Exhibit B

Description of Services

Applicant seeks authority to provide resold competitive local exchange telecommunications services in the State of Ohio. Applicant seeks statewide authority. Applicant will offer data-only local exchange services and will not be providing any dial tone service to customers. Applicant's services are provided through local exchange and/or other connecting carriers from whom Applicant leases underlying facilities and other services. Applicant will continuously monitor and maintain a high level of control over its operations on a 24-hours-a-day, 7-days-a-week basis.

Applicant's service offerings will enhance competition for telecommunications services in the State of Ohio because the addition of another supplier of service will create a new competitor who will be required to compete in terms of price and quality of service. Applicant will make available to its customers innovative, low-cost, competitively priced, telecommunications and other services. In addition to providing subscribers with the cost advantages realized by resale of facilities-based capacity, Applicant's proposed service will help to optimize the use of existing telecommunications facilities and contribute to their efficient use and operation. Applicant's proposed services will therefore benefit the telephone end users of the State of Ohio.

Exhibit E

Managerial Qualifications

Applicant has the managerial and technical qualifications to provide competitive telecommunications services in Ohio. Guidance will rely on the managerial and technical expertise of its management personnel. Applicant is a Limited Liability Company organized under the laws of the State of Ohio. Applicant is concurrently applying for certification to provide services in the State of Pennsylvania. Applicant has not been certified previously as a telecommunications carrier in the State of Ohio. Applicant certifies that it will follow Federal Communications Commission accounting requirements, if applicable.

Mr. Mark McGinness is the founder and Chief Executive of the Applicant, and is the sole shareholder. The address and telephone number for Mr. McGinness is:

Mark McGinness
30628 Detroit Road, #105
Westlake, Ohio 44145
440-678-8696

Mr. McGinness has 20 years experience in CLEC telecommunications. Mr. McGinness was previously CEO and owner of Expedient Holdings, LLC, a Cleveland-based CLEC, and Internet service and data center provider. Prior to Expedient, Mr. McGinness was National ISP & Carrier Sales Executive at ICG Communications, an Ohio CLEC based in Denver, Colorado, where he was instrumental in the company's growth to a national CLEC. For ICG he was key figure in development of managed modems, metro local loop solutions, and collocation services. Level 3 acquired ICG Communications in April 2006.

Mr. McGinness also worked for Allegiance Telecom, an Ohio CLEC based in Dallas, Texas to develop the wholesale and broadband organization. He created the IP DS1 product that leveraged their 850 RBOC collocations and national IP backbone, while resolving their lack of carrier hotel connectivity. XO acquired Allegiance Telecom in February 2004.

Mr. McGinness sold and supported most of the major ISP and other large agreements for ICG and Allegiance, achieving more than a billion dollars in telecom service agreements.

Exhibit F

Interactions With Other Carriers

Applicant proposes to provide resold services throughout the State of Ohio. Applicant plans to use its CLEC certification to negotiate interconnection agreements or other wholesale agreements with other carriers, which will enable Applicant to provide its proposed services. Currently Applicant does not have any interconnection agreements in place with any carriers.

Exhibit G

Interactions With Customers

Attached hereto please find samples of the customer bill and disconnection notice which Applicant proposes to utilize, and a spreadsheet of Ohio ILEC Exchanges which Applicant intends to serve.
