**Re: PIR 609 High Pressure Distribution Pipeline  
Replacement, (L#2472)  
Ohio Power Siting Board Case No. 12-1146-GA-BLN**

Dear Ms. Wissman and Ms. McCauly:

Dominion East Ohio Gas Company ("DEO") filed a Letter of Notification for authority to replace approximately 7,300 feet of 8-inch Line #6199 with approximately 7,300 feet of 12-inch high pressure ("HP") L#2472. This pipeline replacement (L#2472) is located entirely within Perry Township, Stark County, Ohio.

The new pipeline will be coated and cathodically protected with anodes. Pipe replacement shall be a "lift & lay" installation within existing 60 and 90 foot Dominion easements with a small portion perpendicularly crossing a Wheeling and Lake Erie Railroad right-of-way. Construction will be limited to the right-of-way and the impact will be temporary. The construction is anticipated to begin in May 2012 and to end in October 2012. After all the work is completed, grades will be returned to preconstruction contours.

Dominion East Ohio has submitted payment of \$2,000 in accordance with Ohio Administrative Code Rule 4906-6-11(I) so that the Letter of Notification will be considered on an expedited basis. If you have any questions please call at the number listed above.

Sincerely,

  
Sally W. Bloomfield
