COMPLAINT DESCRIPTION:

I am a single mother just barely getting by as with most in this economy and AEP just forced a giant rate hike on the electric. My bill this month jumped 70 dollars! Please do something about this, I like most, can't afford this giant rate increase and will be forced to have no electric if this keeps up. This economy is not the time to take away from the people that are struggling and still paying their bills. I understand a small increase but 70 dollars? I beg of you do something about this. Thank you Jolie Dabbs
