Dear PAUCO members,

RECEIVED-DOCKETING DIV
2011 NOV - 9 AM 9:53

I strongly protest your granting AEP 17.1% rate increase the way our ~~bad~~ economy is! They got a 23% one the last time! What working citizen gets raises like that on the job??

I'm a childless 85 1/2 yr. old widow on S.I., and that bunch in Wash DC didn't see fit to give us an increase in 2010 or this year yet all the greedy businesses keep raising their rates. First Timothy chap 3 - verse 10. The LOVE of money is the root of all evil! Most people quote this leaving out the key word of love!

I pay my property taxes in Jan + June or when the bills come they are several hundred dollars larger than my monthly check - when my home insurance bill comes in the fall it eats my entire check! There's many other bills to be paid monthly.

That stupid Board of Education will be wanting another hike on property soon!

I was born in the great depression and no one had anything. Prices came DOWN not UP constantly!

I suppose AEP wants us to pay for that company that they hire to go from house to house with their so called Free gifts to help economize. They come here and I discovered that had I not let the man make an appointment with some one else to come in

and inspect my property that he would have asked me for \$25.00 for the Free gifts. How cunning and sly!!!

The second man wanted me to spend \$5,000 or \$30,000.00 for improvements. Now nice, I think of all the hurting public out there that don't have jobs, ones that are losing their homes etc. It's time that A.F.P. and others tighten their belts like we continually HAVE TO!

Sincerely,

A. Goodrich
