Important Information About the Coverage Map

Map may include areas served by unaffiliated carriers, and may depict their licensed area rather than an approximation of the coverage there. Actual coverage area may differ substantially from map graphics, and coverage may be affected by such things as terrain, weather, foliage, buildings and other construction, signal strength, customer equipment and other factors. AT&T does not guarantee coverage. Charges will be based on the location of the site receiving and transmitting the call, not the location of the subscriber.

Why Switch to AT&T Wireless?

Our Service

Phones are just the beginning. It's our cell phone service and popular features like wireless Rollover® Minutes that keep our more than 92 million customers connected.

Our Technology

With the introduction of 4G LTE*, AT&T is also the only carrier that offers two layers of network technology delivering 4G speeds: HSPA+ and LTE. This means you'll enjoy fast 4G speeds on both the HSPA+ network and on the LTE network where available. This combination adds up to a smoother, more consistent 4G experience overall.

These Coverage Locator depictions apply to the following calling plans:

Nationwide Calling Plans, America's Choice initiated (activated) on or after 2/21/2005, Mobile Broadband and Prepaid.

Roaming charges will apply in the Canada Coverage area unless you subscribe to the Nationwide Plus Canada Plan.

Roaming charges will apply in the Mexico Coverage area unless you subscribe to the Nationwide Plus Mexico Plan.

These Coverage Locator maps depict predicted and approximate wireless coverage. The coverage areas shown do not guarantee service availability, and may include locations with limited or no coverage. Even within a coverage area, there are many factors, including customer's equipment, terrain, proximity to buildings, foliage, and weather that may impact service. Some of the Coverage Areas include networks run by other carriers, the coverage depicted is based on their information and public sources, and we cannot ensure its accuracy.

Digital Phone Local, Digital Phone State and Digital Phone Unlimited Nationwide do not include back-up power and, as in the case with an electric-powered home cordless phone, should there be a power outage, Digital Phone, including the ability to access 9-1-1 services, may not be available. Additional charges apply for taxes, fees, Directory Assistance, Operator Services, Long Distance, and calls to International locations, as applicable. Offer valid for residential customers in Digital Phone serviceable areas. Must subscribe to both TV and Voice to get Caller ID on TV. Caller ID on TV is not available in all areas.

In certain areas, service to unlimited phone jacks is included if customer's phone jacks are pre-wired in the home. Additional phone jacks installed by Time Warner Cable are subject to additional installation fees.

International OnePrice® is available to customers who subscribe to Voice and TV and/or Road Runner® Internet. Offer valid for residential customers in Home Phone serviceable areas. International OnePrice applies only to calls terminating on a landline phone in most countries. Calls terminating to cell phones with a service provider based in the following countries are included in the plan: Anguilla, Antigua, Bahamas, Barbados, Bermuda, British Virgin Islands, Canada, China, Hong Kong, India, Macau, Paraguay, St. Kitts, and Thailand. Monthly maximum usage allowance of 1,000 minutes based on calendar month, which may or may not coincide with billing cycle. Additional charges apply for taxes, fees, Directory Assistance, and Operator Services. International calls to satellite phones, special services numbers such as toll-free, or caller-paid information services such as 900-type numbers, calls to chat lines and cell phone numbers in countries not listed above are not included and will be charged at additional per-minute rates.

Nationwide Calling Plans, America's Choice initiated (activated) on or after 2/21/2005, Mobile Broadband and Prepaid.

Roaming charges will apply in the Canada Coverage area unless you subscribe to the Nationwide Plus Canada Plan.

Roaming charges will apply in the Mexico Coverage area unless you subscribe to the Nationwide Plus Mexico Plan.

These Coverage Locator maps depict predicted and approximate wireless coverage. The coverage areas shown do not guarantee service availability, and may include locations with limited or no coverage. Even within a coverage area, there are many factors, including customer's equipment, terrain, proximity to buildings, foliage, and weather that may impact service. Some of the Coverage Areas include networks run by other carriers, the coverage depicted is based on their information and public sources, and we cannot ensure its accuracy.

Digital Phone includes the connection of one phone jack, up to five jacks available. All existing phone jacks must be pre-wired and phone ready. A one-time phone activation fee will be charged.

