Docketing Case No.:11-351-el-air

I am very upset and completely disagree with AEP asking and getting any price increase. I am single and use hardly any electric. But my bill keeps increasing. I and my neighbors have a lot of power surges which they never find the problem causing this. Which I understand, if it's not happening it's hard to fix. Still enough is enough. Can you folks at the PUCO for once protect us and not allow an increase at till our economy comes back M. Baker.
