Motion for protective order included with filing? ☐ Yes ☒ No

Motion for waiver(s) filed affecting this case? ☐ Yes ☒ No [Note: Waivers may toll any automatic timeframe.]

**Notes :**

Section I and II are Pursuant to Chapter 4901:1-6 OAC.

Section III – Carrier to Carrier is Pursuant to 4901:1-7 OAC, and Wireless is Pursuant to 4901:1-6-24 OAC.

Section IV – Attestation.

(1) Indicate the Carrier Type and the reason for submitting this form by checking the boxes below.

(2) For requirements for various applications, see the identified section of Ohio Administrative Code Section 4901 and/or the supplemental application form noted.

(3) Information regarding the number of copies required by the Commission may be obtained from the Commission's web site at [www.puco.ohio.gov](http://www.puco.ohio.gov) under the docketing information system section, by calling the docketing division at 614-466-4095, or by visiting the docketing division at the offices of the Commission.

(4) An Incumbent Local Exchange Carrier (ILEC) offering basic local exchange service (BLES) outside its traditional service area should choose CLEC designation when proposing to offer BLES outside its traditional service area or when proposing to make changes to that service.

**All Filings that result in a change to one or more tariff pages require, at a minimum, the following exhibits.**

Exhibit	Description:
A	The tariff pages subject to the proposed change(s) as they exist before the change(s)
B	The Tariff pages subject to the proposed change(s), reflecting the change, with the change(s) marked in the right margin.
C	A short description of the nature of the change(s), the intent of the change(s), and the customers affected.
D	A copy of the notice provided to customers, along with an affidavit that the notice was provided according to the applicable rule(s).

Section IV. – Attestation

Registrant hereby attests to its compliance with pertinent entries and orders issued by the Commission.

**AFFIDAVIT**

***Compliance with Commission Rules***

I am an officer/agent of the applicant corporation, The Champaign Telephone Company, and am authorized to make this statement on its behalf:

Preston Powell  
(Name)

Please Check ALL that apply:

☒ I attest that these tariffs comply with all applicable rules for the state of Ohio. I understand that tariff notification filings do not imply Commission approval and that the Commission's rules as modified and clarified from time to time, supersede any contradictory provisions in our tariff. We will fully comply with the rules of the state of Ohio and understand that noncompliance can result in various penalties, including the suspension of our certificate to operate within the state of Ohio.

☐ I attest that customer notices accompanying this filing form were sent to affected customers, as specified in Section II, in accordance with Rule 4901:1-6-7, Ohio Administrative Code.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on (Date) 4/5/2012 at (Location) Urbana, Ohio

\*(Signature and Title)

Preston Powell  
President / GM

(Date)

4/5/2012

- This affidavit is required for every tariff-affecting filing. It may be signed by counsel or an officer of the applicant, or an authorized agent of the applicant.

**VERIFICATION**

I, Judy Christiansen verify that I have utilized the Telecommunications Filing Form for most proceedings provided by the Commission and that all of the information submitted here, and all additional information submitted in connection with this case, is true and correct to the best of my knowledge.

\*(Signature and Title)

Judy Christiansen, Consultant

**EXHIBIT B**  
**(Proposed Tariff Sheets)**

---

INTRASTATE  
ACCESS SERVICE TARIFF  
REGULATIONS, RATES AND CHARGES

Voice Over Internet Protocol – Public Switched Telephone Network Factor

(N)

**General:**

The following prospective Intercarrier Compensation ("ICC") framework shall apply to Voice over Internet Protocol ("VoIP") – Public Switched Telephone Network ("PSTN") traffic that would otherwise be subject to Champaign Telephone Company's ("Company") terminating intrastate toll access charges. This framework is being established solely as a result of the Report and Order and Further Notice of Proposed Rulemaking, FCC 11-161, released November 18, 2011 (the "Report and Order") by the Federal Communications Commission ("FCC") and the FCC's Order, DA 12-147, released February 3, 2012.

The filing of this section by the Company is not and may not be used as an admission that the prior ICC frameworks applicable to the assessment of access charges to intrastate traffic originated on or terminated to the Company's network do not apply.

The Company retains the right to alter the terms and conditions of this section in order to conform to the requirements of the Report and Order, including any and all changes that may be made to the ICC structure adopted by the FCC in the Report and Order.

