Executive Parkway West, Hudson, Ohio, 44236. We will be installing PBX equipment, PRI's, etc. in the near future, all purchased through Windstream. This location will be used for multiple Call Centers for certain insurance companies during times of disaster and non-disaster situations. We need 400 consecutive D.I.D. numbers that will not interfere with existing numbers at our other 8 locations. This is business critical as we are required to dial 4 digits between all of our offices.

Per Mike Kovalick, our Account Executive for Ohio, there are no current Hudson Ohio exchanges that are available to accommodate this request.

The numbers that we are requesting need to be in the last 4 digit range of 6000 through 6399. The first digits to the D.I.D. number will not matter to us, only the last 4 digits as we will be receiving 4 digits.

Thank you very much for your help in this matter. Please feel free to contact me if needed.

Sincerely,

A handwritten signature in cursive script that reads "Ka Kinman".

Ka Kinman/Telecommunications Mgr.
