Section 4928.64(B) of the Ohio Revised)

STIPULATION AND RECOMMENDATION

Ohio Administrative Code (OAC) Section 4901-1-30 provides that any two or more parties to a proceeding before the Public Utilities Commission of Ohio (Commission) may enter into a written stipulation covering the issues presented in that proceeding. This Stipulation and Recommendation (Stipulation) sets forth the understanding of Duke Energy Ohio, Inc. (Duke Energy Ohio or the Company), the Office of the Ohio Consumers' Counsel (OCC), the Commission Staff (Staff),¹ and the Ohio Environmental Council (OEC) (each of whom is a Signatory Party, and together constitute the Signatory Parties). The Signatory Parties recommend that the Commission approve and adopt, as part of its Opinion and Order, this Stipulation, which will resolve all of the issues in the above-captioned proceeding.

This Stipulation is a product of lengthy, serious, arm's-length bargaining among the Signatory Parties, who are all capable, knowledgeable parties, which negotiations were undertaken by the Signatory Parties to settle this proceeding and is not intended to reflect the views or proposals that any individual Party may have advanced acting unilaterally. This

¹ The PUCO Staff will be considered a party for the purpose of entering into this Stipulation. O.A.C. Sections 4901-1-10(C) and 4901-1-30.

Stipulation was negotiated among all parties to the proceeding. The Signatory Parties agree that this Stipulation is in the best interests of the public, and urge the Commission to adopt it.

This Stipulation is supported by adequate data and information; as a package, the Stipulation benefits customers and the public interest; represents a reasonable resolution of all issues in this proceeding; violates no regulatory principle or practice; and complies with and promotes the policies and requirements of Ohio Revised Code Chapter 4928. While this Stipulation is not binding on the Commission, it is entitled to careful consideration by the Commission, where, as here, it is sponsored by parties representing a wide range of interests.

Except for purposes of enforcement of the terms of this Stipulation, this Stipulation, the information and data contained therein or attached, and any Commission rulings adopting it, shall not be cited as precedent in any future proceeding for or against any Party or the Commission itself. The Signatory Parties' agreement to this Stipulation, in its entirety, shall not be interpreted in a future proceeding before this Commission as their agreement to only an isolated provision of this Stipulation. More specifically, no specific element or item contained in or supporting this Stipulation shall be construed or applied to attribute the results set forth in this Stipulation as the results that any Party might support or seek, but for this Stipulation in these proceedings or in any other proceeding. This Stipulation is a reasonable compromise involving a balancing of competing positions and it does not necessarily reflect the position that one or more of the Signatory Parties would have taken if these issues had been fully litigated.

This Stipulation is expressly conditioned upon its adoption by the Commission in its entirety and without material modification. If the Commission rejects or materially modifies all or any part of this Stipulation,² each and every Signatory Party shall have the right, within thirty

² Any Signatory Party has the right, at its sole discretion, to determine what constitutes a "material" change for the purposes of that Party withdrawing from the Stipulation.

days of issuance of the Commission's Order, to file an application for rehearing or to terminate and withdraw the Stipulation by filing a notice with the Commission. The Signatory Parties agree they will not oppose or argue against any other Party's notice of termination or application for rehearing that seeks to uphold the original, unmodified Stipulation. If, upon rehearing, the Commission does not adopt the Stipulation in its entirety and without material modification, any Party may terminate and withdraw from the Stipulation. Termination and withdrawal from the Stipulation shall be accomplished by filing a notice with the Commission, including service to all Signatory Parties, in this proceeding within thirty days of the Commission's Order or ruling on rehearing that does not adopt the Stipulation in its entirety and without material modification. Other Signatory Parties to this Stipulation agree to not oppose the termination and withdrawal of the Stipulation by any other Party. Upon the filing of a notice of termination and withdrawal, the Stipulation shall immediately become null and void.