See other applicable terms and conditions below. To order any services not available online, [Contact Us](#)

To receive all TV services, remote and lease of a Digital, HD or HD DVR set-top box are required. HDTV set, HD or HD DVR set-top box required for HD service. Some services are not available to CableCARD customers. Not all equipment supports all services. DVR, HD DVR, Movies On Demand, HD Movies On Demand, HD Premium Tier, HBO with On Demand, Cinemax with On Demand, Showtime with On Demand, The Movie Channel with On Demand, Disney Channel with On Demand (and any other applicable Premium OD services). Seasonal Sports Packages are optional services available for an incremental charge. Blackout and other restrictions apply. May not be available in all areas. Programming subject to change. Customer-owned equipment, and/or unapproved equipment, may result in diminished service quality. In certain areas, service to outlets is included only if customer's outlets are pre-wired in the home and phone-ready. Additional outlets installed by Time Warner Cable are subject to additional installation fees.

Road Runner® reserves the right to discontinue any feature or offer at any time. Not all Road Runner® products and services are available to customers using the Microsoft® Windows Vista™ operating system. Free Internet Security Suite from Computer Associates must be downloaded on Road Runner® and registration is required. Software not available for Macintosh computers. Digital Phone Local, Digital Phone State and Digital Phone Unlimited Nationwide do not include back-up power and, as in the case with an electric-powered home cordless phone, should there be a power outage, Digital Phone, including the ability to access 9-1-1 services, may not be available. Additional charges apply for taxes, fees, Directory Assistance, Operator Services, Long Distance, and calls to International locations, as applicable. Offer valid for residential customers in Digital Phone serviceable areas. Must subscribe to both TV and Voice to get Caller ID on TV. Caller ID on TV is not available in all areas.

In certain areas, service to unlimited phone jacks is included if customer's phone jacks are pre-wired in the home. Additional phone jacks installed by Time Warner Cable are subject to additional installation fees.

International OnePrice® is available to customers who subscribe to Voice and TV and/or Road Runner® Internet. Offer valid for residential customers in Home Phone serviceable areas. International OnePrice applies only to calls terminating on a landline phone in most countries. Calls terminating to cell phones with a service provider based in the following countries are included in the plan: Anguilla, Antigua, Bahamas, Barbados, Bermuda, British Virgin Islands, Canada, China, Hong Kong, India, Macau, Paraguay, St. Kitts, and Thailand. Monthly maximum usage allowance of 1,000 minutes based on calendar month, which may or may not coincide with billing cycle. Additional charges apply for taxes, fees, Directory Assistance, and Operator Services. International calls to satellite phones, special services numbers such as toll-free, or caller-paid information services such as 900-type numbers, calls to chat lines and cell phone numbers in countries not listed above are not included and will be charged at additional per-minute rates.

Important Information About the Coverage Map

Map may include areas served by unaffiliated carriers, and may depict their licensed area rather than an approximate coverage there. Actual coverage area may differ substantially from map graphics, and coverage may be affected by such things as terrain, weather, foliage, buildings and other construction, signal strength, customer equipment and other factors. AT&T does not guarantee coverage. Charges will be based on the location of the site receiving and transmitting the call, not the location of the subscriber.

Why Switch to AT&T Wireless?

Our Service

Phones are just the beginning. It's our cell phone service and popular features like wireless Rollover® Minutes that keep our more than 92 million customers connected.

Our Technology

With the introduction of 4G LTE*, AT&T is also the only carrier that offers two layers of network technology delivering 4G speeds: HSPA+ and LTE. This means you'll enjoy fast 4G speeds on both the HSPA+ network and on the LTE network where available. This combination adds up to a smoother, more consistent 4G experience overall.

The Sprint all-digital wireless network gives you voice coverage and access to innovative services like Sprint TV®, text messaging and Web browsing. Please note that certain services, such as Sprint Music Store, are not available throughout the entire Nationwide Sprint® Network. Need help? Contact us at 888-211-4727.

Our coverage maps provide high-level estimates of our coverage areas when using your device outdoors under optimal conditions. Coverage isn't available everywhere. Estimating wireless coverage and signal strength is not an exact science.

There are gaps in coverage within our estimated coverage areas that, along with other factors both within and beyond our control (network problems, software, signal strength, your wireless device, structures, buildings, weather, geography, topography, etc.), will result in dropped and blocked connections, slower data speeds, or otherwise impact the quality of services.
