Ms. Daisy Crockron - Chief
Docketing Department
The Public Utilities Commission of Ohio
180 East Broad Street - 10th Floor
Columbus, OH 43215-3793

Transmittal Letter
Revised Tariff Sheets Filed Pursuant to the
Commission's Order in Case No. 83-464-TP-COI
and
Case No. 90-5023-TP-TRF

Dear Ms. Crockron:

Revised tariff sheets have been filed with the FCC to amend GTOC Tariff FCC No. 1, Facilities for Interstate Access, in which GTE North Incorporated concurs for intrastate applications.

In accordance with your Commission's Order in Case No. 83-464-TP-COI, we are filing four (4) copies of these revised tariff sheets.

Transmittal No. 1192- Effective February 23, 1999

This filing provides for wire center changes for GTE DSL Solutions - ADSL Service under Section 18, and wire center changes for Expanded Interconnection Services under Section 17.

This filing also notes the dates of expiration of certain ICBs for which a general tariff offering is now available.

Acknowledgement and date of receipt of this filing is requested.

Sincerely,

John W. Kennedy
Assistant Vice President-Regulatory
and Governmental Affairs

FACILITIES FOR INTERSTATE ACCESS

5. SPECIAL ACCESS (Cont'd)5.9 Individual Case Basis Rates and Charges (Cont'd)

Microsoft Corporation ID#WA95007E (Cont'd)

(x)

In addition to the applicable conditions set forth elsewhere in this tariff, the following conditions shall apply to this service:

- (a) The Telephone Company will provide the fiber facilities between the SONET nodes, required SONET node equipment and SONET node port equipment. Multiplexers, bridges, routers or other premises devices are not included herein.
- (b) An out of service credit will apply should the service be interrupted due to the Telephone Company's system's failure to switch to protected electronics and/or facilities within one (1) second unless such interruptions are a result of conditions outside the Telephone Company's control. Credit will be predicated on information provided by the Telephone Company's and the customer's network surveillance systems associated with this service arrangement. The Telephone Company and the customer shall each have the opportunity to perform an annual inspection of the other party's network surveillance system to confirm its accuracy. The out-of-service credit will be calculated based upon the total of all monthly rate element charges relative to that portion of the service rendered inoperative; accordingly, upon the occurrence of even one (1) service interruption incident, the minimum credit shall be equal to the monthly rate for that element interrupted. A maximum limit of one month's billing credit will be allotted for a service interruption, or series of interruptions, occurring within any one calendar month period.
- (c) Termination liability charges include charges for the individual service elements shown above. In the event the customer discontinues one or all of the service elements prior to the end of the Termination Liability Period, the customer shall pay a Termination Liability charge for the service elements involved. The Termination Liability Charge will decrease for each month the particular service element remains in service. Termination liability for the nodes will not apply if the nodes become components of a service reconfiguration which is equal to or exceeds the total monthly charges prior to reconfiguration.
- (d) Termination liability charges, when applicable, are due in full within thirty (30) days of the date of termination of the service.
- (e) Should a general tariff offering for this service become available prior to the end of the Termination Liability Period set forth above, and the customer elects to convert to the general tariff rates, no termination liability charge will apply. The customer will be required to convert to the general tariff rates at the end of one year from the effective date of the general tariff, or discontinue the service without termination liability.

(x)

- (x) Expires at midnight December 26, 1999. Upon expiration, the service will be provided under general (N) tariff rates in Section 20. The customer may convert to general rates at an earlier date, if desired, on 30 days' notice to the Telephone Company. If the customer discontinues this service prior to expiration, the termination liability will apply. Termination liability will not apply to service discontinued at expiration. (N)