Prior to the filing of such a notice, the Party wishing to terminate agrees to work in good faith with the other Signatory Parties to achieve an outcome that substantially satisfies the intent of the Stipulation and, if a new agreement is reached that includes the Party wishing to terminate, then the new agreement shall be filed for Commission review and approval. If the discussions to achieve an outcome that substantially satisfies the intent of the Stipulation are unsuccessful in reaching a new agreement that includes all Signatory Parties to the present Stipulation, the Commission will convene an evidentiary hearing such that the Signatory Parties will be afforded the opportunity to present evidence through witnesses and cross-examination, present rebuttal testimony, and brief all issues that the Commission shall decide based upon the record and briefs as if this Stipulation had never been executed.

WHEREAS, this Stipulation represents a serious compromise of complex issues and involves substantial benefits that would not otherwise have been achievable; and

WHEREAS, the Signatory Parties believe that the agreements herein represent a fair and reasonable solution to the issues raised in the case set forth above concerning Duke Energy Ohio's Application for approval of its 2010 advanced and renewable energy baseline and benchmarks pursuant to 4928.64(B) of the Ohio Revised Code, and

WHEREAS, OCC and OEC filed timely interventions in this proceeding;

THEREFORE, it is agreed that:

1. The Parties agree that the baseline for purposes of calculating Duke Energy Ohio's annual compliance obligation for 2010 will be computed based upon the Company's unadjusted baseline as set forth in its initial filing of 19,812,520 megawatt-hours (MWHs).
2. The Parties agree that the Company's 2010 compliance obligations, using the statutory benchmarks and the Company's unadjusted baseline are as follows:

Ohio Solar – 991MWHs

Non-Ohio Solar – 990 MWHs

Ohio Renewables – 48,541 MWHs

Non-Ohio Renewables - 48,540 MWHs.
3. The Parties agree that the Company's 2009 shortfall of 92 Ohio solar MWHs, when added to the Company's 2010 Ohio solar requirement of 991 MWHs, results in a total 2010 Ohio solar requirement of 1,083 and increases the Company's overall 2010 solar requirement to 2,073 MWHs.³

³ 991 MWHs + 990 MWHs + 92 MWHs = 2,073 MWHs

4. The Parties agree that Duke Energy Ohio shall transfer the following quantities of renewable energy certificates (RECs) to its GATS reserve sub-account for 2010 Ohio compliance purposes:

97,081 RECs

2,073 Solar RECS
5. The Parties agree that such transfer by Duke Energy Ohio shall occur within 45 days of the Commission's final order in this proceeding, with the RECs and solar RECs transferred matching the data that Duke Energy Ohio previously provided to Staff.
6. The Parties agree that for future compliance years in which Duke Energy Ohio is utilizing GATS to demonstrate its Ohio compliance efforts, Duke Energy Ohio shall initiate the transfer of the appropriate RECs and solar RECs to its GATS reserve subaccount between March 1st and April 15th so as to precede the filing of its Ohio annual compliance status report with the Commission.

This Stipulation is submitted for purposes of this proceeding only and is not deemed binding with respect to related issues that may arise in any other proceeding, except that the agreed terms set forth in this Stipulation, if the Commission approves the Stipulation without material modification, are not to be disputed or re-litigated by any Signatory Party in any subsequent proceeding. Nothing herein shall preclude a Party from actively participating in any other case involving Duke Energy Ohio before the Commission. As with such stipulations reviewed by the Commission, the willingness of Signatory Parties to sponsor this document currently is predicated on the reasonableness of the Stipulation taken as a whole.

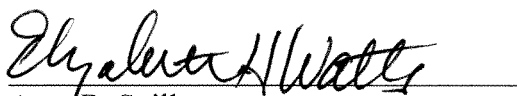

IN WITNESS THEREOF, the undersigned parties agree to this Stipulation and Recommendation as of this 17th day of April, 2012. The undersigned parties respectfully request the Commission to issue its Opinion and Order approving and adopting this Stipulation.
