Dear,

This is in reference the rate increase of 17% starting in Jan. At this time that increase could be about 7^{to} 8% per month but with winter coming on, it could be several times that.

I am available for a meeting with a CEO. Just recently got a 30th increase per month in health insurance. No budget and life would be easy. I am 87 yrs old + trying to survive.

By the way, American Debt Power has furnished me wonderful service in years past
Thank you,

Sincerely,
Wm Parsons

COMMENT DESCRIPTION:

I oppose the rate increase that the AEP is trying to get approved. A 17 % distribution rate increase is just too much. There is no way that the poor and now even the middle class can pay these kind of increases.

No to such a high distribution rate increase! Thank you.
