RE: Granite Telecommunications, LLC, Case No. 10-2387-TP-COI

Dear Ms. Jenkins:

Pursuant to ordering paragraph 5 of the Public Utilities Commission of Ohio's ("Commission") February 29, 2011 *Entry*, in the above-referenced matter, Granite Telecommunications, LLC ("Granite") advises the Commission of its present compliance with Federal Communications Commission ("FCC") intercarrier compensation transition requirements, as set forth in the Commission's November 18, 2011 *Report and Order and Further Notice of Proposed Rulemaking* in Docket No. 07-135 *et al.* Granite's compliance obviates the need to make a separate intrastate tariff amendment to comply with the FCC intrastate benchmarking requirements and the Commission's *Entry*.

Ordering paragraph 5 of the Commission's Order directs local exchange carriers to file an application with the Commission including supporting calculations for the proposed transitional intrastate rates. On June 26, 2008, Granite submitted its switched exchange access tariff, P.U.C.O. Tariff No. 2, in Case Nos. 08-0765-TP-ATA and 90-9272-TP-TRF. This tariff contains a composite intrastate switched access rate that is already below the Company's composite interstate access rate for Ohio, as set forth in Granite's interstate tariff, FCC Tariff No. 1. Granite is already in compliance with the FCC's benchmarking requirements in Ohio, obviating the need for an additional application and tariff submission, accordingly.

Thank you for your attention to this matter. Questions concerning this filing may be directed to the undersigned.

Sincerely,

MILLER ISAR, INC.
