PROFESSIONAL TELECOMMUNICATIONS SERVICES, INC. (PTS) PUCO Tariff No 1 Sec 24 Exchange Svc Paragraphs A&B Ori Page No 1

SECTION 24
EXCHANGE SERVICES

A. GENERAL REGULATIONS

1. The schedules of basic monthly exchange rates and charges applicable within the base and locality rate areas in the various exchange areas for the services offered therein are shown in Section 29 of this tariff. The services offered in each exchange area, the local service area or areas for each exchange and the particular schedule applicable thereto are specified in paragraph C, following, this section.

2. Exchange Classification

a) For the purpose of determining exchange service monthly base rates, exchanges are classified in one or more rate groups according to the total Exchange Access Lines in the local service area or areas. The local service area is the area within which customers make calls without the payment of toll charges and may include one or more exchanges. For the purpose of this regulation, "Exchange Access Lines" consist of the total number of individual lines, two party lines, Semi-Public Service, Public Service, COCOT5, Coinless, Centrex lines, Centrex residence main lines, ESSX-1 network access registers, Mobile Wire lines, and all types of trunk lines.

b) Rate Group Classifications and Limits

<u>Exchange Rate Group</u>	<u>Total Exchange Access Lines In Local Service Area</u>
Group 1	0 - 6,000
Group 2	6,001 - 15,000
Group 3	15,001 - 25,000
Group 4	25,001 - 35,000
Group 5	35,001 - 50,000
Group 6	50,001 - 70,000
Group 7	70,001 - 100,000
Group 8, 8A	100,001 - and over

c) The total Exchange Access Lines in the local service area of each exchange shall be verified using the Telephone Company's official report of the Exchange Access lines in service.

d) Exchange classifications are based on the number of Exchange Access Lines in service on February 23, 1998.

C. REMOTE CALL FORWARDING

1. General

Remote call forwarding (RCF) is a service which allows a call placed from a station to a customer's telephone number (the call forwarding location) to be automatically forwarded by Telephone Company central office equipment to another station designated by the RCF customer (the terminating station) which is (1) interexchange, (2) local exchange service, (3) 800 service (Inward Wide Area Telecommunications Service), or (4) foreign exchange service (FX). Additionally, RCF may also be used with foreign exchange service to forward calls via network facilities when the foreign exchange line is busy. This service is available only where the terminating station has incoming-call dial capability.

2. Limitations of the Service

- a) RCF service is offered subject to the availability of suitable facilities.
- b) RCF service is not offered where the terminating station is a coin telephone.
- c) The Telephone Company will not provide identification of the originating telephone number to the RCF customer.
- d) Transmission characteristics may vary depending on the distance and routing necessary to complete the remotely forwarded call.
- e) RCF is not represented as being suitable for satisfactory transmission of data.
- f) Regular call forwarding should not be offered as a feature at the RCF terminating station.
- g) Remote call forwarding is provided on the condition that the customer subscribes to sufficient RCF features and facilities to adequately handle calls to the terminating station(s) without interfering with or impairing any services offered by the Telephone Company. If in the opinion of the Telephone Company, additional RCF features at the call forwarding RCF features and facilities. In the event the customer refuses to subscribe for these additional RCF features and facilities, the customer's RCF service will be subject to termination.

3. Rates

- a) The rates and charges shown below are for the remote call forwarding feature only and are in addition to applicable rates and charges for service and equipment with which it is used.
- b) Remote call forwarding per feature arranged. See Section 29
- c) Message Charges See Section 29
- (1) The message charges applicable to remotely forwarded calls are comprised of two separate charges: (i) a charge for the portion of the call from the originating station to the call forwarding location, and (ii) a charge for the portion of the call from the call forwarding location to the terminating station. The respective charge for each such portion is to be as follows:
 - (a) Between the originating station and call forwarding location: The charge for this portion of a remotely forwarded call will be the charge applicable for the type of call involved.

C. REMOTE CALL FORWARDING

3.c) Message Charges (Cont'd.)

(b) Between the call forwarding location and the terminating station

The remote call forwarding customer is responsible for the applicable customer-dialed station-to-station toll charge. On local calls, the customer is responsible for the payment of a charge equivalent to the usage rates for originated customer dialed optional measured service calls. Usage allowances are not applicable to RCF. The preceding charges apply to all calls answered at the terminating station, including person-to-person and collect calls, even though such calls might not be accepted at the answering location.

d) Number Changes See Section 29

The initial charge applies each time:

- 1) The number is changed at the call forwarding location.
- 2) The number to which calls are forwarded is changed at the request of the customer.

e) Directory Listings See Section 29

One listing is provided without additional charge in the directory covering the exchange in which the call forwarding central office is located.

f) Minimum Service Period

The minimum service period for this service is two months.

D. SELECTIVE CLASS OF CALL SCREENING SERVICE

1. General

- a) Selective class of call screening service enables a customer, through Telephone Company operator identification, to restrict outgoing toll calls from the customer's station users. Only toll calls which are charged to the called telephone number, a third number, or a Telephone Company calling card account are permitted.
- b) All local calls and calls to Telephone Company numbers such as repair service, directory assistance, and Public emergency service numbers such as 911 will be permitted from the establishment.
- c) This service is available only where facilities permit, to colleges or universities, hospitals, hotels, motels, and other such institutions.

2. Rates and Charges See Section 29