**Scope:**

The terms of this section shall only apply to traffic that a Customer, in good faith, demonstrates to be within the definition of "Intrastate Toll VoIP-PSTN Traffic."

For purposes of apply the definition of Intrastate Toll VoIP-PSTN Traffic, the following shall apply:

The term "Intrastate Toll" means traffic involving calling and called end users, both of which are identified as being located in the State of Ohio, one of which is identified as being located outside of the local calling area of the Company, and the other of which is a Company end user identified as being located within the local calling area. The determination of Intrastate Toll shall be made through the application of the traffic identification provisions of this Tariff and those that may exist in the Company's then effective interstate tariff, NECA Tariff F.C.C. No. 5, (including provisions related to Percent Interstate Use) or through some other negotiated traffic identification arrangements included in an interconnection agreement between the Customer and the Company.

The term "VoIP" means traffic that is originated by or terminated to an end user in Internet Protocol format, i.e., calls that utilize Internet protocol-compatible customer premises equipment.

The term "PSTN" means traffic that, regardless of the originating or terminating format used by the Customer and Company, is exchanged between the Customer and the Company in Time Division Multiplexing format.

(N)

---

INTRASTATE  
ACCESS SERVICE TARIFF  
REGULATIONS, RATES AND CHARGES

**Establishment of the Percent VoIP Usage Factor:**

(N)

Should the Customer desire to avail itself of the provisions of this section, the Customer shall first provide to the Company a factor for Intrastate Toll VoIP-PSTN Traffic identified through the application of the "Scope" section, above (the "Percent VoIP Usage" or "PVU" factor).

No Customer shall provide a PVU factor without the ability to promptly supply traffic studies or other reasonable analyses prepared in good faith to demonstrate the accuracy of the PVU factor.

Timing of and procedures applicable to the update of a PVU factor by a Customer shall be governed by the provisions applicable to updating of a Percent Interstate Usage as contained in this Tariff or in the Company's interstate exchange access tariff (NECA Tariff F.C.C. No. 5).

Timing of and procedures applicable to an audit by the Company of a Customer's PVU factor shall be governed by the audit provisions applicable to the Percent Interstate Usage as contained in this Tariff or in the Company's interstate exchange access tariff (NECA Tariff F.C.C. No. 5). Notwithstanding anything to the contrary set forth herein, upon reasonable request by the Company, a Customer shall promptly provide the Company with the Customer's traffic studies or other reasonable analyses that demonstrate the accuracy of the PVU factor.

Provided that the Customer has not already included such traffic in its PVU factor calculation, in the event that the Company provides service to its end users via Internet Protocol-capable customer premises equipment, the Company shall report to the Customer the percentage of its end users that utilize such an arrangement and shall apply such percentage to the total Intrastate Toll traffic and rate such traffic in a manner consistent with the "Application of the PVU Factor" section, below.

**Application of the PVU Factor:**

Although subject to the dispute provisions of this Tariff or in the Company's interstate exchange access tariff (NECA Tariff F.C.C. No. 5) and treated as intrastate jurisdictional traffic by the Company, traffic delivered to the Customer or received from the Customer for termination on the Company's network that is determined to be Intrastate Toll VoIP-PSTN Traffic by application of the PVU factor shall be subject to the lower of then applicable interstate access rates and rate structure established by the Company or the Company's corresponding then existing intrastate access rates.

Any dispute arising from the provisions of this section shall be subject to the dispute provisions of this Tariff. Notwithstanding any provision to the contrary, should a dispute arise under this section regarding the level of the reported PVU factor, until such time as such dispute is resolved, the Customer shall pay the Company the applicable interstate access rate for the Intrastate Toll VoIP-PSTN Traffic that is subject to the dispute based on the Customer's reported PVU factor. True-ups of charges by the Company shall be based on the resolution of the dispute along with applicable interest as provided for in the dispute provisions of this Tariff or the Company's interstate exchange access tariff (NECA Tariff F.C.C. No. 5)..

(N)

## EXHIBIT C

The Applicant proposes to modify its Intrastate Access Service Tariff to add VoIP-PSTN provisions in accordance with the Federal Communications Commission's ("FCC") Report and Order and Further Notice of Proposed Rulemaking, FCC 11-161, released November 18, 2011, and the FCC's Order, DA 12-147, released February 3, 2012.
