RE: Sigecom, LLC d/b/a WOW! Internet, Cable and Phone, Case No. 12-0511-TP-ATA

Dear Ms. Jenkins:

Enclosed for filing with the Public Utilities Commission of Ohio is amended pages 34.1 to Sigecom, LLC d/b/a WOW! Internet, Cable and Phone's Ohio switched exchange access tariff, P.U.C.O Tariff No. 3 in the above-referenced matter for incorporation into the Company's tariff.

This page includes an additional staff-directed amendment to the sheet submitted by the Company in its February 7, 2012 filing in this proceeding.

Questions concerning this filing may be directed to the undersigned.

Sincerely,

MILLER ISAR, INC.

Andrew O. Isar

CARRIER TO CARRIER SERVICES TARIFF

SECTION 4 - SWITCHED ACCESS SERVICE (continued)

4.4. VoIP-PSTN Traffic

(N)

This section governs the identification, exchange and compensation for VoIP-PSTN Traffic. It applies only to traffic identified pursuant to this section unless the Company and Customer have agreed in writing to other terms and conditions. Also, this section establishes the methodology for separating Toll VoIP-PSTN Traffic from the Customer's traditional intrastate access traffic. This tariff does not supersede rates, terms and conditions governing compensation for toll VoIP-PSTN traffic in existing interconnection agreements. Rates, terms, and conditions governing compensation for toll VoIP-PSTN traffic in this tariff apply prospectively.

4.4.1 Toll VoIP-PSTN traffic will be billed at the applicable, tariffed interstate access rates established in the Company's F.C.C. Tariff No. 4.

4.4.2 A Customer delivering traffic to the Company shall identify the percentage of that traffic that is Toll VoIP-PSTN Traffic ("Percentage VoIP Usage" or "PVU") and will provide as support for its PVU a traffic study, similar analysis, end-user customer certifications or other information acceptable to the Company.

A. Both the Company and the Customer's PVU and underlying support for establishing that factor are subject to audit. Each party shall bear their own costs associated with any audit. In no event may the Company or Customer request more than two audits within a calendar year.

B. The Company may adjust the PVU based on its review of the supporting data provided by the Customer.

C. If the PVU factor is not available and/or cannot be implemented in the Company's billing system by January 1, 2012, once the factor is available and can be implemented the Company will adjust the Customer's bill to reflect the PVU factor retroactively to January 1, 2012. In calculating the initial PVU factor, the Company will take the Customer specified PVU-C into account retroactively to January 1, 2012, provided that the Customer provide it's PVU-C to the Company no later than April 15, 2012; otherwise, the Company will set the initial PVU equal to the Company's PVU (PVU-V), as specified in Section 4.4.6 (E)..

4.4.3 Customer will not modify its reported Percentage of Interstate Usage factor to account for Toll VoIP-PSTN traffic.

4.4.5 PVU Factor Updates

The Customer may update the PVU factors quarterly. The Customer shall submit such updates no later than the 15th day of January, April, July and October of each year. Revised PVU factors must be based on data for the prior three months ending the last day of December, March, June and September respectively. The revised PVU factors will be used for future billing and will be effective on the billing date of each month and will be used for subsequent monthly billing until superseded by a new PVU factor. No prorating or back billing will be done based on the updated PVU factors.
