COMMENT DESCRIPTION:

AEP raised the distribution charge on our electric bill by 359%!!!!!!!!!!!!!! That is NOT a typo, it went up 359% (three hundred and fifty nine percent)! This is absurd and we feel that it's highway robbery. I spoke with them because of course; I thought the figure in error. No it was not! They (AEP) said they had to get everyone to a fair market price and that by the year 2015 electric would be auctioned! We are a small business manufacturing American made products trying to keep people employed. We need your advice in settling this issue. Please reference AEP case # 11-0346-EL-SSO. Thank you.
