COMPLAINT DESCRIPTION:

AEP has reached some sort of a secret agreement with the PUCO (you won't release documents) and it is resulting in the doubling of most business electric bills-especially those participating with a 3rd party supplier. I thought the PUCO was to protect the public and business. Evidently not so; I find the PUCO and more directly its commissioners absolutely DISGUSTING. Everyone involved with this AEP travesty should be relieved of duty and made to face the public instead of hiding behind secret discussions and documentation.

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
