ENTRY

The attorney examiner finds:

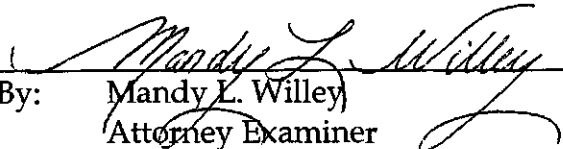

- (1) On March 12, 2012, Material Sciences Corporation (Complainant) filed a complaint against the Toledo Edison Company (TE) alleging that TE violated statutory and regulatory duties related to retail electric services provided to Complainant at its Walbridge, Ohio, facility.
- (2) On April 2, 2012, TE filed a motion for extension of the time to file an answer from April 2, 2012, to April 13, 2012, stating that the parties are engaging in ongoing settlement negotiations. Additionally, TE represents in its motion that Complainant does not object to TE's request for an extension.
- (3) The attorney examiner finds that TE's motion is reasonable and should be granted. Accordingly, TE should file its answer in this proceeding by April 13, 2012.

It is, therefore,

ORDERED, That TE's motion for extension of the time to file an answer from April 2, 2012, until April 13, 2012, be granted. It is, further,

ORDERED, That a copy of this entry be served upon all parties of record.
