Waiver: ☐ Approval ☐ Disapproval ☒ Not Applicable

Summary of Staff Recommended Conditions (see report text for discussion):

- **None**

Projected Docket Closure Date (if automatically approved): 2 May 2014

Investigation Report

Project Description: This project involves the relocation of a single pole approximately 13 feet to the north of the existing location. The project is required to accommodate ODOT's installation of a new turn lane on Five Point Road.

Site Description: Land use in proximity to the project is comprised of institutional, agricultural and residential uses. Construction would be limited to existing easements; therefore, no new r-o-w is required. This project is located in Perrysburg Township, Wood County.

Discussion/Comments/Concerns: Adequate access is available for construction. No significant vegetative clearing is expected. The construction of this project should pose only minimal negative social and ecological impacts.

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
